When we think of Holy Wars one might picture terrorism But there is a Holy War raging within the church itself that is proving to be of far more consequence than Islamic dread Because this war is engaged within the worship life of the people of God the outcome could seriously undermine Christian orthodoxy and the Christian way of life for generations to come As the result of the efforts of Church Growth advocates congregations throughout America are contending over different notions of worship The decisions that Christians make in that regard will determine the shape and influence of the Church and the nature of our society over the next century We can find answers within this ongoing battle once we have come to a full understanding of the nature of biblical worship Many times manipulative entertainment schemes attempts to conform to the world watered down theology church politics mediocre music and unbiblical worship forms drag the people of God away from their true calling Holy Wars delves into each of these areas of church life to discern what is going wrong while offering specific biblical remedies
