Cornelis A. van Minnen, Manfred Berg

Naibance Dune Nation:

, *D.W. Griffith's the Birth of a Nation* Melvyn Stokes, 2008-01-15 In this deeply researched and vividly written volume Melvyn Stokes illuminates the origins production reception and continuing history of this ground breaking aesthetically brilliant and yet highly controversial movie By going back to the original archives particularly the NAACP and D W Griffith Papers Stokes explodes many of the myths surrounding The Birth of a Nation 1915 Yet the story that remains is fascinating the longest American film of its time Griffith s film incorporated many new features including the first full musical score compiled for an American film It was distributed and advertised by pioneering methods that would quickly become standard Through the high prices charged for admission and the fact that it was shown at first only in live theaters with orchestral accompaniment Birth played a major role in reconfiguring the American movie audience by attracting more middle class patrons But if the film was a milestone in the history of cinema it was also undeniably racist Stokes shows that the darker side of this classic movie has its origins in the racist ideas of Thomas Dixon Jr and Griffith s own Kentuckian background and earlier film career The book reveals how as the years went by the campaign against the film became increasingly successful In the 1920s for example the NAACP exploited the fact that the new Ku Klux Klan which used Griffith s film as a recruiting and retention tool was not just anti black but also anti Catholic and anti Jewish as a way to mobilize new allies in opposition to the film This crisply written book sheds light on both the film s racism and the aesthetic brilliance of Griffith s filmmaking It is a must read for anyone interested in the cinema

The Birth of a Nation Robert Lang, 1994 The birth of a nation follows the lives of two white families divided by and enduring the American Civil War and includes elaborate cameos of historical events such as the assassination of Abraham Lincoln

The Birth of a Nation John Cuniberti, 1979

The Final Spectacle Julia Thoma, 2019-03-18 The book examines military paintings in France in the 1850s and 1860s when the genre experienced a new lease of life It recreates the paintings art historical historical and social context and considers the explosion of military subjects in their own right rather than as a consequence of war reporting The paintings entertainment value effectively communicated political agendas catering to the emerging phenomenon of mass spectatorship and giving rise to innovative compositions The book also looks at the other side of the artistic spectrum proposing that smaller formats adapted the sentimental techniques of military memoirs to focus on the soldiers experiences of warfare and to elicit a critique of war

Seigneurial System in Early Canada Cole Harris, 1984 With its long thin fields and straggling rows of farmhouses stretching along either bank of the St Lawrence river for two hundred miles and more the landscape of rural Canada toward the end of the French regime presented a distinctive charm and drew later writers to construct idyllic portraits of the social and legal system which they believed had shaped it

Historical Dictionary of Algeria Phillip C. Naylor, 2015-05-07 Algeria s strategic regional and global importance continues to grow Its hydrocarbon wealth namely natural gas and oil is impressive and its receipts are crucial to the national economy The European Union is a particularly valued hydrocarbon importer and

overall commercial partner The bilateral relationship with France remains problematic and paradoxical Algeria has demanded an apology for the imposition of colonialism but it also recognizes the importance of France economically politically and militarily e g the unrest in the Sahel notably Mali Furthermore Algeria continues to recover from its recent tragic civil strife characterized by terrorism and extremism Its uncertain future given its ageing leadership rentier economy and frustrated youth is a critical concern This fourth edition of Historical Dictionary of Algeria covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Algeria **War in Europe?** Thibault

Muzergues,2022-04-19 In this highly provocative and documented book Thibault Muzergues describes how war in Europe is now more likely than it has been for at least the past 30 years how it might come back to Europe and what Europeans can do to avoid getting drawn again in fratricide conflicts Many consider Europe a continent of peace with NATO guaranteeing its security and the EU providing the political glue for a Europe Whole and Free But what if this was not the case anymore What if after a decade of crisis today s Europe was much more fragile than we thought The author challenges our assumptions about peace in Europe and forces us to face the realities of a world that has become much more dangerous Far from being apocalyptic this book serves as an advance warning to the dangers both internal and external that are now closing in on Europe and suggests solutions to avoid them This book will be key reading for those interested in European politics and history the European Union security and strategic studies and more broadly to current affairs and international relations

