## **Ne Thailand Archaeological Salvage Progr:**

*Archaeological Salvage Program, Northeastern Thailand, First Season* Wilhelm Solheim, C. F. Gorman, 1966\* The Archaeology of Mainland Southeast Asia Charles Higham, 1991 This important new synthesis focuses on the social world of early mainland Southeast Asia **Handbook of East and Southeast Asian Archaeology** Junko Habu, Peter V. Lape, John W. Olsen, 2017-12-08 The Handbook of East and Southeast Asian Archaeology focuses on the material culture and lifeways of the peoples of prehistoric and early historic East and Southeast Asia their origins behavior and identities as well as their biological linguistic and cultural differences and commonalities Emphasis is placed upon the interpretation of material culture to illuminate and explain social processes and relationships as well as behavior technology patterns and mechanisms of long term change and chronology in addition to the intellectual history of archaeology as a discipline in this diverse region The Handbook augments archaeologically focused chapters contributed by regional scholars by providing histories of research and intellectual traditions and by maintaining a broadly comparative perspective Archaeologically derived data are emphasized with text based documentary information provided to complement interpretations of material culture The Handbook is not restricted to art historical or purely descriptive perspectives its geographical coverage includes the modern nation states of China Mongolia Far Eastern Russia North and South Korea Japan Taiwan Vietnam Cambodia Laos Thailand Burma Malaysia Indonesia the Philippines and East Timor **Excavations at Non Pa Kluay, Northeast Thailand** Richard N. Wilen, 1989 A mortuary and settlement site with well stratified collection of artefacts from the Bronze and Iron periods of the Khorat Plateau piedmont 2000 B C to about 200 A D **The Bronze Age of Southeast Asia** Charles Higham, 1996-06-13 This book addresses the controversy over the origins of the Bronze Age of Southeast Asia Charles Higham provides a systematic and regional presentation of the current evidence He suggests that the adoption of metallurgy in the region followed a period of growing exchange with China Higham then traces the development of Bronze Age cultures identifying regionality and innovation and suggesting how and why distinct cultures developed This book is the first comprehensive study of the period placed within a broader comparative framework Ban Chiang, a Prehistoric Village Site in Northeast Thailand, Volume 1 Michael Pietrusewsky, Michele Toomay Douglas, 2002 The inaugural volume in the Thai Archaeology Monograph Series describes in detail the human skeletal remains from Ban Chiang in northeast Thailand The skeletal material spans a period from 2100 B C to A D 200 and includes premetal Bronze Age and Iron Age deposits from a series of prehistoric societies The history of Homo sapiens in Asia has long been a topic of interest among scholars investigating human biology This study which is based on one of the larger comprehensively analyzed skeletal series ever excavated in the region makes fundamental contributions to understanding human settlement in eastern Asia The volume includes detailed summaries of metric and nonmetric variation recorded in teeth skulls and the rest of the skeleton and evidence of disease of the Ban Chiang people These data are used to examine a number of questions Where did the people of

Ban Chiang come from Did more intensified agriculture influence the health of the people How do the people of Ban Chiang compare to the inhabitants of other ancient sites in Thailand and to the modern peoples of Thailand and neighboring regions Contrary to other groups experiencing similar transitions elsewhere in the world no clear evidence for a decline in health over time is noted in the Ban Chiang skeletal series suggesting continuity in a broad based subsistence strategy even in the face of intensifying agriculture The skeletal evidence further suggests a rigorous physical lifestyle with little evidence for infectious disease or interpersonal violence Content of this book s CD ROM may be found online at this location <http://core.tdar.org/project/376534> Thai Archaeology Monograph Series Joyce C White Series Editor University Museum Monograph 111

of public archaeology through relevant case studies from different regions throughout the world including Japan China South Korea New Caledonia South Africa Senegal Jordan Italy Peru Canada the United Kingdom the United States and Australia These case studies are examined from a wide variety of theoretical contexts to provide a thorough and comprehensive guide to the state of public archaeology today as well as implications for its future As the theory and practice of public archaeology continues to change and grow archaeology's relationship with the broader community needs to be critically and openly examined The contributions in this wide ranging work are a key source of information for anyone practicing or studying archaeology in a public context     Pa Mong Stage One United States.
