Reclaiming Biblical Heroines Monika Czekanowska-Gutman, 2022-11-07 Although recently more studies have been devoted to the representations of Biblical heroines in modern European art less is known about the contribution to the portrayals of Biblical women by modern Jewish artists This monograph explores why and how heroines of the Scripture Judith Esther and the Shulamite received a particular meaning for acculturated Jewish artists originating from the Polish lands in the last decades of the nineteenth century and the first two decades of the twentieth century It convincingly proves that artworks by Maurycy Gottlieb Wilhem Wachtel Ephraim Moses Lilien Maurycy Minkowski Samuel Hirszenberg and Boris Schatz significantly differed from renderings of contemporary non Jewish artists adopting a Jewish perspective creating complex and psychological portrayals of the heroines inspired by Jewish literature and as well as by historical and cultural phenomena of Jewish revival and the cultural Zionism movement

Louis Jacobs and the Quest for a Contemporary Jewish Theology Miri Freud-Kandel, 2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools
