Nachala Pravoslaviia:

Alexei Khomiakov Artur Mrowczynski-Van Allen, Teresa Obolevitch, Pawel Rojek, 2019-07-10 Alexei Khomiakov 1804-1860 a great Russian thinker one of the founders of the Slavophile school of thought nowadays might be seen as one of the precursors of critical thought on the dangers of modern political ideas The pathologies that Khomiakov attributes to Catholicism and Protestantism authoritarianism individualism and fragmentation are today the fundamental characteristics of modern states of the societies in which we live and to a large extent of the alternatives that are brought forth in an attempt to counter them Khomiakov's works therefore might help us take on the challenge of rescuing Christian thought from modern colonization and offer a true alternative a space for love and truth the living experience of the church This book serves as a step on the path toward recovering the church's reflection on its own identity as sobornost as the community that is the living body of Christ and can be the next step forward toward recovering the capacity for thought from within the church

Good for the Souls Nadieszda Kizenko, 2021 This book brings Russia into the rich scholarly and popular literature on confession penance discipline and gender in the modern world and in doing so opens a key window onto church state and society

Intimate Empire Alexa von Winning, 2022 **Intimate Empire** tells the story of the Mansurovs a small noble family who played a momentous role in the Russian Empire as they struggled to reassert the country's importance on the global stage after their defeat in the Crimean War showing how three generations of a family advanced the intertwined causes of the Russian Empire and Orthodoxy

Window on the East Robert P. Geraci, 2001 Robert Geraci presents an exceptionally original account of both the politics and the lived experience of diversity in a society whose ethnic complexity has long been downplayed For centuries Russians have defined their country

as both a multinational empire and a homogeneous nation state in the making and have alternately embraced and repudiated the East or Asia as fundamental to Russia's identity. The author argues that the city of Kazan in the middle Volga region was the chief nineteenth century site for mediating this troubled and paradoxical relationship with the East much as St Petersburg had served as Russia's window on Europe a century earlier. He shows how Russians sought through science, religion, pedagogy and politics to understand and promote the Russification of ethnic minorities in the East as well as to define themselves. Vivid in narrative detail, meticulously argued and peopled by a colorful cast including missionaries, bishops, peasants, mullahs, professors, teachers, students, linguists, orientalists, archeologists and state officials, *Window on the East* uses previously untapped archival and published materials to describe the creation, sometimes intentional, sometimes unintentional, of intermediate and new forms of Russianness. **The Russian Orthodox Church and Modernity** Regina Elsner, 2021-10-20

The Russian Orthodox Church (ROC) faced various iterations of modernization throughout its history. This conflicted encounter continues in the ROC's current resistance against what it perceives as Western modernity, including liberal and secular values. This study examines the historical development of the ROC's arguments against and sometimes preferences for modernization and analyzes which positions ended up influencing the official doctrine. The book's systematic analysis of dogmatic treatises shows the ROC's considerable ability of constructive engagement with various aspects of the modern world. Balancing between theological traditions of unity and plurality, the ROC's today context of operating within an authoritarian state appears to tip the scale in favor of unity. **Revolutionary Biographies in the 19th and 20th**

Centuries Sandra Dahlke, Nikolaus Katzer, Denis Sdvizhkov, 2023-12-04. The volume contains selected contributions to the Max Weber Foundation's annual conference organised by the German Historical Institute Moscow. The contributors look at the crisis-ridden processes of modernity through the prism of individual biographies which manifest themselves in national and social, anti-imperial and de-colonial, global and regional movements. The contributions cover the Russian, Habsburg and Ottoman Empires, Germany, Italy, the USA, France, the Soviet Union, Iran, Poland, Turkey and Africa. They focus on transnational and trans-imperial life paths, networks and the imprints of the actors as well as forms of auto-biographical self-constitution and the political use of biographical narratives. **Orthodox Russia in Crisis** Isaiah Gruber, 2012-05-15. A pivotal period in

