Sun Above the Horizon Peter F. Varadi, 2014-05-27 The meteoric rise of the photovoltaic PV industry is an incredible story In 2013 Google s investments in PV systems totaled about half a billion dollars and Warren Buffet one of the famous investors invested 2.5 billion in the world s largest PV system in California These gigantic investments by major financial players were made only 40 years after the first two terrestrial PV companies Solarex and Solar Power Corporation were formed in the USA Back in 1973 the two companies employed 20 people and produced only 500 watts of PV power Now just 40 years later over a million people work in the PV industry The worldwide capacity of operating PV electric generators equals the capacity of about 25 nuclear power plants The PV industry is growing at an annual rate of 30 percent equivalent to about five new nuclear power plants per year Today solar electricity is a significant supplier of electricity needs to the extent that PV is forcing the restructuring of 100 year old electric power utilities This book describes how this happened and what lies ahead for PV power generation
