Gail Guthrie Valaskakis

Navajo Blood:

Navajo Courts and Navajo Common Law Raymond Darrel Austin, 2009 The Navajo Nation court system is the largest and most established tribal legal system in the world Since the landmark 1959 U S Supreme Court decision in *Williams v Lee* that affirmed tribal court authority over reservation based claims the Navajo Nation has been at the vanguard of a far reaching transformative jurisprudential movement among Indian tribes in North America and indigenous peoples around the world to retrieve and use traditional values to address contemporary legal issues A justice on the Navajo Nation Supreme Court for sixteen years Justice Raymond D Austin has been deeply involved in the movement to develop tribal courts and tribal law as effective means of modern self government He has written foundational opinions that have established Navajo common law and throughout his legal career has recognized the benefit of tribal customs and traditions as tools of restorative justice In *Navajo Courts and Navajo Common Law* Justice Austin considers the history and implications of how the Navajo Nation courts apply foundational Navajo doctrines to modern legal issues He explains key Navajo foundational concepts like H zh harmony K peacefulness and solidarity and K kinship both within the Navajo cultural context and using the case method of legal analysis as they are adapted and applied by Navajo judges in virtually every important area of legal life in the tribe In addition to detailed case studies Justice Austin provides a broad view of tribal law documenting the development of tribal courts as important institutions of indigenous self governance and outlining how other indigenous peoples both in North America and elsewhere around the world can draw on traditional precepts to achieve self determination and self government solve community problems and control their own futures

Indian Blood Andrew J. Jolivé, 2016-06-01 Finalist for the 2017 Lambda Literary Lammy Award in LGBTQ Studies The first book to examine the correlation between mixed race identity and HIV AIDS among Native American gay men and transgendered people *Indian Blood* provides an analysis of the emerging and often contested LGBTQ two spirit identification as it relates to public health and mixed race identity Prior to contact with European settlers most Native American tribes held their two spirit members in high esteem even considering them spiritually advanced However after contact and religious conversion attitudes changed and social and cultural support networks were ruptured This discrimination led to a breakdown in traditional values beliefs and practices which in turn pushed many two spirit members to participate in high risk behaviors The result is a disproportionate number of two spirit members who currently test positive for HIV Using surveys focus groups and community discussions to examine the experiences of HIV positive members of San Francisco s two spirit community *Indian Blood* provides an innovative approach to understanding how colonization continues to affect American Indian communities and opens a series of crucial dialogues in the fields of Native American studies public health queer studies and critical mixed race studies

The Sound of Navajo Country Kristina M. Jacobsen, 2017-02-22 In this ethnography of Navajo Din popular music culture Kristina M Jacobsen examines questions of Indigenous identity and performance by focusing on the surprising

and vibrant Navajo country music scene Through multiple first person accounts Jacobsen illuminates country music's connections to the Indigenous politics of language and belonging examining through the lens of music both the politics of difference and many internal distinctions Din make among themselves and their fellow Navajo citizens As the second largest tribe in the United States the Navajo have often been portrayed as a singular and monolithic entity Using her experience as a singer lap steel player and Navajo language learner Jacobsen challenges this notion showing the ways Navajos distinguish themselves from one another through musical taste linguistic abilities geographic location physical appearance degree of Navajo or Indian blood and class affiliations By linking cultural anthropology to ethnomusicology linguistic anthropology and critical Indigenous studies Jacobsen shows how Navajo poetics and politics offer important insights into the politics of Indigeneity in Native North America highlighting the complex ways that identities are negotiated in multiple often contradictory spheres

The Complexities of American Indian Identity in the Twenty-First Century Sean M. Daley, Christine Makosky Daley, 2023-03-15 Between 2011 and 2015 over 700 Native Americans from across the United States participated in Native 24/7 a mixed methods study that delved into modern day American Indian identities through semi structured interviews with accompanying surveys Using the perspectives voices and stories of these participants Daley and Daley document how contemporary Native peoples feel define and contribute to the construction of Native identity on topics such as colonization tribal enrollment blood quantum language spirituality family and community

My Indian blood Dama Beltrán, 2021-11-06 Cursed That's the word Gerald Kenston uses to describe himself Despite feeling alone the mix of blood and the tragedy his parents lived impede him to look for the woman who can free him from that curse However destiny is capricious and makes him cross his path with a woman who from the moment they meet not only does she make him lose his senses but also causes him such attraction that he can't stay away from her even for a second When the feelings of possession territoriality protection and the spirit you keep inside you is reborn from its ashes you'll be in front of the woman destined for you Was his paternal grandfather right Was Kathy's niece his hope How would Emma act when she finds out Gerald's secret

