To begin with, we must dismiss the idea that Celtica was ever inhabited by a single pure and homogeneous race. The true Celts, if we accept on this point the carefully studied and elaborately argued conclusion of Dr T Rice Holmes, supported by the unanimous voice of antiquity, were a tall, fair, warlike and masterful race whose place of origin, as far as we can trace them, was somewhere about the sources of the Danube, and who spread their dominion both by conquest and by peaceful infiltration over Mid Europe, Gaul, Spain, and the British Islands. They did not exterminate the original prehistoric inhabitants of these regions, palaeolithic and neolithic races, dolmen builders and workers in bronze, but they imposed on them their language, their arts, and their traditions, taking no doubt a good deal from them in return, especially as we shall see in the important matter of religion. Among these races, the true Celts formed an aristocratic and ruling caste. In that capacity, they stood alike in Gaul, in Spain, in Britain, and in Ireland, in the forefront of armed opposition to foreign invasion. They bore the worst brunt of war, of confiscations, and of banishment. They never lacked valour, but they were not strong enough, or united enough, to prevail, and they perished in far greater proportion than the earlier populations whom they had themselves subjugated. But they disappeared also by mingling their blood with these inhabitants, whom they impregnated with many of their own noble and virile qualities. Hence it comes that the characteristics of the peoples called Celtic in the present day, and who carry on the Celtic tradition and language, are in some respects so different from those of the Celts of classical history, and the Celts who produced the literature and art of ancient Ireland, and in others so strikingly similar. To take a physical characteristic alone, the more Celtic districts of the British Islands are at present marked by darkness of complexion, hair, etc. They are not very dark, but they are darker than the rest of the kingdom. But the true Celts were certainly fair. Even the Irish Celts of the twelfth century are described by Giraldus Cambrensis as a fair race.      Myths

history the literature and the art of the people inhabiting the British Islands a people which from that centre has spread its dominions over so vast an area of the earth s surface has been unduly obscured in popular thought For this the current use of the term Anglo Saxon applied to the British people as a designation of race is largely responsible Historically the term is quite misleading There is nothing to justify this singling out of two Low German tribes when we wish to indicate the race character of the British people About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
