1982 United States. Congress. House. Committee on Appropriations. Subcommittee on Department of the Interior and Related Agencies, 1981 **Viewpoints on Materials, Handmade Paper and the Art Experience** Janet Renee Boguch, 1978 **Going Solo** Jean Renvoize, 2023-08-09 Originally published in 1985 this at the time controversial book explores the fundamental changes in personal relationships that had taken place over the previous decade focusing on women who had deliberately chosen to have children outside a permanent relationship After travelling widely throughout Britain the United States and Holland meeting those personally involved Jean Renvoize discusses why a growing number of women were deciding to become single mothers She discovers the implications of this for the future of the family and for old style love and commitment between the sexes She analyses the position both of the children of these single families and of their mothers She looks at men's feelings about being used as a stud and uncovers the desire of some men to have a family without being financially and emotionally involved with a long term partner Importantly Jean Renvoize places the new style of personal relationship in the context of the advance of the women's movement It is clear that ordinary and non political women's and men's lives have been more fundamentally changed by feminism than they may realise But few of the mothers interviewed by the author are actively feminist lesbians apart they all have in common past relationships with men and would happily settle with the right man could their high expectations be met Without exception all those who made the deliberate choice to go solo have loving joyful and rewarding experiences of motherhood Having a child alone has been fraught with problems for all but those who have met the challenge have found such great fulfilment that one is faced with an inevitable question are a woman and her child better off without a man When so many marriages end in divorce is a stable unit of two better than a broken unit of three But also might those without the motivation of successful solo mothers rush thoughtlessly into motherhood and find themselves exhausted broke and very unhappy Presenting in their own words the experiences of those directly involved this was above all a practical book It provided welcome and necessary insights into the changing pattern of relationships at the time for the married and unmarried for parents and non parents Today it can be read and enjoyed in its historical context *Light on Fire* Gabrielle Selz, 2021-10-19 A groundbreaking biography of Sam Francis one of the celebrated artists of the twentieth century and the American painter who brought the vocabulary of abstract expressionism to Paris Drawing on exclusive interviews and private correspondence Gabrielle Selz traces the complex life of this magnetic globe trotting artist who first learned to paint as a former air corps pilot encased in a full body cast for three years Selz writes an intimate portrait of a mesmerizing character a man who sought to resolve in art the contradictions he couldn't resolve in life *Nancy Genn* Annely Juda (London), 1978 **Korean Culture**, 1982