Indian Truth, 1924 **American Indian Policy Review Commission** United States. American Indian Policy Review Commission, 1976 *American Indian Identity* Se-ah-dom Edmo, Jessie Young, Alan Parker, 2016-05-09 This single volume book contends that reshaping the paradigm of American Indian identity blood quantum and racial distinctions can positively impact the future of the Indian community within America and America itself This academic compendium examines the complexities associated with Indian identity in North America including the various social political and legal issues impacting Indian expression in different periods the European influence on how self governing tribal communities define the rights of citizenship within their own communities and the effect of Indian mascots Thanksgiving and other cultural appropriations taking place within American society on the Indian community The book looks at and proposes solutions to the controversies surrounding the Indian tribal nations and their people The authors all leading advocates of Indian progress argue that tribal governments and communities should reconsider the notion of what comprises Indian identity and in doing so they compare and contrast how indigenous people around the world define themselves and their communities Chapters address complex questions under the discourse of Indian law history philosophy education political science anthropology art psychology and civil rights Topics covered in depth include blood quantum racial distinctions First Nations and tribal citizenship

Final Report to the American Indian Policy Review Commission United States. American Indian policy review commission, 1976 **Indian Education**, 1948 **The Lumbee Problem**, 2001-01-01 How does a group of people who have American Indian ancestry but no records of treaties reservations Native language or peculiarly Indian customs come to be accepted socially and legally as Indians Originally published in 1980 The Lumbee Problem traces the political and legal history of the Lumbee Indians of Robeson County North Carolina arguing that Lumbee political activities have been powerfully affected by the interplay between their own and others' conceptions of who they are The book offers insights into the workings of racial ideology and practice in both the past and the present South and particularly into the nature of Indianness as it is widely experienced among nonreservation Southeastern Indians Race and ethnicity as concepts and as elements guiding action are seen to be at the heart of the matter By exploring these issues and

their implications as they are worked out in the United States Blu brings much needed clarity to the question of how such concepts are or should be applied across real and perceived cultural borders One Drop of Blood Scott

Malcomson,2000-10-04 A bold and original retelling of the story of race in America Why has a nation founded upon precepts of freedom and universal humanity continually produced through its preoccupation with race a divided and constrained populace This question is the starting point for Scott Malcomson s riveting and deeply researched account which amplifies history with memoir and reportage From the beginning Malcomson shows a nation obsessed with invention began to create a new idea of race investing it with unprecedented moral and social meaning A succession of visionaries and opportunists self promoters and would be reformers carried on the process helping to define black white and Indian in opposition to one another and in service to the aspirations and anxieties of each era But the people who had to live within those definitions found them constraining They sought to escape the limits of race imposed by escaping from other races or by controlling confining eliminating or absorbing them in a sad absurd parade of events Such efforts have never truly succeeded yet their legacy haunts us as we unhappily re enact the drama of separatism in our schools workplaces and communities By not only recounting the shared American tragicomedy of race but helping us to own even to embrace it this important book offers us a way at last to move beyond it Indian Country Gail Guthrie Valaskakis,2009-08-03 Since first contact Natives and newcomers have been involved in an increasingly complex struggle over power and identity Modern Indian wars are fought over land and treaty rights artistic appropriation and academic analysis while Native communities struggle among themselves over membership money and cultural meaning In cultural and political arenas across North America Natives enact and newcomers protest issues of traditionalism sovereignty and self determination In these struggles over domination and resistance over different ideologies and Indian identities neither Natives nor other North Americans recognize the significance of being rooted together in history and culture or how representations of Indianness set them in opposition to each other In Indian Country Essays on Contemporary Native Culture Gail Guthrie Valaskakis uses a cultural studies approach to offer a unique perspective on Native political struggle and cultural conflict in both Canada and the United States She reflects on treaty rights and traditionalism media warriors Indian princesses powwow museums art and nationhood According to Valaskakis Native and non Native people construct both who they are and their relations with each other in narratives that circulate through art anthropological method cultural appropriation and Native reappropriation For Native peoples and Others untangling the past personal political and cultural can help to make sense of current struggles over power and identity that define the Native experience today Grounded in theory and threaded with Native voices and evocative descriptions of Indian experience including the author s the essays interweave historical and political process personal narrative and cultural critique This book is an important contribution to Native studies that will appeal to anyone interested in First Nations experience and popular culture
