Nacogdoches Wilderness Outpost To Modern City 1779-1979:

We Never Retreat Edward A. Bradley, 2015-03-15 The term filibuster often brings to mind a senator giving a long winded speech in opposition to a bill but the term had a different connotation in the nineteenth century invasion of foreign lands by private military forces Spanish Texas was a target of such invasions Generally given short shrift in the studies of American based filibustering these expeditions were led by colorful men such as Augustus William Magee Bernardo Gutierrez de Lara John Robinson and James Long Previous accounts of their activities are brief lack the appropriate context to fully understand filibustering and leave gaps in the historiography Ed Bradley now offers a thorough recounting of filibustering into Spanish Texas framed through the lens of personal and political motives why American men participated in them and to what extent the US government was either involved in or tolerated them We Never Retreat makes a major contribution by placing these expeditions within the contexts of the Mexican War of Independence and international relations between the United States and Spain

The Murder of Helen

Jewett Patricia Cline Cohen, 1999-06-29 In 1836 the murder of a young prostitute made headlines in New York City and around the country inaugurating a sex and death sensationalism in news reporting that haunts us today Patricia Cline Cohen goes behind these first lurid accounts to reconstruct the story of the mysterious victim Helen Jewett From her beginnings as a servant girl in Maine Helen Jewett refashioned herself using four successive aliases into a highly paid courtesan She invented life stories for herself that helped her build a sympathetic clientele among New York City's elite and she further captivated her customers through her seductive letters which mixed elements of traditional feminine demureness with sexual

boldness But she was to meet her match and her nemesis in a youth called Richard Robinson He was one of an unprecedented number of young men who flooded into America's burgeoning cities in the 1830s to satisfy the new business society's seemingly infinite need for clerks The son of an established Connecticut family he was intense arrogant and given to posturing He became Helen Jewett's lover in a tempestuous affair and ten months later was arrested for her murder He stood trial in a five day courtroom drama that ended with his acquittal amid the cheers of hundreds of fellow clerks and other spectators With no conviction for murder nor closure of any sort the case continued to tantalize the public even though Richard Robinson disappeared from view Through the Erie Canal down the Ohio and the Mississippi and by way of New Orleans he reached the wilds of Texas and a new life under a new name Through her meticulous and ingenious research Patricia Cline Cohen traces his life there and the many twists and turns of the lingering mystery of the murder Her stunning portrayals of Helen Jewett Robinson and their raffish colorful nineteenth century world make vivid a frenetic city life and sexual morality whose complexities contradictions and concerns resonate with those of our own time