Russian history, the Time of Troubles in the early seventeenth century has taken on new resonance in the country's post-Soviet search for new national narratives. The historical role of the Orthodox Church has emerged as a key theme in contemporary remembrances of this time, but what precisely was that role? The first comprehensive study of the Church during the Troubles, *Orthodox Russia in Crisis* reconstructs this tumultuous time, offering new interpretations of familiar episodes while delving deep into the archives to uncover a much fuller picture of the era. Analyzing these sources, Isaiah Gruber argues that the business activity of monasteries played a significant role in the origins and course of the Troubles and that frequent changes in power forced Church ideologues to innovate politically, for example, inventing new justifications for

power to be granted to the people and to royal women These new ideas Gruber contends ultimately helped bring about a new age in Russian spiritual life and a crystallization of the national mentality The Making of Holy Russia John Strickland,2013-09-01 This book is a critical study of the interaction between the Russian Church and society in the late 19th and early 20th century While other studies exist that draw attention to the voices in the Church typified as liberal in the years leading up to the Revolution this work introduces a wide range of conservative opinion that equally strove for spiritual renewal and the spread of the Gospel Grounded in original research conducted in the newly accessible libraries and archives of post Soviet Russia this study is intended to reveal the wider relevance of its topic to an ongoing discussion of the relationship between national or ethnic identities on the one hand and the self understanding of Orthodox Christianity as a universal and transformative faith on the other The Fire Below Robert Bruce Ware,2013-05-13 This groundbreaking work examines the complex dynamics of Russia s relations with the Caucasus revealing the profound effects that Caucasian forces have had upon Russia s development Essays show how Georgian sparks ignited conflagrations in South Ossetia 1991 1992 and Abkhazia 1992 1993 spreading northward to conflicts in Ossetia and Ingushetia 1992 and Chechnya 1994 1996 Combined with jihadist influences that entered from the South and East by way of Dagestan these events culminated in the second Russo Chechen war 1999 2009 Chechnya transformed both the Russian military and the presidency of Vladimir Putin Beginning in 2000 Putin s Chechenization strategy had unforeseen and controversial results for the entire Russian Federation These ironies are elucidated in case studies of the Stavropol region the Sochi Olympics the Pussy Riot conviction and Russia s efforts to reintegrate religion with politics against the backdrop of an emerging Islamic inner abroad Neither Russia nor the Caucasus can be understood without an appreciation of their uneasy interconnection and its explosive consequences **The Iconostasis of Peter the Great in the Peter and Paul Cathedral in St Petersburg (1722-1729)** Julia Gerasimova,2004 Georges Florovsky and the Russian Religious Renaissance Paul L. Gavrilyuk,2014-02 This study offers a new interpretation of twentieth century Russian Orthodox theology by engaging the work of Georges Florovsky 1893 1979 especially his program of a return to the Church Fathers An Academy at the Court of the Tsars Nikolaos A. Chrissidis,2016-08-10 The first formally organized educational institution in Russia was established in 1685 by two Greek hieromonks Ioannikios and Sophronios Leichoudes Like many of their Greek contemporaries in the seventeenth century the brothers acquired part of their schooling in colleges of post Renaissance Italy under a precise copy of the Jesuit curriculum When they created a school in Moscow known as the Slavo Greco Latin Academy they emulated the structural characteristics pedagogical methods and program of studies of Jesuit prototypes In this original work Nikolaos A Chrissidis analyzes the academy s impact on Russian educational practice and situates it in the contexts of Russian Greek cultural relations and increased contact between Russia and Western Europe in the seventeenth century Chrissidis demonstrates that Greek academic and cultural influences on Russia in the second half of the seventeenth century were Western in character though

