McCarty,2002-02-01 *A Place To Be Navajo* is the only book length ethnographic account of a revolutionary Indigenous self determination movement that began in 1966 with the Rough Rock Demonstration School Called Din Bi Ita The People s School in recognition of its status as the first American Indian community controlled school Rough Rock was the first to teach in the Native language and to produce a body of quality children s literature by and about Navajo people These innovations have positioned the school as a leader in American Indian and bilingual bicultural education and have enabled school participants to wield considerable influence on national policy This book is a critical life history of this singular school and community McCarty s account grows out of 20 years of ethnographic work by the author with the Din Navajo community of Rough Rock The story is told primarily through written text but also through the striking black and white images of photographer Fred Bia a member of the Rough Rock community Unlike most accounts of Indigenous schooling this study involves the active participation of Navajo community members Their oral testimony and that of other leaders in Indigenous Navajo education frame and texture the account Informed by critical theories of education this book is not just the story of a single school and community It is also an inquiry into the larger struggle for self determination by Indigenous and other minoritized communities raising issues of identity voice and community empowerment *A Place To Be Navajo* asks whether school can be a place where children learn question and grow in an environment that values and builds upon who they are The author argues that the questions Rough Rock raises and the responses they summon implicate us all **Resources in Education** ,1990-04 *Diné Perspectives* Lloyd L. Lee,2014-05-08 What does it mean to be a Navajo Din person today What does it mean to respect tradition How can a contemporary life be informed by the traditions of the past These are the kinds of questions addressed by contributors to this unusual and pathbreaking book All of the contributors are coming to personal terms with a phrase that underpins the matrix of Din culture Sa ah Naagh Bik eh H zh n Often referred to simply as SNBH the phrase can be translated in many ways but is generally understood to mean one s journey of striving to live a long harmonious life The book offers a variety of perspectives of Din men and women on the Din cultural paradigm that is embedded in SNBH Their writings represent embodied knowledge grounded in a way of knowing that connects thought speech experience history tradition and land Some of the contributors are scholars Some are Din who are fighting for justice and prosperity for the Navajo Nation Some are poets and artists They are united in working to preserve both intellectual and cultural sovereignty for Din peoples And their contributions exemplify how Indigenous peoples are creatively applying tools of decolonization and critical research to re create Indigenous thought and culture in a present day that rarely resembles the days of their ancestors More than 300 000
