Autobiography of a Naturalist and Environmentalist R. B. Eltringham, S. K. Eltringham, 2012-04-17 This book is an autobiography based on Keith's memoirs which he wrote shortly before he died in 2006 not for publication but for his descendants who might be interested in how he spent his life He didn't think there would be wide interest but this was far from true and in fact he wrote a most interesting story of his life especially in Africa where he lived with his family for several years Keith was born in 1929 in rural Canada on the prairies of Alberta He was always passionate about animals and wanted nothing else than a life involving animals and this was something that he achieved He went to school in Bristol and was educated at Southampton University and Cambridge where he taught for several years He had a wide knowledge of the animal world and was very knowledgeable about every animal that he met He acquired an encyclopedic knowledge of the animal world and he wanted nothing more than to learn all he could about animals and to this end as a youngster he established a so called zoo in the garden Our mother was not too happy when he introduced ants to what he called Ant Island which was an upturned dust bin lid

Romantic Naturalists, Early Environmentalists Dewey W. Hall, 2016-04-08 In his study of Romantic naturalists and early environmentalists Dewey W Hall asserts that William Wordsworth and Ralph Waldo Emerson were transatlantic literary figures who were both influenced by the English naturalist Gilbert White In Part 1 Hall examines evidence that as Romantic naturalists interested in meteorology Wordsworth and Emerson engaged in proto environmental activity that drew attention to the potential consequences of the locomotive's incursion into Windermere and Concord In Part 2 Hall suggests that Wordsworth and Emerson shaped the early environmental movement through their work as poets turned naturalists arguing that Wordsworth influenced Octavia Hill's contribution to the founding of the United Kingdom's National Trust in 1895 while Emerson inspired John Muir to spearhead the United States National Parks movement in 1890 Hall's book traces the connection from White as a naturalist turned poet to Muir as the quintessential early environmental activist who camped in Yosemite with President Theodore Roosevelt Throughout Hall raises concerns about the growth of industrialization to make a persuasive case for literature's importance to the rise of environmentalism

Politically Incorrect Guide to Global Warming and Environmentalism Christopher C. Horner, 2007-02-12 In The Politically Incorrect Guide to Global Warming and Environmentalism Christopher C Horner tears the cover off the Left's manipulation of environmental issues for political purposes and lays out incontrovertible evidence for the fact that catastrophic man made global warming is just more Chicken Little hysteria not actual science He explains why although Al Gore and his cronies among the media elites and UN globalists endlessly bleat that global warming is an unprecedented

global crisis they really think of it as a dream come true It s the ideal scare campaign for those who hate capitalism and love big government

A History of Environmentalism Marco Armiero,Lise Sedrez,2014-07-31 Think globally act locally has become a call to environmentalist mobilization proposing a closer connection between global concerns local issues and individual responsibility A History of Environmentalism explores this dialectic relationship with ten contributors from a range of disciplines providing a history of environmentalism which frames global themes and narrates local stories Each of the chapters in this volume addresses specific struggles in the history of environmental movements for example over national parks species protection forests waste contamination nuclear energy and expropriation A diverse range of environments and environmental actors are covered including the communities in the Amazonian Forest the antelope in Tibet atomic power plants in Europe and oil and politics in the Niger Delta The chapters demonstrate how these conflicts make visible the intricate connections between local and global the body and the environment and power and nature A History of Environmentalism tells us much about transformations of cultural perceptions and ways of production and consuming as well as ecological and social changes More than offering an exhaustive picture of the entire environmentalist movement A History of Environmentalism highlights the importance of the experience of environmentalism within local communities It offers a worldwide and polyphonic perspective making it key reading for students and scholars of global and environmental history and political ecology

Nature and the Environment Doris Faber,Harold Faber,1991 Examines the life stories of twenty six individuals from around the world who made notable contributions as naturalists conservationists or environmentalists

One Health Environmentalism Benjamin Capps,2024-05-31 One Health emerges from the contingent scientific social and political realities of environmentalism The concept mixes the land sea and sky with geopolitics on the global stages of the United Nations and World Health Organization It inspires new investment in conservation and public health motivates interdisciplinary collaboration and in practice implicates green economies and animal law as well This Element does not tackle all of this but attempts to situate One Health in the catastrophe of COVID 19 a socio ecological upheaval prophetic of the inevitable next pandemic evolving from planetary climate crisis of our own making One Health Environmentalism argues that humanity s future depends upon extending an olive branch to biotic communities by being less speciesist and less blind to the rights in nature

