# Myths Of The New World 1905

**St. Louis Public Library**

## **Myths Of The New World 1905:**

Myths of Pre-Columbian America Donald Alexander Mackenzie, 1978

**New Myth, New World** Bernice Glatzer

Rosenthal, 2010-11-01 The Nazis use and misuse of Nietzsche is well known The Superman the will to power Nietzsche's equation of bourgeois democracy and decadence and his denigration of reason were staples of Nazi propaganda Communists also used and misused Nietzsche but that fact is largely unknown because Soviet propagandists invoked reason and labeled Nietzsche the philosopher of fascism even while covertly appropriating his ideas In this pioneering book Bernice Glatzer Rosenthal excavates the trail of long obscured Nietzschean ideas that took root in late Imperial Russia intertwining with other elements in the culture to become a vital ingredient of Bolshevism and Stalinism Nietzsche made a difference He furnished intellectual ammunition for a prolonged conflict about culture society and politics that began around the turn of the century His first Russian admirers were poets philosophers and political activists They responded to the changes transforming their society by espousing new values and seeking a new faith by which to live and work This response resulted in new aesthetic and political amalgams such as Symbolism Futurism Nietzschean Christianity and Nietzschean Marxism The ensuing debates between and among their partisans reverberated throughout the wider culture and therefore also into Bolshevism becoming the subject of an uninterrupted polemic between Bolsheviks and non Bolsheviks and among Bolsheviks that continued into the 1930s In Stalin's time unacknowledged Nietzschean ideas were used to mobilize the masses for the great tasks of the first Five Year Plan and the Cultural Revolution which was intended to eradicate bourgeois values and attitudes from Soviet life and to construct a distinctly Socialist culture Nietzsche's belief that people need illusions to shield them from reality underlay Socialist Realism the official Soviet aesthetic from 1934 on In the aftermath of de Stalinization the government cast Nietzsche as the personification of bourgeois nihilism and bourgeois individualism Soviet intellectuals wishing to reappropriate their lost cultural heritage discovered the Nietzsche influenced intellectuals of late Imperial Russia and reopened discussion on the issues they had posed More than an exercise in historical rediscovery **New Myth New World** offers a new interpretation of modern Russian history By uncovering the buried influence of Nietzschean ideas on Soviet culture and politics Rosenthal opens new avenues for understanding Soviet ideology and its influence on the twentieth century

**Not at All What One Is Used To** Marian Janssen, 2010-12-31 Born in 1915 to one of New England's elite wealthy families Isabella Gardner was expected to follow a certain path in life one that would take her from marriageable debutante to proper society lady But that plan was derailed when at age eighteen Isabella caused a drunk driving accident Her family to shield her from disgrace sent her to Europe for acting studies not foreseeing how life abroad would fan the romantic longings and artistic impulses that would define the rest of Isabella's years In **Not at All What One Is Used To** author Marian Janssen tells the story of this passionate troubled woman whose career as a poet was in constant compromise with her wayward love life and her impulsive and reckless character Life took Gardner from the theater world of the 1930s

and 40s to the poetry scene of the 50s and 60s to the wild bohemian art life of New York's Hotel Chelsea in the 70s She often followed where romance rather than career led her At nineteen she had an affair with a future president of Ireland then married and divorced three famous American husbands in succession Turning from acting to poetry Gardner became associate editor of Chicago's Poetry magazine and earned success with her best received collection Birthdays from the Ocean in 1955 Soon after her life took a turn when she met the southern poet Allen Tate He was married to Caroline Gordon but left her to wed Gardner who moved to Minneapolis and gave up writing to please him but after a few short years Tate fell for a young nun and abandoned her In the liveliest of places at the right times Gardner associated with many of the most significant cultural figures of her age including her cousin Robert Lowell T S Eliot Ludwig Mies van der Rohe Virgil Thomson Tennessee Williams and Robert Penn Warren But famous connections could never save Isabella from herself Having abandoned her work she suffered through alcoholism endured more failed relationships and watched the lives of her children unravel fatally Toward the end of her life though she took her pen back up for the poems in her final volume Redeemed by her writing Gardner died alone in 1981 just after being named the first poet laureate of New York State Through interviews with many Gardner intimates and extensive archival research author Marian Janssen delves deep into the life of a woman whose poetry according to one friend probably saved her sanity Much more than a biography Not at All What One Is Used To is the story of a woman whose tumultuous life was emblematic of the cultural unrest at the height of the twentieth century

Annual Report of the Trustees of the Groton Public Library Groton Public Library,1907      **Annual Report of the Board of Trustees of the Public Museum of the City of Milwaukee** Milwaukee Public Museum,1906      **Animal Motifs in Asian Art** Katherine M. Ball,2014-07-28 Highly readable authoritative reference rich with sidelights from literature and legend explains animal symbolism in art of the Far East The 673 black and white illustrations depict dragons tigers bats butterflies elephants and other creatures      **News Notes of California Libraries** California State Library,1915 Vols for 1971 include annual reports and statistical summaries      Nelson's Perpetual Loose-leaf Encyclopaedia John Huston Finley,1909      **The Mythology of All Races: North American, by H. philosophical psychological sociological semiological and cognitivist on myth To the insider myths contain truth revelation and a history of ourselves to the outsider a culture's myths can be seen as the product of foolish infantile and wishful thinking Myths tell us about specific cultures about human creativity and how narrative shapes and reflects understanding The Reader is an invaluable resource for students and scholars interested in the impact of narrative on human culture and the meaning of truth in religious language Huron and Wyandot Mythology Marius Barbeau, 1915 Memoir Geological Survey of Canada, 1915 *Memoir - Geological Survey of Canada*, 1915 **The Psychoanalytic Quarterly** Dorian Feigenbaum, Bertram David Lewin, Gregory Zilboorg, Frankwood Earl Williams, 1932 Primitive high gods by Geza R. Heimerl v 3 no 1 pt 2 133 p Spirits of Blood, Spirits of Breath Barbara Alice Mann, 2016-01-06 Before invasion Turtle Island or North America was home to vibrant cultures that shared long standing philosophical precepts The most important and wide spread of these was the view of reality as a collaborative binary known as the Twinned Cosmos of Blood and Breath This binary system was built on the belief that neither half of the cosmos can exist without its twin Both halves are therefore necessary and good Western anthropologists typically shorthand the Twinned Cosmos as Sky and Earth but this erroneously saddles it with Christian baggage and worse imposes a hierarchy that puts sky quite literally above earth None of this Western ideology legitimately applies to traditional Indigenous American thought which is about equal cooperation and the continual recreation of reality Spirits of Blood, Spirits of Breath examines traditional historical concepts of spirituality among North American Indians both at and to the extent it can be determined before contact In doing so Barbara Alice Mann rescues the authentically indigenous ideas from Western and especially missionary interpretations In addition to early European source material she uses Indian oral traditions traced as much as possible to their earliest versions and sources and Indian records including pictographs petroglyphs bark books and wampum Moreover Mann respects each Indigenous culture as a discrete unit rather than generalizing them as is often done in Western anthropology To this end she collates material in accordance with actual historical linguistic and traditional linkages among the groups at hand with traditions clearly identified by group and where recorded by speaker In this way she provides specialists and non specialists alike a window into the purportedly lost and often caricatured world of Indigenous American thought
