Theorizing Self in Samoa Jeannette Marie Mageo, 2025-10-01 *Theorizing Self in Samoa* develops a new theory of the self in culture through a psychological and historical ethnography of Samoa As in many non Western cultures Samoan understandings of the self are more sociocentric accentuating the social roles that people play than egocentric emphasizing individual interior feelings and perceptions Yet in Samoa as in any culture aspects of the self that are not emphasized in cultural explanations of personhood continually reappear and must somehow be accounted for Jeannette Marie Mageo argues that all cultures attempt to encompass these stray experiences of the self within a discursive system She introduces a way of charting human development through cultural discourses which helps reveal how emotion gender and sexuality are constructed in Samoan society and other cultures including our own The second half of the book explores the effects of cultural contact and colonialization on the innermost experience of cultural subjects With its long ethnographic record Samoa provides a unique opportunity to consider the dialectic between historical change and personal experience opening a perspective on the ways in which cultural history is forever leaving its fingerprints upon human lives *Theorizing Self in Samoa* marks out important territory for psychological anthropology and students of Oceania and will appeal also to students and scholars in cultural studies women s studies and history Jeannette Marie Mageo is Associate Professor of Anthropology Washington State University

Cultural Memory Jeannette Marie Mageo, 2001-02-01 How do foreign schemas and objects enter into indigenous ways of understanding the world How are the cultural self and the cultural other constructed in acts of remembering What is memory s role in the generation or degeneration of cultural meanings In contemporary Pacific societies these questions are not merely the subject of scholarly debate but speak to pressing life concerns This volume offers fruitful responses to such questions providing insights into colonial memory and its limitations and proposing explanations that illumine cultural memory processes These processes in turn elucidate ways of authoring cultural history and shed light on cultural identity which like other forms of identity is built from a remembered self Contributors explore valorizations of certain aspects of the remembered past amnesias about other aspects Both are part of the rhetoric of colonizing cultures and of cultural identity and nationhood in many contemporary Pacific societies The provocative analyses and responses offered here are both academic and personal close engagement with individuals and their ways of life is evident These are at once intellectual journeys through the colonial landscapes of Pacific memory and attempts to understand the problems of politics and personhood cultural identity and meaning for real people in real places *Cultural Memory* confronts many of the most central anthropological issues of our time

Bibliography Lowell Don Holmes, 1984 **Science-Christianity and Church Activities in the Samoan Islands** Fuimaono Fini Aitaoto, 2024-03-05 Following up on his first two books on Church events and the history of the Assembly of God Church in American Samoa, author Fuimaono Fini Aitaoto delves deeper into new science discoveries as they relate to Christianity. If you're interested in Church-related events on the Samoan Islands during the early twenty-first century, then you need this book. There are no known local sources on the progress of the various churches in the Samoan islands during this period, and this book provides updated information to fill that void. This book is geared mainly for Bible college students and researchers, and the author explores issues including traditions, translations, Climate Change, law and politics. His contemporary perspectives and commentaries provide an inclusive and deeper examination of church operations within the Samoan Islands and Samoan churches abroad. **Whispers and Vanities** Tamasailau M. Suaalii-Sauni, Maualai'vao Albert Wendt, Naomi Fuamatu, Upolu Luma Va'ai, Reina Whitiri, Stephen L. The address challenges some fundamental aspects of and assumptions in modern Samoan indigenous religious culture. The essays and poetry form a carefully woven critique from within and outside Samoa of aspects of Samoa's religious and cultural values. **The Bible in Folklore Worldwide** Eric Ziolkowski, 2023-12-31 The Bible in Folklore Worldwide, a two-volume illustrated Handbook, provides readers with original studies of the reception of the Bible in the folklores of different cultures around the world.
