Narrative Of A Mission To Bokhara Volume 1:

Reinterpreting Indian Ocean Worlds Stefan C. A. Halikowski Smith, 2011-05-25 The Indian Ocean World was an idea borne out by researchers in economic history and trade in the 1980s in response to the compartmentalization of specific area studies within the wider rubric of Asian civilisations and culture Professor Kirti N Chaudhuri's books *Trading World of Asia* and the *English East India Company* 1978 and then *Trade and Civilization in the Indian Ocean* 1985 figured amongst the forefront of this new movement in historical thinking undertaking detailed historical analysis first of the English East India Company and then a comparative cultural history of Asian material life and civilisation Today historians continue to hold on to the idea of an Indian Ocean world although studies now follow a number of different threads from themes like linguistics and creolization to the seeds of national consciousness By presenting a number of studies here gathered into the themes of Intermixing The World of Trade and Colonial Paths it is hoped we can render tribute to one of the outstanding historians in this field and reflect the plenitude of current research in this subject area *Iran and The West* Cyrus Ghani, 2013-09-05

Judaising Movements Tudor Parfitt,Emanuela Semi,2013-12-16 The history of Judaising movements has been largely ignored by historians of religion This volume analyzes the interplay between colonialism a Judaism not traditionally viewed as proselytising but which at certain points was struggling to heed the Prophets and become a light unto the Gentiles and the attraction for many different peoples of the rooted historicity of Judaism and by the symbolic appropriation of Jewish suffering This book will look at the role of colonialism in the development of Judaising movements throughout the world including New Zealand Japan India Burma and Africa Particular attention will be paid to the Lemba tribe of Southern Africa A remarkable parallel movement in 1930s Southern Italy will also be dealt with The history of the converts of San Nicandro is seen in the context of currents of Jewish universalism messianism and Zionism Gender issues are also discussed here as the converted women assumed powers they had not hitherto enjoyed
