**CLASSICS *Naked Masks*** Luigi Pirandello, *Twentieth-century Italian Literature in English Translation* Robin Healey, 1998-01-01 This bibliography lists English language translations of twentieth century Italian literature published chiefly in book form between 1929 and 1997 encompassing fiction poetry plays screenplays librettos journals and diaries and correspondence *Plays* Luigi Pirandello, 1998 Luigi Pirandello is best known for his ability to create farcical tragedies that pit reality against appearance in such a way that objective truth is never revealed Time magazine called Pirandello's work a fascinating precursor of the entire theater of the absurd the anguish over existence in Sartre and Camus the guerilla warfare against ossified language and the mass mind in Ionesco the bleak alienated vision of Beckett the sense of man eternally acting a role in Genet and the use of the stage as a self contained universe in Pinter In new translations by acclaimed playwright and translator Eric Bentley these versions of four of Pirandello's most celebrated plays *Six Characters in Search of an Author* *Emperor Henry* *The Man with the Flower in His Mouth* and *Right You Are* are considered to be the standards for American productions They capture the playwright's unique voice with remarkable precision while at the same time attending to the rigors of the American stage *Landscapes of Realism* Svend Erik Larsen, Steen Bille Jørgensen, Margaret R. Higonnet, 2022-03-15 Few literary phenomena are as elusive and yet as persistent as realism While it responds to the perennial impulse to use literature to reflect on experience it also designates a specific set of literary and artistic practices that emerged in response to Western modernity *Landscapes of Realism* is a two volume collaborative interdisciplinary investigation of this vast territory bringing together leading edge new criticism on the realist paradigms that were first articulated in nineteenth century Europe but have since gone on globally to transform the literary landscape Tracing the manifold ways in which these paradigms are developed discussed and contested across time space cultures and media this second volume shows in its four core essays and twenty four case studies four major pathways through the landscapes of realism The psychological pathways focusing on emotion and memory the referential pathways highlighting the role of materiality the formal pathways demonstrating the dynamics of formal experiments and the geographical pathways exploring

the worlding of realism through the encounters between European and non European languages from the nineteenth century to the present This volume is part of a book set which can be ordered at a special discount

**The Vital Lie** Anthony S. Abbott, 2003-08-08 The Vital Lie is the first book to examine the reality illusion conflict in modern drama from Ibsen to present day playwrights The book questions why vital lies necessary for life itself are such an obsessive concern for playwrights of the last hundred years Using the work of fifteen playwrights Abbott seeks to discover if modern playwrights treat illusions as helpful or necessary to life or as signals of sicknesses from which human beings need to be cured What happens to characters when they are forced to face the truth about themselves and their worlds without the protection of their illusions The author develops a three part historical analysis of the use of the reality illusion theme from its origins as a metaphysical search to its current elaborations as a theatrical game

**Shakespeare the Man** R. W. Desai, 2014-03-13 While over the past four hundred years numerous opinions have been voiced as to Shakespeare s identity these eleven essays widen the scope of the investigation by regarding Shakespeare his world and his works in their interaction with one another Instead of restricting the search for bits and pieces of evidence from his works that seem to match what he may have experienced these essays focus on the contemporary milieu political developments social and theater history and cultural and religious pressures as well as the domestic conditions within Shakespeare s family that shaped his personality and are featured in his works The authors of these essays employing the tenets of critical theory and practice as well as intuitive and informed insight endeavor to look behind the masks thus challenging the reader to adjudicate among the possible the probable the likely and the unlikely With the exception of the editor s own piece on Hamlet Shakespeare the Man New Decipherings presents previously unpublished essays inviting the reader to embark upon an intellectual adventure into the fascinating terrain of Shakespeare s mind and art

**Literature and the Grotesque** Michael J. Meyer, 1995

**Dramaturgy and Dramatic Character** William Storm, 2016-03-17 William Storm delivers a wide ranging investigation of character in drama from ancient beginnings to the present day

**Thornton Wilder's The Skin of our Teeth** Kyle Gillette, 2016-09-13 Ladies and gentlemen I m not going to play this particular scene tonight Sabina Thornton Wilder s The Skin of Our Teeth 1942 telescopes an audacious stretch of western history and mythology into a family drama showing how the course of human events operates like theatre itself

constantly mutable vanishing and beginning again Kyle Gillette explores Wilder's extraordinary play in three parts Part I unpacks the play's singular yet deeply interconnected place in theatre history comparing its metatheatrics to those of Stein Pirandello and Brecht and finding its anticipation of American fantasias in the works of Vogel and Kushner Part II turns to the play's many historic and mythic sources and examines its concentration of western progress and power into the model of a white American upper middle class nuclear family Part III takes a longer view tangling with the play's philosophical stakes Gillette magnifies the play's ideas and connections teasing out historical theoretical and philosophical questions on behalf of readers scholars and audience members alike

**In Search of Theater** Eric Bentley, 1992-01-01 This book was written between 1946 and 1952 and first published in 1953 It is now widely regarded as the standard portrait of the European and American theater in the turbulent and seminal years following World War II but it is far more than that It ranges back as far as Ibsen and even Shakespeare and has contributed very substantially to a number of reputations that would long outlast 1950 such as those of Bertolt Brecht Charles Chaplin and Martha Graham For Bentley fans it is an essential link in a chain that runs from *The Playwright as Thinker* to *The Life of the Drama* to *The Brecht Memoir* and *Thinking About the Playwright*

**Women by Women** Roseanna Lewis Dufault, 1997 While some of the featured works seem dark and pessimistic they express collectively a certain hope for a brighter more egalitarian future This anthology brings together cogent critical studies in a way that identifies and illuminates trends among Quebec's contemporary women writers

**Tragedy and Comedy** Mark William Roche, 1998-01-01 The first evaluation and critique of Hegel's theory of tragedy and comedy this book also develops an original theory of both genres

Drama and Theatre in Education John Somers, 1996 *Theaters Of The Mind* Joyce McDougall, 2013-10-28 Using the theatre as a central metaphor this text provides a flexible framework to explore the psychic realities of the characters within us Case studies underscore how different kinds of patients construct particular fantasies as a response to the pain of earlier life scenarios

Disappearing Persons Benjamin Kilborne, 2002-01-01 In *Disappearing Persons* psychoanalyst Benjamin Kilborne looks at how we control appearance as an attempt to manage or take charge of our feelings Arguing that the psychology of appearance has not been adequately explored Kilborne deftly weaves together examples from literature and his own clinical practice to establish shame and appearance as central fears in both literature and life and describes how shame about appearance can generate not only the wish to disappear but also the fear of disappearing A hybrid of applied literature and psychoanalysis *Disappearing Persons* helps us to understand the roots of the psychocultural crisis confronting our increasingly appearance oriented shame driven society

Confronting / Defining the Self John A. McCarthy, 2024-07-01 Early 20th century literary critics Joseph Collins Hermann Hesse and Percy Lubbock concluded that the pages of a book present a succession of moments that the reader visualizes and reinterprets They feared that few would actually commit themselves to memory and that most were likely to soon disappear As you turn these pages you will re discover the value of the literary canon through the Self My objective is to examine how the Self is formed lost

and regained through creative strategies that confront and define its shapes and distortions on nearly every page of a canonical work You can consider *Confronting Defining the Self Formation and Dissolution of the I* from La Fayette to Grass as offering an apology for the study of literature and the humanities in an era when technology and commerce dominate our consciousness drive our daily expectations and shape our career goals
