Literature and Politics in the Age of Nationalism Talat Ahmed, 2020-11-29 This book aims to provide a historical account of the All India Progressive Writers Association AIPWA In a structured narrative it focuses on the political processes inside India events and circumstances in South Asia and the debates and literary movements in Europe and the United States to demonstrate how the literary project was specifically informed by literary political movements It explores the theorisation of literature and politics that informed progressive writing and argues that the progressive conception of literature art and politics was closer to the theorisation of two thinkers of whom the writers themselves knew very little Leon Trotsky and Antonio Gramsci The book charts the progressive movement's extension into the cultural arena through the Indian People's Theatre Association IPTA and the deepening of its nation wide character through a progressive nationalism instilled with left wing ideology One of the important aims of the AIPWA project was to advance the development of a popular vernacular based on the demotic language of north India Hindustani The book locates this issue within the broader nationalist discussion on the national language Contrary to what is implied by much of the previous scholarship the book argues that the progressive movement did survive the ravages of partition and that the progressives maintained organisations in both India and Pakistan It looks at the short lived but very colourful history of the PWA in Pakistan using PWA documents government records and personal testimonies Arguing that literary output and cultural production cannot be understood let alone interpreted outside the context of the nationalist movement war independence and partition the book presents a narrative that necessarily transcends disciplinary boundaries between literature politics and history

Supplemented with literary and archival sources and oral testimonies from the members of the movement it presents

The Tender Carnivore and the Sacred Game Paul Shepard, 2011-07-01 In what may be his boldest and most controversial book Paul Shepard presents an account of human behavior and ecology in light of our past In it he contends that agriculture is responsible for our ecological decline and looks to the hunting and gathering lifestyle as a model more closely in tune with our essential nature Shepard advocates affirming the profound and beautiful nature of the hunter and gatherer redefining agriculture and combining technology with hunting and gathering to recover a livable environment and peaceful society

most intriguing of the Synoptic gospels a remarkable feat in the face of the explosion of Markan scholarship over the last
twenty years Keenan accomplishes this by approaching Mark as no other scholar has done through the lens of Mahayana
Buddhist philosophy This view stresses the emptying of all preconceived notions of how to begin reading as well as
reclamation of such notions in terms of dependent co arising and Jesus assault on the validity of conventional religiosity The
Gospel of Mark displays an alternative hermeneutical procedure one generated by the Mahayana understanding of the
function of text and doctrine and informed by Mahayana philosophy Part One of The Gospel of Mark provides an overview of
different interpretive techniques in Markan scholarship It describes and argues for the validity of a Buddhist approach to this
charter document of the Christian Gospel Here the author demonstrates a profound grasp not only of scriptural scholarship
but of Mahayana philosophy Keenan discusses themes such as Mark s elliptical style and the journeying that provides the
impetus for the narrative and explores them through the lens of emptiness and dependent co arising which are the focal
points of a Mahayana reading In Part Two Keenan gives the reader truly fresh insights into the paradoxical world of Mark s
Jesus Through a Buddhist lens the text offers startling and new perspectives on Jesus himself the experience of the Kingdom