A Year with Nature Marty Crump,2018-11-11 A Year with Nature is an almanac like none you ve ever seen combining science and aesthetics it is a daily affirmation of the extraordinary richness of biodiversity and our enduring beguilement by its beauty With a text by herpetologist and natural history writer Marty Crump and a cornucopia of original illustrations by Bronwyn McIvor this quirky quotidian reverie gazes across the globe media and time as it celebrates date appropriate natural topics ranging from the founding of the National Park Service to annual strawberry garlic shrimp hummingbird and black bear festivals With Crump we mark the publication of classics like Carson s Silent Spring and White s Charlotte s Web and even the musical premiere of Tchaikovsky s Swan Lake We note the discovery of the structure of DNA

and the mountain gorilla the rise of citizen science projects and the work of people who've shaped how we view and protect nature from Aristotle to E O Wilson Some days feature US celebrations like National Poinsettia Day and National Cat Day others highlight country specific celebrations like Australia's Wombat Day and Thailand's Monkey Buffet Festival during which thousands of macaques feast on an ornately arranged spread of fruits and vegetables Crump also highlights celebrations that span borders from World Wildlife Conservation Day to International Mountain Day and global festivities for snakes sea turtles and chocolate Interweaving fascinating facts on everything from jellyfish bodies to monthly birth flowers with folkloric entries featuring the Loch Ness Monster unicorns and ancient Greek Roman and Egyptian mythology the almanac is as exhaustive as it is enchanting A Year with Nature celebrates the wonder and beauty of our natural world as we have expressed it in visual arts music literature science natural history and everyday experience But more than this the almanac's vignettes encourage us to contemplate how we can help ensure that future generations will be able to enjoy the landscapes and rich biodiversity we so deeply cherish

Conservation of the Black-Tailed Prairie Dog John

Hoogland,2013-04-09 The prairie dog is a colonial keystone species of the grassland ecosystem of western North America Myriad animals regularly visit colony sites to feed on the grass there to use the burrows for shelter or nesting or to prey on the prairie dogs Unfortunately prairie dogs are disappearing and the current number is only about 2% of the number encountered by Lewis and Clark in the early 1800s Part I of Conservation of the Black Tailed Prairie Dog summarizes ecology and social behavior for pivotal issues such as when prairie dogs breed how far they disperse how they affect other organisms and how much they compete with livestock Part II documents how loss of habitat poisoning plague and recreational shooting have caused the precipitous decline of prairie dog populations over the last 200 years Part III proposes practical solutions that can ensure the long term survival of the prairie dog and its grassland ecosystem and also are fair to private landowners We cannot expect farmers and ranchers to bear all the costs of conservation while the rest of us enjoy all the benefits With 700 references 37 tables 75 figures and photographs and a glossary Conservation of the Black Tailed Prairie Dog is a unique and vital contribution for wildlife managers politicians environmentalists and curious naturalists

A Conservative

Environmentalist Thomas G. Smith,2024-06-25 A wealthy textile titan from Carlisle Pennsylvania Frank Masland Jr was an ardent political conservative and an equally fervent conservationist who was well known and highly respected in the mid twentieth century environmental preservation community This eye opening biography charts Masland's life work telling the story of how he and fellow Republicans worked with Democrats to expand the national park system preserve wild country and protect the environment Though a conservative conservationist appears to be a contradiction in terms today this was not necessarily the case when Masland and his compatriots held sway Conservatives Masland insisted had a duty to be good stewards of the earth for present and future generations and they worked closely with members of both parties in Congress and nonpolitical conservation groups to produce landmark achievements When conservatives turned against

environmentalism during the Reagan presidency Masland refused to join what historians have termed the Republican reversal During his long life of nearly a hundred years Masland used his voice influence experiences with nature and considerable wealth to champion environmental causes at the national state and local levels Engaging informative and at times eyebrow raising this portrait of a passionately anti statist nature loving Republican environmentalist documents the history of the twentieth century conservation movement and reminds us of a time when conservative Republicans could work with liberal Democrats to protect the environment *The Routledge Handbook of Religious Naturalism* Donald A.
