Heroines in History A Thousand Faces moves beyond stories of individual heroines taking a thematic synthesising and global in scope approach to challenge previous understandings of heroines in history Responding to Joseph Campbell s Hero with a Thousand Faces Katie Pickles explores the idea of a transcultural heroine archetype that recurs through time Each chapter addresses an archetypal theme important for heroines in history The volume offers a new consideration of the often awkward position of women in history and embeds heroines in the context of their times as well as interpreting and analysing how their stories are told re told and represented at different moments To do so it recovers and compares some women now forgotten along with well known recent heroines and brings together a diversity of women from around the world Pickles looks at the interplay of gender race heredity status class and politics in different ways and chronicles the emergence of heroines as historical subjects valued for their substance and achievements rather than as objects valued for their image and celebrity In an accessible and original way the book builds upon developments in women s and gender history and is essential reading for anyone interested in this field *50 Women against Hitler* Stephan D. Yada-Mc Neal, 2018-07-13

The Ballad of Les Darcy Peter FitzSimons, 2010-06-01 An Australian hero torn between family and country Put Les Darcy in a uniform and the men of Australia will march to hell behind him that was the message

trained on Australia's great Blacksmith Boxer as debate about conscription raged in the middle of World War I the problem was that Les Darcy didn't want to march at the fore of such a procession nor to such a destination He wanted to continue what he had been doing to extraordinary acclaim before the war began taking on the best boxers the world could throw at him and lifting his entire family out of poverty as he did so torn between the duty he felt he owed his family and the duty many felt he owed his country Les made his choice and faced the consequences And so unfolds a ballad of love war betrayal mystery patriotism and heroism a ballad of a champion whose story still has the power to move the stoniest heart Iranian Women and Gender in the Iran-Iraq War Mateo Mohammad Farzaneh, 2021-02-22 Eighteen months after Iran's Islamic Revolution in 1979 hundreds of thousands of the country's women participated in the Iran Iraq War 1980-88 in a variety of capacities Iran was divided into women of conservative religious backgrounds who supported the revolution and accepted some of the theocratic regime's depictions of gender roles and liberal women more active in civil society before the revolution who challenged the state's male dominated gender bias However both groups were integral to the war effort serving as journalists paramedics combatants intelligence officers medical instructors and propagandists Behind the frontlines women were drivers surgeons fundraisers and community organizers The war provided women of all social classes the opportunity to assert their role in society and in doing so they refused to be marginalized Despite their significant contributions women are largely absent from studies on the war Drawing upon primary sources such as memoirs wills interviews print media coverage and oral histories Farzaneh chronicles in copious detail women's participation on the battlefield in the household and everywhere in between The Riviera at War George G. Kundahl, 2017-05-30 During World War II three distinct forces opposed the Allies Germany Italy and Japan Few areas of the world experienced domination by more than a single one of these but southeastern France the region popularly known as the Riviera or Cote d'Azur was one Not only did inhabitants suffer through Italian Fascism and German Nazism but also under a third hardship at times even more oppressive the rule of Vichy France Following a nine month prelude the reality of World War II burst onto the Riviera in June 1940 when the region had to defend itself against the Italian army and ended in April 1945 with a battle against German and Italian forces in April 1945 a period longer than any other part of France In this book George G Kundahl tells for the first time the full story of World War II on the French Riviera Featuring previously unseen sources and photographs this will be essential reading for anyone interested in wartime France **Women and War** Bernard A. Cook, 2006-05-19 In this unique encyclopedia 120 leading scholars from around the world provide comprehensive treatment of the role of women in war from the first written history to the present This authoritative encyclopedia presents the work of leading scholars from all over the world to give the first detailed coverage of the role of women in wars throughout history Histories of war are typically histories of men great leaders and heroic fighters Yet the roles of women often receive only limited coverage Except for such notables as Joan of Arc traditional histories give short shrift to women as leaders and fighters Similarly the direct

victimization particularly sexual abuse as a weapon of terror and domination and cultural dislocations women suffer in war float as background without detailed coverage This work represents a first devoted in its entirety to thorough examination of all aspects of women in war For the first time readers have a single source for information on the scope of women's role in war and war's effects on them
