Human, All Too (Post)Human Jennifer Cotter, Kimberly DeFazio, Robert Faivre, Amrohini Sahay, Julie P. Torrant, Stephen Tumino, Robert Wilkie, 2016-06-02 The contemporary has marked itself off from modernity by questioning its humanism that centers the world around the human as the moral subject of free will and self determination the bearer of universal essence that is the basis of human rights Modernism normalizes humanism through language as referential a set of interrelated signs that correspond to the empirical reality outside it Humanist modernity in other words is seen in the contemporary as a regime that by separating the human from the non human and insisting on language as correspondence not only fails to engage the emerging forms of social relations in which the boundaries of human and machine are fading but is also indifferent to the difference between the other s life and other lives Human All Too Post Human The Humanities after Humanism argues that the Nietzschean tendencies that provide the philosophical boundaries of post humanism do not undo humanism but reform it constructing a parallel discourse that saves humanism from itself Grounded in materialist analysis of social life Human All Too Post Human argues that humanism and post humanism are cultural discourses that normalize different stages of capitalism analog and digital capitalism They are different orders of property relations The question the writers argue is not humanism or post humanism namely cultural representations but the material relations of production that are centered on wage labor Language free will or human rights are not the issues since Right can never be higher than the economic structure of society and its cultural development conditioned thereby The question that shapes all questions in Human All Too Post Human is freedom from wage labor

Japanese Love Hotels Sarah Chaplin,2007-04-30 Drawing on theories of place consumption and identity Sarah Chaplin details the evolution of the love hotel in urban Japan since the 1950s Love hotels emerged in the late 1950s following a ban of licensed prostitution then were extremely popular in the 1970s were then legislated against in the 1980s and are now perceived as leisure fashion or boutique hotels Representing a timely opportunity to capture and evaluate the dying manifestations of an important era in Japanese social and cultural history this book

provides a critical account of the love hotel as a unique typology. It considers its spatial, aesthetic, semiotic and locational denotations and connotations which results in a richly nuanced cultural reading. Kushner, 2015-09-29 A teenage girl endures fire, flood and the loss of her parents in this bracing, oddly uplifting debut set in the American Midwest of the mid 20th century. Kirkus Dale M. Kushner's acclaimed debut novel traces the journey of a girl from childhood to adulthood as she reckons with her parents' abandonment, her need to break from society's limitations and her overwhelming desire for love, both spiritual and erotic. In 1953, ten-year-old Eunice lives in the backwaters of Wisconsin with her outrageously narcissistic mother, a manicurist and movie star worshipper. Abandoned by her father as an infant, Eunice worries that she will become a misfit like her mother. But when a freak storm sends Eunice away from all things familiar, a strange odyssey begins. Through her capacity to redefine herself, reject bitterness and keep her heart open, Eunice survives and even flourishes despite hardship, heartbreak and loss.
