Modern Chinese Writers Helmut Martin, Jeffrey C. Kinkley, 2016-09-16 This volume gathers personal reflections on life and literature by 44 of China's leading authors It aims to illustrate how Chinese society and its creative writing have supported competed and fought with each other for the past 40 years and more Much of what is revealed here is mundane but the pressure of bringing art to social and political causes indeed the universal pressure to survive forges this collection into a very human document The strengths and weaknesses of these essays offer a window on those of modern Chinese literature itself Realism was the favoured literary doctrine of the day and reflecting this most of these essays speak for themselves about war revolution betrayal and commitment **People's Republic of China, Volumes I and II** Frank N. Pieke, 2023-12-31 This title was first published in 2002 This two volume set collects in a conveniently accessible form the most influential articles by leading authorities in the study of China It provides an international reference work combined with an authoritative introduction by the editor **Dictionary of the Political Thought of the People's Republic of China** Henry Yuhuai He, 2016-07-22 Far more than a simple glossary this unique resource provides a detailed lexicography of political and social life in China today and deepens our understanding of the last twenty years of enormous change in the People's Republic Each of the 1 600 entries 1 is rendered in Chinese characters 2 is alphabetized according to pinyin the Chinese phonetic alphabet 3 is translated into English and 4 is explained in terms of the situation in which it first appeared and how its meaning shifted over time In addition to the main body of definitions and annotations there are three appendices abbreviations a name index and a bibliography **Family Life in China** William R. Jankowiak, Robert L. Moore, 2016-11-28 The family has long been viewed as both a microcosm of the state and a barometer of social change in China It is no surprise therefore that the dramatic changes experienced by Chinese society over the past century have produced a wide array of new family systems Where a widely accepted Confucian based ideology once offered a standard framework for family life current

ideas offer no such uniformity Ties of affection rather than duty have become prominent in determining what individuals feel they owe to their spouses parents children and others Chinese millennials facing a world of opportunities and at the same time feeling a sense of heavy obligation are reshaping patterns of courtship marriage and filiality in ways that were not foreseen by their parents nor by the authorities of the Chinese state Those whose roots are in the countryside but who have left their homes to seek opportunity and adventure in the city face particular pressures as do the children and elders they have left behind The authors explore this diversity focusing on rural vs urban differences regionalism and ethnic diversity within China Family Life in China presents new perspectives on what the current changes in this institution imply for a rapidly changing society
