Wagner,2009-05-26 Your career is compelling Your ministry at church is God s calling But do you realize how these outside activities capture your heart and steal your time and energy from your family Adventure becomes what you want to do while family is what you are supposed to do Now author Rich Wagner offers a bold alternative In this personal and revealing book the author challenges Christian men to harness their career ambitions and limit their ministries while their children are at home Wagner shows how the pull of business success and the call to church ministries are compelling even seductive But if you allow your heart to be captured by career and church you put your kid s spiritual lives at risk Far too many Christian children grow up with the vision of a loving Father in heaven but live with the reality of an earthly father who seems more devoted to outside interests than he is to them As a result many children in Christian families today drift away from their faith as they become adults Wagner reveals how accepting his challenge will not only result in spiritually healthy kids but also give you the true adventure for which every Christian man yearns *The Boardman Tasker Omnibus* Peter

Sieberson, 2014-10-01 *The Naked Mountaineer* recounts a series of solo journeys to some of the world's most exotic peaks in places such as Switzerland Japan and Borneo However it is far from the typical heroic mountain expedition book Although Steve Sieberson did reach many summits in most cases his travels were more memorable for what he encountered along the way than for the actual climbing His real adventures involved peculiar people strange foods and tropical diseases rather than pitons ice axes and carabiners On the Matterhorn he met an English alpinist who reveled in naked selfies he stumbled into a cockfight in a Balinese village and on a volcano in Italy he was mistaken for a famous singer by an insistent fan *The Naked Mountaineer* offers mountain themed travel stories with a wide eyed view of the world while presenting irreverent

commentary on climbers and their peculiar sport These are rollicking tales filled with the unexpected **The God Machine** James R. Chiles, 2008-11-26 From transforming the ways of war to offering godlike views of inaccessible spots revolutionizing rescues worldwide and providing some of our most watched TV moments including the cloud of newscopters that trailed O J Simpson s Bronco the helicopter is far more capable than early inventors expected Now James Chiles profiles the many helicoptrians who contributed to the development of this amazing machine and pays tribute to the selfless heroism of pilots and crews A virtual flying lesson and scientific adventure tale The God Machine is more than the history of an invention it is a journey into the minds of imaginative thinkers and a fascinating look at the ways they changed our world The Storms of Denali Nicholas O'Connell, 2012-07-15 Reaching 20 320 feet into and above the clouds the peak of Denali is the highest and coldest summit in North America In this novel of adventure adversity and ambition by renowned mountaineer and writer Nicholas O Connell four men set out to conquer it Among the sharply drawn team members is narrator John Walker a family man trying to choose between domestic stability and mountaineering s uncertain glory In the course of their ascent the group battles avalanches fierce winds and mind numbing cold before their bond begins to splinter leading inexorably to tragedy Throughout the book the author s first hand experience lends vivid reality to the formidable challenges of the mountain and to the bonds formed and broken in the pursuit of its summit Beyond the physical tolls O Connell presents in stark relief the internal debate about the price of success all the more urgent at the earth s extremes
