Myths about China Marte Kjær Galtung, Stig Stenslie, 2014-11-13 Communism is dead in China China Inc is buying up the

world China has the United States over a barrel The Chinese are just copycats China is an environmental baddie China is colonizing Africa Mao was a monster The end of the Communist regime is near The 21st century belongs to China Or does it

Marte Kj r Galtung and Stig Stenslie highlight 49 prevalent myths about China s past present and future and weigh their truth or fiction Leading an enlightening and entertaining tour the authors debunk widespread knowledge about Chinese culture society politics and economy In some cases Chinese themselves encourage mistaken impressions But many of these myths are really about how we Westerners see ourselves inasmuch as China or the Chinese people are depicted as what we are not Western perceptions of the empire in the East have for centuries oscillated between sinophilia and sinophobia influenced by historical changes in the West as much as by events in China This timely and provocative book offers an engaging and compelling window on a rising power we often misunderstand [China and Japan](#) Donald Alexander Mackenzie,1994

The Japanese Informal Empire in China, 1895-1937 Peter Duus,Ramon H. Myers,Mark R. Peattie,2025-03-11 Volume two of the acclaimed three volume series on modern Japanese colonialism and imperialism This book brings together essays by leading experts on the history of Japan to examine the period from 1895 to 1937 when Japan s economic social political and military influence in China expanded so rapidly that it supplanted the influence of competing Western powers They discuss how Japan

s informal empire emerged in China after Japan entered the Treaty Port system in 1895 and how it shaped Japan's own internal development How did Japan's informal empire expand in size and importance so that Japanese economic and security interests became heavily dependent on China What influence did Japanese business groups China experts and military have on their government's China policy How did the Japanese in China deal with the threatening rise of Chinese nationalism Exploring these and other questions these essays show how the pursuit of an informal empire in China played a profound role in the emergence of modern Japan The contributors are Banno Junji Barbara J Brooks Alvin D Coox Peter Duus Albert Feuerwerker Kitaoka Shin-ichi Sophia Lee Mizoguchi Toshiyuki Ramon H Myers Nakagane Katsuji Mark R Peattie Douglas R Reynolds and William D Wray This is the second volume of a series on modern Japanese colonialism and imperialism Volume one is *The Japanese Colonial Empire 1895-1945* Volume three is *The Japanese Wartime Empire 1931-1945* China And Southeast Asia: Myths, Threats, And Culture Gungwu Wang, 1999-05-06 The reemergence of China as a political force has triggered sharp reassessments of its future role in the Asia Pacific region There has been much hyperbole about China's economic power especially if it is linked with the entrepreneurial talents of the ubiquitous Chinese spread around the globe Some countries have been encouraged to sound warning bells about China's future ambitions to dominate the region All this is not surprising even understandable But the danger of exaggeration to the point where efforts to predict what China and the Chinese will do become merely alarmist and the predictions become self-fulfilling has to be guarded against There is no easy remedy for deep-seated suspicion and hostility leading to persistent attempts to mislead and provoke The recent financial crisis in East Asia has aggravated some worst case scenarios and these may bring additional worries to the region's plans for ultimate recovery The three essays in this volume focus on some areas where myths and prejudices have long survived They offer different perspectives and suggest alternative ways to approach certain problems of understanding China's relations with Southeast Asia **The Dragon in China and Japan** Marinus Willem de Visser, 1913

Myths & Legends of Japan Frederick Hadland Davis, 1920 Myths and Legends of Japan F. Hadland Davis, 2012-06-28 The most popular myths and legends of gods heroes and warriors Buddha the goddess Benten and the god Daikoku and many more Handsomely illustrated with 32 full page plates **Japan's Relations With China** Peng Er Lam, 2006-04-18 The essays in this collection examine Sino-Japanese political relations given the phenomenon of a rising China and a stagnating Japan Questioning whether their relationship is one of cooperation or conflict the book reviews China and Japan's bilateral ties to see whether they have deepened and broadened despite differences in outlook national interest and political systems Adding a new perspective to the Sino-Japanese political relations discussion the book looks beyond the interactions of central governments to examine the role of NGOs local governments and sub-regional linkages The contributors adopt a range of analytical approaches and explore case studies including the Taiwan issue Japanese Official Development Policy towards China and joint fishery management in the East China Sea With perspectives from the US Russia

and Malaysia the book yields new insights into this complex and multifaceted relationship and is a welcome addition to the current literature
