Nappy Edges:

Nappy Edges Ntozake Shange, 1991 **The Embodied Child** Roxanne Harde, Lydia Kokkola, 2017-09-11 *The Embodied Child* Readings in Children's Literature and Culture brings together essays that offer compelling analyses of children's bodies as they read and are read as they interact with literature and other cultural artifacts and as they are constructed in literature and popular culture. The chapters examine the ideology behind the cultural constructions of the child's body and the impact they have on society and how the child's body becomes a carrier of cultural ideology within the cultural imagination. They also consider the portrayal of children's bodies in terms of the seeming dichotomies between healthy vs unhealthy bodies as well as able bodied vs disabled and examines flesh and blood bodies that engage with literary texts and other media. The contributors bring perspectives from anthropology, communication, education, literary criticism, cultural studies, philosophy, physical education, and religious studies. With wide and astute coverage of disparate literary and cultural texts and lively scholarly discussions in the introductions to the collection and to each section, this book makes a long needed contribution to discussions of the body and the child.

The Weird Sister Collection Marisa Crawford, 2024-02-13 Collecting the best of the underground blog *Weird Sister*, these unapologetic and insightful essays link contemporary feminism to literature and pop culture. Launched in 2014, *Weird Sister* proudly staked out a corner of the internet where feminist writers could engage with the literary and popular culture that excited or enraged them. The blog made space amid book websites dominated by white male editors and contributors and also committed to covering literary topics in depth when larger feminist outlets rarely could. Throughout its decade long run, *Weird Sister* served as an early platform for some of contemporary literature's most striking voices, naming itself a website that speaks its mind and snaps its gum and doesn't apologize. Edited by founder Marisa Crawford, *The Weird Sister Collection* brings together the work of longtime contributors such as Morgan Parker, Christopher Soto, Soleil Ho, Juli n Delgado, Lopera, Virgie Tovar, Jennifer Tamayo, and more, alongside new original essays. Offering nuanced insight into contemporary and historical literature in conversation with real life and timely social issues, these pieces mark a transitional and transformative moment in online and feminist writing.

Global Children's Literature in the College Classroom Sara Austin, Tanja Nathanael, 2023-05-22 *Global Children's Literature in the College Classroom* explores the importance of children's literature as a pedagogical resource in any college course. It can be used to introduce a complex topic, give students a glimpse into a specific culture, or expand the way students think about education and teaching. Global children's literature is particularly useful in language classrooms, education programs, and classes that discuss globalism and colonialism. This book includes fifteen essays representing fifteen countries and eight languages, divided into four sections. The first section of essays, *Across the University*, looks at children's literature in non traditional settings, including British literature and multicultural studies, which considers what children's literature specifically brings to these courses. The second section, *Borders and Crossings*, examines how children's literature defines or defies political and cultural

separations The third section Childhood Studies and Education considers the importance of global children s literature in education classrooms as a way of promoting diversity and inclusion The fourth section Non English Texts and Texts in Translation focuses on the use of children s literature to teach language and folklore traditions in France Russia and Italy The essay that closes this section discusses using children s literature to teach translation skills at the University of Taipei

known writers of the late 20th century to the newly established and emerging voices of today **American Literature from 1945 Through Today** Britannica Educational Publishing,2010-04-01 Perhaps the most defining characteristic of American literature composed after World War II is the rejection of conventional form and structure with its increasingly uninhibited and experimental style Embracing works from previously marginalized groups like African Americans and women and ushering in new genres contemporary American literature has progressively begun to mirror the American population in diversity and versatility In this volume readers are invited to think critically about the social issues and ideas that are as much a part of modern American life as they are of modern American literature *Abstractionist Aesthetics* Phillip Brian Harper,2015-12-25 An artistic discussion on the critical potential of African American expressive culture In a major reassessment of African American culture Phillip Brian Harper intervenes in the ongoing debate about the proper depiction of black people He advocates for African American aesthetic abstractionism a representational mode whereby an artwork rather than striving for realist verisimilitude vigorously asserts its essentially artificial character Maintaining that realist representation reaffirms the very social facts that it might have been understood to challenge Harper contends that abstractionism shows up the actual constructedness of those facts thereby subjecting them to critical scrutiny and making them amenable to transformation Arguing against the need for positive representations Abstractionist Aesthetics displaces realism as the primary mode of African American representational aesthetics re centers literature as a principal site of African American cultural politics and elevates experimental prose within the domain of African American literature Drawing on examples across a variety of artistic production including the visual work of Fred Wilson and Kara Walker the music of Billie Holiday and Cecil Taylor and the prose and verse writings of Ntozake Shange Alice Walker and John Keene this book poses urgent questions about how racial blackness is made to assume certain social meanings In the process African American aesthetics are upended rendering abstractionism as the most powerful modality for Black representation *Hope in the Holler* Anna Elaine Brown Crawford,2002-01-01 For more than three hundred years black women have embodied a theology of hope which has enabled them to overcome a history of abuse and violence While a theology of hope has been widely discussed in twentieth century theology it was born in slavery long before Jurgen Moltmann introduced it to America in 1967 Even womanist notions of hope have not explored the theological character of hope in abused black women s narratives A Elaine Brown Crawford argues that hope is the theological construct that moves black women beyond endurance and survival to transformation of their personal and communal realities This book identifies and analyzes the theological vision of hope voiced within the narratives of enslaved emancipated and contemporary black women and brings that vision into discussion with contemporary womanist theologies A Richard Wright Bibliography Kenneth Kinnamon,Joseph Benson,Michel Fabre,Craig Werner,1988-01-13 Any future biographical work on Richard Wright will find this bibliography a necessity academic or public libraries supporting a program of black culture will find it invaluable and it belongs in any
