## **Love Lies Murder:**

**Love Lies: A True Story of Marriage and Murder in the Suburbs** Amanda Lamb, 2015-09-22 A perfect life A perfect lie When Nancy Cooper moved from Canada to Cary North Carolina with her new husband Brad their future was bright living in one of the most picturesque towns in the US the couple mingled with neighbors attended parties and raised two daughters Then on July 14th 2008 the facade came crashing down when Nancy's strangled body was found in a storm pond Nancy's husband claimed that she had gone for a jog and never come back But as the police investigation deepened and as Brad was brought to trial for murdering his wife a complex web of affairs and lies was uncovered involving multiple residents of Cary's idyllic neighborhoods At the heart of it stood the Coopers' soured marriage Nancy's threat to leave with the children and her own cold blooded murder It would take a mountain of damning evidence before justice was served **No-Body Homicides**

Mark Stobbe, 2023-05-05 No Body Homicides The Evolution of Investigation and Prosecution examines how police and prosecutors have become more successful in obtaining convictions for homicide when the remains of the victim are unavailable as evidence Based on an examination of over 600 cases in the United States and Canada this book shows the lengths some killers will go to avoid punishment and the determination of police and prosecutors to bring them to justice For over 300 years murderers in the United States and Canada could avoid prosecution by successfully disposing of the body of their victim No Body Homicides provides the reader with a historical overview of prosecutions in which a killer destroyed or hid the body of the victim It explains why prosecutions were once extremely rare and how legal attitudinal and technical changes have made them more common The book also explores how the logic of no body homicide prosecutions differs from body present homicides It allows police and prosecutors to draw on the accumulated experience of hundreds of prosecutions For criminology students it provides fascinating insights into the process of investigating and prosecuting homicides as well as a glimpse into the motivations and practices of killers who are so determined to avoid punishment that they remove the bodies of their victims No Body Homicides will be of practical interest to police or prosecutors confronted with a missing person's case that could be sinister It is also written to be appropriate as a supplementary text in an undergraduate criminology class or for an aficionado of True Crime **Love, Lies, and Cherry Pie** Jackie Lau, 2024-05-07 Jackie Lau

The Mad Hatter Murders Marrisse Whittaker, 2022-02-08 GRIPPING Wow, kept me on the edge of my seat from beginning to end. So many twists and turns that kept me thinking, just one more chapter. A rollercoaster ride. Amazon reviewer gives five stars. A British police detective's latest case gets curiously and curiously in this hard-hitting novel by the author of *The Devil's Line*. DSI Billie Wilde's romantic relationship is intense, but it's nothing compared to the pressure of her latest case, especially since the new chief of police is gunning for her squad. If they don't get a handle on a series of deaths which seem to have a connection to Alice in Wonderland, they could wind up being demoted. And the identity of one of the victims has made things devastatingly personal for Billie. In search of clues, she winds up working closely with PI Ellis Darque, who is working undercover. But as Billie works to sort out what's going on behind the scenes and confronts dark truths about her own family, she starts to feel like she's gone through the looking glass herself. This chilling police procedural by the author of *The Magpie*, finalist for the Lindisfarne Prize for Crime Fiction, is a compelling tale filled with complex motives, tangled mysteries, and shocking surprises. Someone She Knew Liston House, 2011-10 One by one, coeds at bucolic Hinsdale College are being sadistically murdered. She does ID several suspects, but the murders continue. Burroughs and Cassie come to love each other deeply. He worries constantly about her but believes he has taken every precaution to protect her. *Mystery Women, Volume Three (Revised)* Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one

simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008