The Routledge History of East Central Europe Since 1700 Irina Livezeanu,Arpad von Klimó,2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher *Envisioning Freedom* Cara Caddoo,2014-10-13 In Cara Caddoo s perspective changing study African Americans emerge as pioneers of cinema from the 1890s to 1920s But as it gained popularity black cinema also became controversial Black leaders demanded self representation and an end to cinematic mischaracterizations which they charged violated the civil rights of African Americans *Tunisia Since Independence. The U.S. South and Europe Cornelis A. van Minnen,Manfred Berg,2013-11-28 The U S South is a distinctive political and cultural force not only in the eyes of Americans but also in the estimation of many Europeans The region played a distinctive role as a major agricultural center and the source of much of the wealth in early America but it has also served

as a catalyst for the nation's only civil war and later as a battleground in violent civil rights conflicts. Once considered isolated and benighted by the international community, the South has recently evoked considerable interest among popular audiences and academic observers on both sides of the Atlantic. In *The U.S. South and Europe*, editors Cornelis A. van Minnen and Manfred Berg have assembled contributions that interpret a number of political, cultural, and religious aspects of the transatlantic relationship during the nineteenth and twentieth centuries. The contributors discuss a variety of subjects including European colonization, travel accounts of southerners visiting Europe, and the experiences of German immigrants who settled in the South. The collection also examines slavery, foreign recognition of the Confederacy as a sovereign government, the lynching of African Americans, and Italian immigrants and transatlantic religious fundamentalism. Finally, it addresses international perceptions of the Jim Crow South and the civil rights movement as a framework for understanding race relations in the United Kingdom after World War II. Featuring contributions from leading scholars based in the United States and Europe, this illuminating volume explores the South from an international perspective and offers a new context from which to consider the region's history.

History of the Adriatic Egidio Ivetic, 2022-05-27 The Adriatic is the small Mediterranean sea within a sea, part of the Mediterranean and at the same time detached from it, a largely enclosed sea with stunning coastlines and a long history of commercial, political, and cultural exchange. Silent witness to the flow of civilizations, the Adriatic is the meeting point of East and West, where many empires had their frontiers and some overlapped. With Italy on one side and the Balkans on the other, the Adriatic is the area where the Latin West became intertwined with the Greek and Ottoman East. This book tells the history of the Adriatic from the first cultures of the Neolithic Age through to the present day. All of the great civilizations and cultures that bordered and crossed the Adriatic are discussed: Ancient Greece and Rome, Byzantium, and the Holy Roman Empire; Venice and the Ottomans; Catholicism, Orthodox Christianity, and Islam. Byzantium was replaced by Venice, queen of the Adriatic, which reached its zenith at the beginning of the sixteenth century and maintained commercial and military hegemony in its Gulf, sharing the sea with the Turks, the Habsburgs, the Pope, and the Spanish vice kingdom of Naples. It was Napoleon who ended Venice's reign in 1797. In the nineteenth century, the Austrian Empire prevailed, and Central Europe reached the Mediterranean through the Adriatic. United Italy placed its most symbolic frontier in the eastern Adriatic, clashing with Austria-Hungary in the First World War. The twentieth century was marked by the prolonged conflicts and eventually peace between Yugoslavia, Albania, and Italy. Today, the Adriatic is a region increasingly integrated into the European Union, experiencing a new era of cooperation following the dramatic collapse of Yugoslavia. Across centuries, this book illustrates the rich cultural and artistic heritage of diverse civilizations as they left their mark on the cities, shores, and states of the Adriatic.

Transnational Patriotism in the Mediterranean, 1800-1850 Konstantina Zanou, 2018-11-08 *Transnational Patriotism in the Mediterranean* investigates the long process of transition from a world of empires to a world of nation-states by narrating the biographies of a group of people who were born within

empires but came of age surrounded by the emerging vocabulary of nationalism much of which they themselves created It is the story of a generation of intellectuals and political thinkers from the Ionian Islands who experienced the collapse of the Republic of Venice and the dissolution of the common cultural and political space of the Adriatic and who contributed to the creation of Italian and Greek nationalisms By uncovering this forgotten intellectual universe Transnational Patriotism in the Mediterranean retrieves a world characterized by multiple cultural intellectual and political affiliations that have since been buried by the conventional narrative of the formation of nation states Transnational Patriotism in the Mediterranean rethinks the origins of Italian and Greek nationalisms and states highlighting the intellectual connection between the Italian peninsula Greece and Russia and reestablishing the lost link between the changing geopolitical contexts of western Europe the Mediterranean and the Balkans in the Age of Revolutions It re inscribes important intellectuals and political figures considered national fathers of Italy and Greece such as Ugo Foscolo Dionysios Solomos Ioannis Kapodistrias and Niccol Tommaseo into their regional and multicultural context and shows how nations emerged from an intermingling rather than a clash of ideas concerning empire and liberalism Enlightenment and religion revolution and conservatism and East and West

