This handsome landscape style hardback contains nearly 400 illustrations and photos from the incredible career of Final Fantasy designer Yoshitaka Amano. From animator to illustrator to internationally exhibited painter, this biography is a look not only into the work of Amano's life but the influences, techniques, philosophy, and family that have nurtured it.

Russell Hoban Graeme Wend-Walker, 2025-09-26 Spanning more than half a century, Russell Hoban's celebrated literary career won him critical accolades and legions of admirers across multiple genres. Many know him from the groundbreaking masterpiece *Riddley Walker* with its twelve-year-old protagonist contemplating what the idea of us might be from amidst the ruins of civilization. Others know Hoban from the genre-defying *The Mouse and His Child* or from idiosyncratic novels of floundering Londoners. Still others fondly recall Frances the Badger's refusal to go to bed or share Emmet Otter with their children at Christmas. This book, the first consideration of Russell Hoban's literary career as a whole, explores what binds these seemingly disparate works together. Discovering unexpected patterns between books written from what one character describes as a perpetual state of surprise, this critical study also draws on Hoban's biography from his formation as an artist under the influence of jazz in New York to the upheaval of his self-reinvention as a writer as it offers its own reflection on what the idea of Russell Hoban might be.
