taking notes and filing into my notebook everything unique about Naomi's character and lifestyle that transpired. This book is compiled from seven years of documented events and 101 observed peculiarities that distinctly reveal the escalation of this disease. I included actual photos and hand drawings along with highly beneficial research tips and methods used for problem resolving. All of Naomi's words were written exactly as she spoke them. In the wild mountains of the Montana Territory, the Coulter ranch is a place of family loyalty and a hidden fortune. Jericho Coulter, the eldest of six fiercely devoted brothers, is entrusted with safeguarding his family and the secret that binds them together: the Sapphire mine. To keep tragedy from striking again, he allows no outsiders on their land. When two women stumble upon their ranch, claiming Jericho himself sent for one of them as a mail order bride, he aims to send them straight back where they came from. Dinah Wyatt, a talented and determined doctor, wasn't about to let her twin sister travel to Montana alone and marry a stranger. Dinah's skills are immediately put to the test when one of the younger Coulter brothers is gravely injured, forcing the family to trust his life to her. As Dinah and her sister become entwined in the Coulter family's life, sparks fly between the enigmatic Jericho and the captivating doctor. In a world where trust is hard to come by and secrets hold the power to change lives, Jericho and Dinah must learn that sometimes the most precious secrets are those buried within our own hearts. From a USA Today bestselling author comes a mountain family saga filled with a mail order bride, hidden treasure, and love that heals wounded hearts. *Clouds over California* Karyn Parsons, 2023-07-11

An absolute gem. Lisa Moore Ramé, author of *A Good Kind of Trouble*, is moving a novel about how a girl's family and friendships are turned upside down just as the world is changing in 1970s Los Angeles. For fans of Rita Williams Garcia and Renée Watson, Stevie's life is fluctuating rapidly. She's starting over in a brand new middle school. Quiet and observant, it's hard for her to make friends. Plus, her mind is too occupied. The tension in her home is building as her parents' arguments are becoming more frequent. To top it all off, Stevie's older cousin Naomi is coming to live with the family in an attempt to keep her from a bad crowd. The Black Panthers. Stevie agrees to keep Naomi's secrets. She's the cool big cousin after all, and Stevie can't help but notice the happy, positive effect the Black Panthers are having on Naomi's confidence and identity, just like how Mom is making decisions for herself even when Dad disapproves. Stevie feels herself beginning to change as well. But one thing remains the same: she loves both of her
