Love Letters:

Other People's Love Letters Bill Shapiro, 2011-02-09 Fevered notes scribbled on napkins after first dates Titillating text messages It's not you it's me relationship ends In Other People's Love Letters Bill Shapiro has searched America's attics closets and cigar boxes and found actual letters unflinchingly honest missives full of lust provocation guilt and vulnerability written only for a lover's eyes Modern love of course is not all bliss and in these pages you'll find the full range of a relationship with its whispered promises as well as its heartache But what at first appears to be a deliciously voyeuristic peek into other people's most passionate moments will ultimately reawaken your own desires and tenderness because when you read these letters you'll find the heart you're looking into is actually your own i think UR great wanna have wine Tequila again sometime I can't believe you're real and I think about you constantly in some way or the other all day I haven't given the finger to anyone driving since I met you With you I learned how to fight cleaner how to talk things out better and how to make a strong loving family out of nothing These are priceless gifts that I will carry with me the rest of my life One more thing you did for me you left and I had to get through it P S I look forward to your letters too much to call Also where do you stand on chains

Sophia Margaretta Hensley weaves a poignant tapestry of emotion through the art of epistolary writing. This intimate collection captures the essence of romantic longing, vulnerability, and the complexities of female desire within a historical context that echoes the struggles faced by women in the 19th century. Hensley's prose is both lyrical and evocative, inviting readers into the private world of her characters as they navigate the intricacies of love, societal expectations, and personal identity, making a valuable contribution to feminist literature and the study of epistolary form. Sophia Margaretta Hensley, an influential figure in her literary circle, drew upon her own experiences as a woman in a restrictive society to craft this compelling narrative. Her personal insights into love, loss, and societal pressures inform the authenticity of her letters, while her impressive background in literature and women's studies enhances the depth of her characters' voices. Hensley's work reflects her advocacy for women's rights and her desire to give a voice to those often silenced. This book is a must-read for scholars and lovers of literature alike, offering an essential exploration of women's inner lives during a pivotal era. Hensley's reflections resonate with anyone seeking to understand the emotional landscape of love and the perennial struggle for self-expression in a constrained world.

Original Love-Letters between a Lady of Quality and a person of inferior station. By William Combe, 1811

Ancient Love Letters Anna Tiziana Drago, Owen Hodkinson, 2023-01-30 This volume investigates the form of love letters and erotic letters in Greek and Latin up to the 7th Century CE, encompassing both literary and documentary letters, the latter inscribed on papyrus and in prose and poetry. The potential for and utility of treating this large and diverse corpus as a genre is examined. To this end, approaches from ancient literary criticism and modern theory of genre are made mutual. Influences between the documentary and the literary form are sought, and origins in proto-epistolary poetic texts are examined. In order to examine the boundaries of a form, limit cases which might have less claim to the label 'love letter' are compared with more clear-cut examples. A series of case studies focuses on individual letters and letter collections. Some case studies situate their subjects within the history and literary evolution of the love letter, using both intertextuality and comparative approaches; others placing them in their cultural and historical contexts, particularly uncovering the contribution of epistolarity to erotic discourse and to the history of sexuality and gender in diverse eras and locations, within Classical to Late Antiquity.
