Nam Doc:

Northern Vietnam United States. Office of Geography, 1964 This gazetteer contains about 22 250 entries for places and features in the part of the Republic of Vietnam north of the Demarcation Line at approximately 17 north latitude The entries include standard names approved by the Board on Geographic Names and unapproved variant names the latter cross referenced to the standard names Users of the gazetteer should always refer to main entries for approved names Page i

From the "Washington" Towards a "Vienna Consensus"? Arno Tausch, 2007 This book is a welcome and timely endeavour to the study of Globalisation which as we know is the currency of contemporary economic and political debates It is very broad in scope and its more than 40 pages of references provides the most complete survey for research and information on this field that I ve already seen Undoubtedly an outstanding contribution to the field of international politics which deserves pride of place in the library of any scholar interested in political and social sciences The Last Emperors of Vietnam Oscar

Chapuis, 2000-03-30 This book tells the story of French interaction with Vietnam and the neighboring region which began with the French seizure of Cochin China and Tonking in the 19th century under Emperor Tu Duc and ended with their humiliating defeat at Dien Bien Phu in 1954 After the conclusion of treaties with China in the nineteenth century Western nations sought access to the resource rich region of Yunnan After attempts at exploring the Mekong River the French turned their sights to the Red River Only after Jean Dupuis successfully linked Hanoi with Yunnan was Admiral Dupre able to begin the conquest of Tonking This volume begins where Chapuis s History of Vietnam left off completing the colonial history of Vietnam The decline of French authority in Indochina began with Japanese demands and subsequent occupation during World War II The 9 March 1945 Japanese coup would mark the beginning of the end of French supremacy however French authorities would return with troops to confront the Vietnamese demands for unity and independence after Japan s defeat Although an agreement between Sainteny and Ho Chi Minh would allow the French army to land in North Vietnam the creation of the southern Republic of Cochin China would be a move that ran counter to Vietnamese nationalist sentiment Nine years later the French found themselves ousted from their former colony *The Iran Nuclear Issue* Yael

Ronen, 2010-05-31 Controversy over the Iranian nuclear policy has been mounting in both legal and political circles since the early 2000s Most recently the IAEA tasked with verifying compliance of Member States with the NPT has been expressing concern that Iran s nuclear efforts are directed not solely at peaceful uses but also at military purposes In response various States have tried individually and collectively to engage Iran in agreed frameworks of action that would include an Iranian self imposed restraint regarding its nuclear development This volume documents the Iranian nuclear issue tracing the evolution of international interest and concern with Iran s nuclear policy since the 1970s when Iran began earnest efforts to acquire nuclear capabilities Emphasis is placed on events since 2002 2003 when it was established that Iran had concealed certain aspects of its nuclear activities from IAEA Alongside reports of the IAEA and Security Council documents the volume

covers diverse sources rather than relying solely on UN organs and agencies international organisations or dedicated ad hoc bodies

Area Handbook for Vietnam, 1964 *U.S. Army Area Handbook for Vietnam* American University (Washington, D.C.). Foreign Areas Studies Division, United States. Army, 1962

Understanding Vietnam Neil L. Jamieson, 2023-11-15 The American experience in Vietnam divided us as a nation and eroded our confidence in both the morality and the effectiveness of our foreign policy Yet our understanding of this tragic episode remains superficial because then and now we have never grasped the passionate commitment with which the Vietnamese clung to and fought over their own competing visions of what Vietnam was and what it might become To understand the war we must understand the Vietnamese their culture and their ways of looking at the world Neil L Jamieson after many years of living and working in Vietnam has written the book that provides this understanding Jamieson paints a portrait of twentieth century Vietnam Against the background of traditional Vietnamese culture he takes us through the saga of modern Vietnamese history and Western involvement in the country from the coming of the French in 1858 through the Vietnam War and its aftermath Throughout his analysis he allows the Vietnamese both our friends and foes and those who wished to be neither to speak for themselves through poetry fiction essays newspaper editorials and reports of interviews and personal experiences By putting our old and partial perceptions into this new and broader context Jamieson provides positive insights that may perhaps ease the lingering pain and doubt resulting from our involvement in Vietnam As the United States and Vietnam appear poised to embark on a new phase in their relationship Jamieson s book is particularly timely The American experience in Vietnam divided us as a nation and eroded our confidence in both the morality and the effectiveness of our foreign policy Yet our understanding of this tragic episode remains superficial because then and now we have never grasped the passionate commitment with which the Vietnamese clung to and fought over their own competing visions of what Vietnam was and what it might become