Orthodox in doctrinal terms He also shows that Russian and Greek educational enterprises were part of the larger European pattern of Jesuit academic activities that impacted Roman Catholic and Eastern Orthodox educational establishments and curricular choices *An Academy at the Court of the Tsars* is the first study of the Slavo Greco Latin Academy in English and the only one based on primary sources in Russian Church Slavonic Greek and Latin It will interest scholars and students of early modern Russian and Greek history of early modern European intellectual history and the history of science of Jesuit education and of Eastern Orthodox history and culture Open Access edition funded by the National Endowment for the Humanities

Framing Mary Amy Singleton Adams, Vera Shevzov, 2018-04-24 Despite the continued fascination with the Virgin Mary in modern and contemporary times very little of the resulting scholarship on this topic extends to Russia Russia's Mary however who is virtually unknown in the West has long played a formative role in Russian society and culture *Framing Mary* introduces readers to the cultural life of Mary from the seventeenth century to the post Soviet era It examines a broad spectrum of engagements among a variety of people pilgrims and poets clergy and laity politicians and political activists and the woman they knew as the Bogoroditsa In this collection of well integrated and illuminating essays leading scholars of imperial Soviet and post Soviet Russia trace Mary's irrepressible pull and inexhaustible promise from multiple disciplinary perspectives Focusing in particular on the ways in which both visual and narrative images of Mary frame perceptions of Russian and Soviet space and inform discourse about women and motherhood these essays explore Mary's rich and complex role in Russia's religion philosophy history politics literature and art *Framing Mary* will appeal to Russian studies scholars historians and general readers interested in religion and Russian culture

The Long Telegram 2.0 Peter Eltsov, 2019-11-19 *The Long Telegram 2.0* A Neo Kennanite Approach to Russia lays out an original argument for understanding Russia that goes deep into its history starting with the tripartite dictum orthodoxy autocracy nationality formulated in 1833 by count Sergey Uvarov The author explores Uvarov's triad in the context of modern Russia adding five more traits exceptionalism expansionism historical primordialism worship of the military and glorification of suffering The author argues that as presently constituted Russia cannot become a democracy and sooner than later it will disintegrate replicating the fate of the Soviet Union The key reasons for these according to the author are weak mechanisms for the transition of power poorly developed institutions of the state feeble economy and education frail ideology and most importantly the lack of a unified national identity Following this assessment the author defines a strategy for dealing with Russia based on a combination of offensive realism and realpolitik recommending that the West copes with Russia in a more pragmatic manner The book includes the author's translation of a unique historical document from the 1860s a pamphlet calling for the independence of Siberia on the example of the American revolution

A Russian Merchant's Tale David L. Ransel, 2009 The daily lives of an 18th century Russian merchant family

Antinomy and Symbol: Pavel Florensky's Philosophy of Discontinuity Andrea Oppo, 2024-08-19 Pavel Florensky 1882-1937 was a Russian philosopher theologian and

scientist He was considered by his contemporaries to be a polymath on a par with Pascal or Da Vinci This book is the first comprehensive study in the English language to examine Florensky's entire philosophical oeuvre in its key metaphysical concepts For Florensky antinomy and symbol are the two faces of a single issue the universal truth of discontinuity This truth is a general law that represents better than any other the innermost structure of the universe With its original perspective Florensky's philosophy is unique in the context of modern Russian thought but also in the history of philosophy per se

Religion, Revolution and the Russian Intelligentsia 1900-1912 Christopher Read, 1979-06-17 **European Military Books and Intellectual Cultures of War in 17th-Century Russia** Oleg Rusakovskiy, 2024-09-16 This book discusses the role Western military books and their translations played in 17th century Russia By tracing how these translations were produced distributed and read the study argues that foreign military treatises significantly shaped intellectual culture of the Russian elite It also presents Tsar Peter the Great in a new light not only as a military and political leader but as a devoted book reader and passionate student of military science N. F. Fedorov (1828-1903) Stephen Lukashevich, 1977 N F Fedorov was one of the most formidable Russian thinkers of the nineteenth century His influence on philosophical religious and social thought was enormous In this volume Professor Lukashevich uses his structural method to elucidate the psychological problems that accounted for Fedorov's extraordinary ideology
