Teaching First-Year College Students Maggie Murphy, 2019-05-15 The first year experience is an emerging hot topic in academic libraries and many librarians who work with first year students are interested in best practices for engaging and retaining them Professional discussion and interest groups conferences and vendor sponsored awards for librarians working with first year students are popping up left and right A critical aspect of libraries in the first year experience is effective information literacy instruction for first year students Research shows that despite growing up in a world rife with technology and information students entering college rarely bring with them the conceptual understandings and critical habits of thinking needed for finding evaluating and ethically using information in both academic and real world contexts Faculty in upper level courses expect students to learn about the research process in their first year of college and instructors in the first year curriculum expect librarians to teach this to their students Despite all this designing teaching and evaluating effective information literacy instruction specifically for first year students is not necessarily intuitive for instruction librarians That is why Teaching First Year College Students A Practical Guide for Librarians is a comprehensive how to guide for both new and experienced librarians interested in planning teaching and assessing library instruction for first year students The book Examines the related histories of library instruction and first year experience initiatives Summarizes and synthesizes empirical research and educational theory about first year students as learners and novice researchers Establishes best practices for engaging first year students through active learning and inclusive teaching Features excerpts from interviews with a number of instruction librarians who work with first year students in a range of positions and instructional contexts Includes examples of activities lesson plans and assessment ideas for first year library instruction for common first year course scenarios Includes a template to use for library instruction lesson planning Written by a library instruction coordinator with a graduate degree in First Year Studies and a first year instruction librarian Teaching First Year College Students A Practical Guide for Librarians

is the first comprehensive how to guide for both new and experienced librarians interested in planning coordinating teaching and assessing library instruction for first year students The Oxford Handbook of Social Justice in Music Education Cathy Benedict, Patrick K. Schmidt, Gary Spruce, Paul Woodford, 2015 The Oxford Handbook of Social Justice in Music Education provides a comprehensive overview and scholarly analyses of challenges relating to social justice in musical and educational practice worldwide and provides practical suggestions that should result in more equitable and humane learning opportunities for students of all ages **Transitions Through Education** Elizabeth Fraser Selkirk Hannah, Divya Jindal-Snape, 2022-02-28 **Publications [afterw.] Library bulletins**, ed. by G.H. Baker New York city, Columbia univ, libr, 1901 **Spirituality, Education & Society** Njoki N. Wane, Energy L. Manyimo, Eric J. Ritskes, 2011-10-29 Spirituality education and society An integrated approach argues the value of spirituality in education as a way to address the lived experiences and personal knowledge of students with the goal of creating a more holistic transformative educational process This edited volume has a wide array of viewpoints which all point to the importance of spirituality in the authors personal lives their communities and society at large Spirituality is conceptualised as a base from which to challenge dominant forms of knowing while in the process being able to center and engage with an important aspect of the student that has been missing from current evaluations their spiritual selves Within the diversity of this volume it becomes evident that spirituality cannot be confined to a singular definition and that educators must be willing to create spaces to foster spiritual growth and exploration if we are to break away from the commoditized disempowering system that is so dominant today This edited collection is a valuable resource for students practitioners educators and administrators who wish to engage in transformational schooling Its multidisciplinary approach engages ideas around critical pedagogy sociology of education and inclusive schooling There is an increasing need for exploring novel paradigms of studying education in the context of the dynamics that straddle social economic and technological processes that have come to characterize the world in recent years This book is a timely contribution in this respect as its focus transcends hitherto applied approaches that depend largely on western orientation The book breaks new grounds in studying education and society that find significant relevance in societies that are marginalized by the dominant western understanding The authors draw from the rich heritage of spirituality that is akin to the non western social paradigms to develop a rigorous but creative concept of schooling I am sure practitioners researchers and students of education will find it a valuable source of practical and theoretical information that would widen their horizon of understanding of sociology of education Tom Mongare Ndege PhD Moi University Kenya The editors have compiled a brilliant collection of essays Each piece of scholarly work shows how spirituality is a paramount part of our everyday lives and is connected to teaching learning living and healing This is a timely and most relevant work that is sure to spur critical dialogue and discussion This collection shows that while the spirit may be wounded it can never be broken Erica Neeganagwedgin PhD University of Toronto **Promoting Diversity, Equity, and Inclusion in**
