Burge, 2023-02-23 Surreal vivid haunting mischievous visionary Lauren Elkin *Drifts* is a stunning achievement. It invites us to see the world differently as if through a kaleidoscope for the first time. Hassan Melehy: This is wonderful, we encounter not only the Gulf War and the falling Twin Towers of Manhattan but also London, Bahrain, Texas, Dhahran, souqs, sandstorms, slantways, Arabic and cats with weeping eyes. Read on. *Drift* on John Schad. Natasha Burge was born and grew up in Saudi Arabia where her family lived for more than half a century. Through various departures and returns a year at boarding school in New England, university in London, a small town in Texas where there are more cows than people, back to work in Bahrain, the years of difficulty, isolation and severe anxiety take their toll. Finally at 37 years old she received the life-changing news that she is autistic. In this striking exploration of identity and place, Burge probes these intertwined strands of her being: what it means to grow up at the interstices of different cultures and what it is to experience unrecognised neurodivergence and a late diagnosis of autism. From the cosmopolitan heritage of Muharraq's Pearling Path to the jebels of Saudi Arabia's Eastern Province, Burge charts a new course through the stories of the Arabian Gulf and the myths surrounding autism. The result is a work of dazzling insight, sensitivity and awareness.      *Cultural Heritage in the Arabian Peninsula* Karen Exell, Trinidad

Rico, 2016-04-22 Heritage projects in the Arabian Peninsula are developing rapidly. Museums and heritage sites are symbols of shifting national identities and a way of placing the Arabian Peninsula states on the international map. Global i.e. Western heritage standards and practices have been utilised for the rapid injection of heritage expertise in museum development and site management and for international recognition. The use of Western heritage models in the Arabian Peninsula inspires two key areas for research which this book examines: the obscuring of indigenous concepts and practices of heritage and expressions of cultural identity and the tensions between local community concepts of heritage and identity and the new national identities being constructed through museums and heritage sites at a state level.      **Macro-engineering Seawater**

**in Unique Environments** Viorel Badescu, Richard Cathcart, 2011-02-09 The subjects refer to histories of ancient and modern use of seacoasts, possible macro projects capable of massive changes in the coastlines of the Dead Sea, Red Sea and Persian Gulf caused by canal and massively scaled hydropower dam installations, relevant macro projects for the Black Sea and Baltic Sea, possibilities of refreshment of the Aral Sea and Iran's Lake Urmia with seawater or river freshwater importation, macro projects, potential rehabilitation of some vital arid zone regions now dominated by moving or movable surface granular materials using unique and unusual macro projects, seawater flooding of land regions situated below present day global sea level, harnessing energy and obtaining freshwater from the world's salt-laden ocean by modern industrial means, various macro projects designed specifically for the protection/reduction of vulnerability of particular Earth geographical regions.

**Tribal Modern** Miriam Cooke, 2014-01-21 In the 1970s one of the most torrid and forbidding regions in the world burst on to the international stage. The discovery and subsequent exploitation of oil allowed tribal rulers of the U.A.E., Qatar, Bahrain,

and Kuwait to dream big How could fishermen pearl divers and pastoral nomads catch up with the rest of the modernized world Even today society is skeptical about the clash between the modern and the archaic in the Gulf But could tribal and modern be intertwined rather than mutually exclusive Exploring everything from fantasy architecture to neo tribal sports and from Emirati dress codes to neo Bedouin poetry contests Tribal Modern explodes the idea that the tribal is primitive and argues instead that it is an elite exclusive racist and modern instrument for branding new nations and shaping Gulf citizenship and identity an image used for projecting prestige at home and power abroad Tribalism and Political Power in the Gulf Courtney Freer, Alanoud al-Sharekh, 2021-09-23 Gulf societies are often described as being intensely tribal However in discussions of state building and national identity the role of tribalism and tribal identity is often overlooked This book analyses the political role of tribes in Kuwait Qatar and the UAE aiming to understand the degree to which tribes hinder or advance popular participation in government and to what extent they exert domestic political power The research traces the historical relationship between ruling elites and nomadic tribes and by constructing political histories of these states and analysing the role of tribes in domestic political life and social hierarchies reveals how they serve as major political actors in the Gulf A key focus of the book is understanding the extent to which societies in the Gulf have become re bedouinised in the modern era and how this has shaped these states political processes and institutions The book explores the roles that tribes play in the development of progressive citizenship regimes and policymaking today and how they are likely to be influential in the future within rentier environments Berlitz: Abu Dhabi Pocket Guide Berlitz, 2013-11-27 Berlitz Pocket Guide Abu Dhabi With an irresistible mix of great beaches world class hotels and fine dining Abu Dhabi is one of the jewels of the Middle East Inside Pocket Guide Abu Dhabi This concise full colour guide tells you everything you need to know about the emirate s best places to visit from the Corniche to the magnificent Sheikh Zayed Grand Mosque For this new edition our expert author also covers the city s new sights including the Central Souk and the HQ building the world s first circular skyscraper Handy maps help you find your way around The guide is full of ideas for enjoying this dazzling destination with our 10 top attractions in Abu Dhabi followed by an itinerary for a Perfect Day in the city as well as the lowdown on sports and outdoor activities shopping nightlife and entertainment and activities for children You ll get the essential background on Abu Dhabi s culture as well as carefully chosen listings of the best hotels and restaurants and an A Z of all the practical information you ll need About Berlitz Berlitz draws on years of travel and language expertise to bring you a wide range of travel and language products including travel guides maps phrase books language learning courses dictionaries and kids language products *Insight Guides Pocket Abu Dhabi (Travel Guide eBook)* Insight Guides, 2017-03-01 From its stunning Corniche to the grandiose and elaborate Emirates Palace Hotel to off roading in wadis and along desert plains Abu Dhabi has much to tempt the visitor Insight Pocket Guide Abu Dhabi is a concise full colour travel guide that combines lively text with vivid photography to highlight the best that the emirate has to offer Inside Abu Dhabi Pocket Guide Where To Go details all

**The Development of An Art History in the UAE** Sophie Kazan Makhoul,2024-10-15 This book draws together an oral and visual art history of a country that is extremely rich in culture and history but that is often overlooked or underestimated By observing the country s history and visual culture and the artistic practices of select artists from the UAE it considers the development of contemporary art from the UAE This will increase accessibility to art by Emiratis and underline its wider relevance There is a dearth of literature on contemporary art by Emiratis and this may be one of the reasons contemporary art from the UAE is under represented globally In order to help the reader better understand art from the UAE this book traces the country s historical make up its culture and contemporary art tradition through oral histories based on interviews with a wide variety of artists and people working in the art industries It also

explores this development using global art discourses that are relevant to art produced in the UAE today This book also considers how cultural and artistic identities are formed and explores the political and socio economic interests in the country that have stimulated art practices and appreciation For so long an exclusively Western narrative has dominated Art and popular media portrays the Gulf s accomplishments in development and modernity with suspicion Thanks to the UAE s espousal of the Internet and online communities over the last decade this book is particularly timely Following the pandemic a wider understanding of global art discourses values and perceptions are increasingly welcomed Art from the UAE bridges the local and the global giving a voice and a visual presence to a country s contemporary art tradition that has been widely overlooked The UAE has a distinct visual arts tradition that relates to a broader and inclusive understanding of art centered on development and change