[Area Handbook for Vietnam](#) American University (Washington, D.C.). Foreign Areas Studies Division, 1964

United States-Vietnam Relations, 1945-1967, 1971

Vietnam 1945 David G. Marr, 2023-09-01 1945 the most significant year in the modern history of Vietnam One thousand years of dynastic politics and monarchist ideology came to an end Eight decades of French rule lay shattered Five years of Japanese military occupation ceased Allied leaders determined that Chinese troops in the north of Indochina and British troops in the South would receive the Japanese surrender Ho Chi Minh proclaimed the Democratic Republic of Vietnam with himself as president Drawing on extensive archival research interviews and an examination of published memoirs and documents David G Marr has written a richly detailed and descriptive analysis of this crucial moment in Vietnamese history He shows how Vietnam became a vortex of intense international and domestic competition for power and how actions in Washington and Paris as well as Saigon Hanoi and Ho Chi Minh s mountain headquarters interacted and clashed often with surprising results Marr s book probes the ways in which war and revolution sustain each other tracing a process that will interest political scientists and sociologists as well as historians and Southeast Asia specialists 1945 the most significant year in the modern history of Vietnam One thousand years of dynastic politics and

monarchist ideology came to an end Eight decades of French rule lay shattered Five years of Japanese military occupation ceased Allied leaders **United States-Vietnam Relations, 1945-1967** United States. Department of Defense,1971 Printed for the use of the House Committee on Armed Services *Bloodship* Gregory Lane,2017-10-31 Follow the life of Andy Saige from his days in college his service in Vietnam and the CIA to his eventual return from Vietnam Upon his return from Vietnam he does not come back alone **History of the Joint Chiefs of Staff, The Joint Chiefs of Staff and the War in Vietnam 1960-1968, Part 1, 2011** ,2011 The Joint Chiefs of Staff and the War in Vietnam, 1960-1968: 1960-1963 Jack Shulimson,2011 *The Joint Chiefs of Staff and the War in Vietnam, 1960-1968: 1960-1968* Graham A. Cosmas,2009 The Indochinese Experience of the French and the Americans Arthur J. Dommen,2002-02-20 Dommen s book promises to be the definitive political history of Indochina during the Franco American era William M Leary E Merton Coulter Professor of History University of Georgia This magisterial study by Arthur J Dommen sets the Indochina wars French and American in perspective as no book that has come before He summarizes the history of the peninsula from the Vietnamese War of Independence from China in 930 39 through the first French military actions in 1858 when the struggle of the peoples of Indochina with Western powers began Dommen details the crucial episodes in the colonization of Indochina by the French and the indigenous reaction to it The struggle for national sovereignty reached an acute state at the end of World War II when independent governments rapidly assumed power in Vietnam and Cambodia When the French returned the struggle became one of open warfare with Nationalists and Communists gripped in a contest for ascendancy in Vietnam while the rulers of Cambodia and Laos sought to obtain independence by negotiation The withdrawal of the French after their defeat at Dien Bien Phu brought the Indochinese face to face whether as friends or as enemies with the Americans In spite of an armistice in 1954 the war between Hanoi and Saigon resumed as each enlisted the help of foreign allies which led to the renewed loss of sovereignty as a result of alliances and an increasingly heavy loss of lives Meticulous and detailed Dommen s telling of this complicated story is always judicious Nevertheless many people will find his analysis of the Diem coup a disturbing account of American plotting and murder This is an essential book for anyone who wants to understand Vietnam and the people who fought against the United States and won **Political Alignments of Vietnamese Nationalists** United States. Department of State. Division of Research for Far East,1949 *Intelligence Report* United States. Department of State. Bureau of Intelligence and Research,19?? Shared Stages , *Medal of Honor Rag* Tom Cole,1977 A youthful Black veteran of the Vietnamese Conflict meets with a psychiatrist for a therapy session The soldier struggles with the horrors of his past causing the psychiatrist to confront his own memories and guilt
