Nancy Astor:

Nancy Adrian Fort, 2013-01-22 A new biography of Nancy Astor American socialite and social crusader who blazed a trail through British society amid two World Wars In 1919 Nancy Astor became the first female Member of Parliament elected to the House of Commons she was not what had been expected Far from a virago who had suffered for the cause of female suffrage Lady Astor was already near the center of the ruling society that had for so long resisted the political upheavals of the early twentieth century having married into one of the richest families in the world She wasn't even British but the daughter of a famous Virginian family and fiercely proud of her expatriate ancestry But her moral drive was strong and she would utilize her position of privilege and influence to blow a bracing American wind into what she regarded as the stuffy corners of British politics This account charts Nancy Astor's incredible story from relative penury in the American South to a world of enormous countryside estates and townhouses and the most lavish entertainments peopled by the great figures of the day Churchill Chamberlain FDR Charlie Chapin J M Barrie and Lawrence of Arabia were all part of her social circle But hers was not to be an easy life of power and pure glamour it was also defined by principles and bravery war and sacrifice love and the most embittered disputes With glorious page turning brio Adrian Fort brings to life this restless controversial American dynamo an unforgettable woman who left a deep and lasting imprint on the political life of a nation Nancy Astor, 1936 Typed signed note with a handwritten postscript typed signed note to Jos dated December 3 1941 England America Nancy Witcher Astor Viscountess Astor CH 19 May 1879 2 May 1964 was the first woman to sit as a Member of Parliament MP in the British House of Commons Nancy Astor a Conservative Party representative was the wife of Waldorf Astor 2nd Viscount Astor Astor was born Nancy Witcher Langhorne in Danville Virginia in the United States Her father was Chiswell Dabney Langhorne and her mother was Nancy Witcher Keene Her father's earlier business venture had depended at least in part upon slave labour and the outcome of the American Civil War caused the family to live in near poverty for several years before Nancy was born After her birth her father began working to regain the family wealth first with a job as an auctioneer and later with a job that he obtained with the railroad by using old contacts from his work as a contractor By the time she was thirteen years old the Langhornes were again a rich family with a sizeable home Chiswell Langhorne later moved the family to their estate known as Mirador in Albemarle County Virginia Nancy Langhorne had four sisters and three brothers All of the sisters were known for their beauty her sister Irene later married the artist Charles Dana Gibson and became a model for the Gibson girl Nancy and Irene both went to a finishing school in New York City There Nancy met her first husband Robert Gould Shaw II a cousin of the Colonel Robert Gould Shaw who commanded the all black 54th Massachusetts Volunteer Infantry Regiment They were married in New York City on October 27 1897 when she was 18 Unfortunately the marriage was a disaster Shaw's friends accused Nancy of becoming puritanical and rigid after she married while her friends claimed that Shaw was an alcoholic rapist They remained married for four years and had one son Bobbie

Nancy left Shaw numerous times during their marriage the first during their honeymoon In 1903 Nancy's mother died and the now divorced Nancy moved back to Mirador to try to run the household but was unsuccessful She left on a tour of England and fell in love with the country Since she had been so happy there her father suggested that she move to England Nancy was reluctant so he told her the move had been her mother's wish and would also be good for Nancy's younger sister Phyllis Nancy and Phyllis finally moved to England in 1905 The earlier trip to England had launched Nancy's reputation there as an interesting and witty American Her tendency to be witty and saucy in conversation yet religiously devout and almost prudish in behavior confused many of the English men but pleased some of the older socialites They liked conversing with the lively and exciting American who at the same time largely conformed to decency and restraint Nancy also began at this time to show her skill at winning over critics She was once asked by an English woman Have you come to get our husbands Her unexpected response If you knew the trouble I had getting rid of mine charmed her listeners and displayed the wit that later became famous Despite her denial however she married an Englishman Her second husband Waldorf Astor was born in the United States but his father had moved the family to England when Waldorf was twelve and raised his children as English aristocrats The couple were well matched from the start Not only were they both American expatriates with similar temperaments but they were of the same age being born on the same day 19 May 1879 He shared some of Nancy's moral attitudes and his heart condition may have encouraged him toward a restraint that she found comforting The marriage's success therefore seemed assured After the Astors married Nancy moved into Cliveden a lavish estate in Buckinghamshire on the River Thames and began her life as a prominent hostess for the social elite The Astors also owned a grand London house No 4 St James's Square which is now the premises of the Naval Military Club Through her many social connections Lady Astor became involved in a kind of political circle called Milner's Kindergarten Considered liberal in their age the group advocated unity and equality among English speaking people and a continuance or expansion of British imperialism

mother's many marriages and affairs and his relationships with Edward VIII and Queen Elizabeth II *Edith Summerskill* Mary Honeyball, 2022-07-14 An Independent Book of the Month Edith Summerskill was a remarkable politician, feminist, physician, campaigner, and writer. At a time when there were few powerful women in public life, Dr Edith, as she was known, served in Clement Attlee's transformational post-war Labour government and oversaw the National Insurance scheme which solidified the welfare state in Britain. Here Labour MEP Mary Honeyball provides the first biography of this remarkable early pioneer for women in politics. Honeyball shows how Edith Summerskill's direct campaigning was instrumental in promoting women's causes throughout her life and lays out her remarkable achievements in securing the equal rights of housewives and divorced women over property. This is an uplifting and enlightening account of a forgotten Labour hero **The Rotarian**, 1947-04 Established in 1911, The Rotarian is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles, columns, and departments about or of interest to Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners, from Mahatma Gandhi to Kurt Vonnegut Jr, have written for the magazine *A Historical Dictionary of British Women* Cathy Hartley, 2013-04-15 This reference book containing the biographies of more than 1,100 notable British women from Boudicca to Barbara Castle is an absorbing record of female achievement spanning some 2,000 years of British life. Most of the lives included are those of women whose work took them in some way before the public and who therefore played a direct and important role in broadening the horizons of women. Also included are women who influenced events in a more indirect way: the wives of kings and politicians, mistresses, ladies in waiting, and society hostesses. Originally published as The Europa Biographical Dictionary of British Women, this newly reworked edition includes key figures who have died in the last 20 years, such as The Queen Mother, Baroness Ryder of Warsaw, Elizabeth Jennings, and Christina Foyle **True Colours** Angela Goslin, 2017-10-24 This is a book full of lighthearted and humorous stories and poems. True Colours need not only be read by or read to a child, but it would encourage the child to draw their own pictures, make scrapbooks, act, dance, and sing using my stories and poems just like Chloe did in the story. Chloe learns about Colours making True Colours a good book for a child to work with and read at home. True Colours is in two parts. The first part has a story in eight chapters about my childhood at a boarding school for girls. The second part has separate stories, each followed by a poem, one that a parent could read to their child in a short space of time. The last story is about my life as an evacuee during World War II **England's Response to Hitler in the 1930s** David M. Valladares, 2023-05-05 This text explores the inner workings of the Cliveden Set. Analysing the political tactics used by the group, this book carefully unpicks the strategic moves played by aristocrats within 1930s Britain. Considered to be a scapegoat for Britain's Appeasement Policy by many historians, the Cliveden Set utilized their influence to encourage a British foreign policy that supported Hitler's rearmament and the annexation of Austria and Czechoslovakia. This book would be beneficial to all academics with a keen interest in politics, history, and social structures. Researchers and historians will also enjoy the deep analysis of the dynamic
