**Nautical Quarterly** ,1989      **Design & Applied Arts Index** ,1991      **The Oxford Handbook of Maritime Archaeology** Alexis Catsambis,Ben Ford,Donny L. Hamilton,2014-02 This title is a comprehensive survey of maritime archaeology as seen through the eyes of nearly fifty scholars at a time when maritime archaeology has established itself as a mature branch of archaeology      **APAIS, Australian Public Affairs Information Service** ,1989 Vol for 1963 includes section Current Australian serials a subject list      **The Old War Horse** Myron J. Smith, Jr.,2024-02-13 With a unique prewar history as a snagboat and James B Eads noted catamaran salvage vessel the Benton survived a tumultuous government acquisition process and conversion to become flagship of the Union s Civil War Western river navy From Island No 10 through the Vicksburg and Red River campaigns the revolutionary ironclad participated in both combat and administrative activities earning a prominent place in nautical legend and literature This first book length profile of the warship reveals little known details of both her prewar and wartime career and reviews her final disposal      Journal of Glass Studies ,1999      Japanese Defence Syed Javed Maswood,1990 This book focuses on the defence policy of the Nakasone administration and attempts to provide an explanation for the policy measures which its administration implemented or initiated It suggests that the widening disparity between economic interests and political power forced Japan to review the traditional bases for defence policy making and prompted the search for a balance that would allow the country a more active role in the international sphere The book is organized around the central theme that Nakasone s defence policy can be understood as an attempt to rehabilitate Japan as a normal state and end the state of affairs that had relegated it to a unique and low position      **The Children's Civil War** James Alan Marten,2000-10-01 The Children s Civil War is an exploration of childhood during our nation s greatest crisis James Marten describes how the war changed the literature and schoolbooks published for children how it affected children s relationships with absent fathers and brothers how the responsibilities forced on northern and especially southern youngsters shortened their childhoods and how the death and destruction that tore the country apart often cut down children as well as adults      *Inside the Spanish-American War* James M. McCaffrey,2009-04-22 This is the story of the Spanish American War told not from the perspective of generals policy makers or politicians but from that of the soldiers sailors and marines in the field and the reporters who covered their efforts Concentration on the daily lives of these people provides insight into the often overlooked facets of a soldier s life detailing their training and interaction with weaponry their food clothing and medical supplies and their personal interactions and daily struggles While the Spanish American War set the stage for America s emergence as a global power this is its history on an individual scale as seen through the eyes of those upon whom the war had the most immediate impact      **The Liberty Incident Revealed** A. Jay Cristol,2013-09-15 The Liberty Incident Revealed is the complete and final story about the Israeli Air Force and Navy attack on the USS Liberty during the Six Day War in June 1967 Cutting through all of the controversy

and conspiracy theories about Israel's deadly attack Cristol revises his well regarded book about the event with an expanded and in depth analysis of all of the sources including the released tapes of the National Security Agency NSA intercepts When Cristol's first book on the subject *The Liberty Incident* was published in 2002 there remained many unanswered questions about Israeli Air Force audio tapes The NSA intercepts tapes had not yet been released in 2002 Some conspiracy theorists alleged the NSA tapes would prove that the Israeli attack was premeditated Cristol's successful Freedom of Information Act lawsuit against the NSA while resulting in the release of those tapes has been greeted by anti Israel sources insisting that the NSA tapes are fraudulent and are part of a larger conspiracy to deceive the American public After a quarter of a century of intensive research in both Israel and the U S researching all relevant archives from NSA CIA and the State Department reviewing both formerly classified and open source documents and interviewing all then living individuals directly involved in the incident the factual and documentary record is clear Cristol maintains that despite the fact that all of the official records and transcripts are now available for review the truth has proven to be of no interest to those individuals and organizations who are motivated by hidden agendas wish to keep conspiracy theories alive or are trying to feed sensational stories to the media Documenting his findings in six new chapters Cristol establishes definitively that the Israeli attack was a tragic mistake and presents a convincing argument that will be regarded as the final chapter in the long simmering debate about this incident
