Bell,2004-09-10 Light considered the purest embodiment of the divine is the basis of all art to one degree or another so why
not make art out of light Dan Flavin 1933 96 an innovative and prolific American sculptor who can be considered an abstract
minimalist and installation artist chose as his medium commercial fluorescent tubes and with these everyday lights created
works of radiant and evocative beauty Flavin had many major shows and created a number of permanent public installations
now his work is being celebrated in a magnificent retrospective exhibition that will travel across the country This handsomely
produced volume by Govan director of the Dia Art Foundation and Bell who worked with Flavin presents exquisite
photographs of Flavin s seminal light compositions and expert biographical and critical assessments Citing Byzantine icons
William Ockham and Barnett Newman as influences Flavin created ravishingly beautiful colors and profoundly nuanced
constructions with seemingly banal industrial materials transforming ordinary spaces into places of wonder For a definitive
