Song of Songs Adele Berlin, 2025-01-07 There is no other book in the Bible like the Song of Songs It is a highly literate collection of love poems at times intense with erotic desire and at times playful or flirtatious This commentary draws out the tone of each poem along with its language and literary qualities including its metaphors allusions and clever use of words While there are correspondences between the Song and the literatures of Egypt and Mesopotamia and they are cited in the commentary the greatest foreign influence on the book comes from Greece The commentary approaches the Song as a Jewish Hellenistic work in the full sense of that hyphenated term It notes Greek ideas and tropes that appear throughout the book and shows how they have been adjusted and incorporated into Jewish thought and literary forms The book s Grecisms are dressed in biblical idioms and imagery Going beyond previous studies this volume emphasizes that the Song s blending

together of the Jewish and the Greek is part of its literary virtuosity **The Knowledge of Childhood in the German Middle Ages, 1100-1350** James A. Schultz, Jr.,2015-10-01 James A Schultz has brought a historiographic approach to nearly two hundred Middle High German texts narrative didactic homiletic legal religious and secular He explores what they say about the nature of the child the role of inherited and individual traits the status of education the remarkable number of disruptions these children suffered as they grew up the rites of passage that mark coming of age the various genres of childhood narratives and the historical development of such narratives God and Me Every Day . . .