The Albanian Bektashi Robert Elsie,2019-07-25 The Bektashi dervish order is a Sufi Alevite sect found in Anatolia and the Balkans with a strong presence in Albania In this his final book Robert Elsie analyses the Albanian Bektashi and considers their role in the country s history and society Although much has been written on the Bektashi in Turkey little has appeared on the Albanian branch of the sect Robert Elsie considers the history and culture of the Bektashi analyses writings on the order by early travellers to the region such as Margaret Hasluck and Sir Arthur Evans and provides a comprehensive list of tekkes convents and tyrbes shrines in Albania and neighbouring countries Finally he presents a catalogue of notable Albanian Bektashi figures in history and legend This book provides a complete reference guide to the Bektashi in Albania which will be essential reading for scholars of the Balkans Islamic sects and Albanian history and culture **Frantz Fanon** David

Macey,2012-11-13 Born in Martinique Frantz Fanon 1925 61 trained as a psychiatrist in Lyon before taking up a post in colonial Algeria He had already experienced racism as a volunteer in the Free French Army in which he saw combat at the end of the Second World War In Algeria Fanon came into contact with the Front de Libration Nationale whose ruthless struggle for independence was met with exceptional violence from the French forces He identified closely with the liberation movement and his political sympathies eventually forced him out the country whereupon he became a propagandist and ambassador for the FLN as well as a seminal anticolonial theorist David Macey s eloquent life of Fanon provides a comprehensive account of a complex individual s personal intellectual and political development It is also a richly detailed depiction of postwar French culture Fanon is revealed as a flawed and passionate humanist deeply committed to eradicating colonialism Now updated with new historical material Frantz Fanon remains the definitive biography of a truly revolutionary thinker *Reinventing French Aid* Laure Humbert,2021-05-20 An original insight into how occupation officials and relief

workers controlled and cared for Displaced Persons in the French zone

Prosperity and Torment in France Chantal Delsol, 2025-08-01 A philosophical and historical analysis of the paradox of French democracy that illuminates the challenges of the current democratic age In Prosperity and Torment in France philosopher Chantal Delsol provides an analysis of the current state of affairs in French politics economics and cultural life that reveals key lessons for modern democracies around the world She examines the seeming paradox of France as a wealthy country that provides almost unrivaled social services to its citizens at no extra cost but one whose citizens are unsatisfied with the current state of affairs Delsol traces this current dilemma back several hundred years and examines the principle of the common good and its inherent tension with concepts like democracy and egalitarianism that often emphasize individualism Likewise Delsol emphasizes this concept also stands in contrast to the centralization of power in Paris throughout its history In the end Delsol notes that these historical tensions set the stage for many of the current tensions in France secularism versus religion economic liberalism versus the welfare state civil service versus the private sector and material wealth versus status By examining the paradox of France Delsol brings to the forefront the challenges democracies are facing around the globe and asks the broader question of how governments should best serve their people in our contemporary world

Ancient and Indigenous Wisdom Traditions in African and Euro-Asian Contexts Ehaab Abdou, Theodore Zervas, 2024-08-01 This book brings attention to the understudied and often overlooked question of how curricula and classroom practices might inadvertently reproduce exclusionary discourses and narratives that omit or negate particular cultures histories and wisdom traditions With a focus on representations and classroom practices related especially to ancient and Indigenous wisdom traditions and cultures it includes unique contributions from scholars studying these questions in various contexts The book offers a range of important studies from key African and Euro Asian contexts including Afghanistan Albania Greece Iran South Africa Sweden T rkiye and Zimbabwe The various chapter contributions address and discuss nuances of each of the contexts under study The contributions also help highlight some key commonalities across these contexts including how dominant discourses and various forces have historically shaped and continue to shape and reproduce such omissions misrepresentations and marginalization In addition to seeking to reconcile with some of these ancient and Indigenous wisdom traditions and cultures the book charts a path forward towards more holistic analytical frameworks as well as more inclusive and balanced representations and classroom practices in these aforementioned geographic contexts and beyond It will appeal to scholars researchers undergraduate and graduate students with interests in Indigenous education curriculum studies citizenship education history of education religion and educational policy

The Cambridge History of Africa J. D. Fage, Roland Anthony Oliver, Michael Crowder, 1975 The eighth and final volume of The Cambridge History of Africa covers the period 1940 75 It begins with a discussion of the role of the Second World War in the political decolonisation of Africa Its terminal date of 1975 coincides with the retreat of Portugal the last European colonial power in Africa from its possessions and their accession to independence The fifteen

chapters which make up this volume examine on both a continental and regional scale the extent to which formal transfer of political power by the European colonial rulers also involved economic social and cultural decolonisation A major theme of the volume is the way the African successors to the colonial rulers dealt with their inheritance and how far they benefited particular economic groups and disadvantaged others The contributors to this volume represent different disciplinary traditions and do not share a single theoretical perspective on the recent history of the continent a subject that is still the occasion for passionate debate
