Lipps, 1989 A history of the Navajo in Arizona New Mexico and Utah *The Navajos* Virginia Driving Hawk Sneve, 1993 Provides an overview of the history culture and ways of life of the Navajo Indians **Navajo Places** Laurance D. Linford, 2000 A place name guide covering the entire traditional Navajo homeland includes some 1 200 entries appearing in alphabetical order by name and organized by state Each entry includes the English name elevation county meaning of the Navajo name significance if known description and location Also includes introductory material outlining Navajo history culture and ceremony *Navajo History* Navaho Curriculum Center, 1971 A history of the Navajos from their mythological and prehistoric beginnings to the present written by and for the Navajo people **Indian-made** Erika Marie Bsumek, 2008 In works of silver and wool the Navajos have established a unique brand of American craft And when their artisans were integrated into the American economy during the late nineteenth century they became part of a complex cultural and economic framework in which their handmade crafts conveyed meanings beyond simple adornment Bsumek unravels the layers of meaning that surround the branding of Indian made When Navajo artisans produced their goods collaborating traders tourist industry personnel and even ethnologists created a vision of Navajo culture that had little to do with Navajos themselves And as Anglos consumed Navajo crafts they also consumed the romantic notion of Navajos as primitives perpetuated by the marketplace These processes of production and consumption reinforced each other creating a symbiotic relationship and influencing both mutual Anglo Navajo perceptions and the ways in which Navajos participated in the modern marketplace Ultimately Bsumek

shows that the sale of Indian made goods cannot be explained solely through supply and demand It must also reckon with the multiple images and narratives that grew up around the goods themselves integrating consumer culture tourism and history to open new perspectives on our understanding of American Indian material culture BOOK JACKET *Navajo Indians* Caryn Yacowitz,2003 Describes the history social life and customs and present status of the Navajo **Navajo Courts and Navajo Common Law** Raymond Darrel Austin,2009 The Navajo Nation court system is the largest and most established tribal legal system in the world Since the landmark 1959 U S Supreme Court decision in *Williams v Lee* that affirmed tribal court authority over reservation based claims the Navajo Nation has been at the vanguard of a far reaching transformative jurisprudential movement among Indian tribes in North America and indigenous peoples around the world to retrieve and use traditional values to address contemporary legal issues A justice on the Navajo Nation Supreme Court for sixteen years Justice Raymond D Austin has been deeply involved in the movement to develop tribal courts and tribal law as effective means of modern self government He has written foundational opinions that have established Navajo common law and throughout his legal career has recognized the benefit of tribal customs and traditions as tools of restorative justice In *Navajo Courts and Navajo Common Law* Justice Austin considers the history and implications of how the Navajo Nation courts apply foundational Navajo doctrines to modern legal issues He explains key Navajo foundational concepts like H zh harmony K peacefulness and solidarity and K kinship both within the Navajo cultural context and using the case method of legal analysis as they are adapted and applied by Navajo judges in virtually every important area of legal life in the tribe In addition to detailed case studies Justice Austin provides a broad view of tribal law documenting the development of tribal courts as important institutions of indigenous self governance and outlining how other indigenous peoples both in North America and elsewhere around the world can draw on traditional precepts to achieve self determination and self government solve community problems and control their own futures *The Navajos* Peter Iverson,1976 A massive literature exists for the history and culture of American Indians but the quality of that literature is very uneven At its best it compares well with the finest scholarship and most interesting reading to be found anywhere At its worst it may take the form of malicious fabrication It is after all a history of hundreds if not thousands of human communities spread over an entire continent and enduring through millenia of pre Columbian years as well as the five centuries that Europeans have documented since 1492 The Lore of New Mexico Marta Weigle,Peter White,2003 This award winning text on New Mexico folklore traditions is now available in a shorter edition Through White Men's Eyes J. Lee Correll,1979 **Navajo Indians** United States. Congress. House. Committee on Indian Affairs,1946 *A History of Navajo Nation Education* Wendy Shelly Greyeyes,2022-03 On the heels of the fiftieth anniversary of the founding of the Department of Din Education this important education history explains how the current Navajo educational system is a complex terrain of power relationships competing agendas and jurisdictional battles influenced by colonial pressures and tribal resistance In providing the historical roots to

today's challenges Wendy Shelly Greyeyes clears the path and provides a go to reference to move discussions forward

Navajo Land, Navajo Culture Robert S. McPherson, 2001 In *Navajo Land Navajo Culture* Robert S McPherson presents an intimate history of the Din or Navajo people of southeastern Utah Moving beyond standard history by incorporating Native voices the author shows how the Dine's culture and economy have both persisted and changed during the twentieth century As the dominant white culture increasingly affected their worldview these Navajos adjusted to change took what they perceived as beneficial and shaped or filtered outside influences to preserve traditional values With guidance from Navajo elders McPherson describes varied experiences ranging from traditional deer hunting to livestock reduction from bartering at a trading post to acting in John Ford movies and from the coming of the automobile to the burgeoning of the tourist industry Clearly written and richly detailed this book offers new perspectives on a people who have adapted to new conditions while shaping their own destiny
