Luftwaffe Victorious An Alternate Histor:

Luftwaffe Victorious Mike Spick, 2005 The author an aviation historian imagines an alternative reality in which the Luftwaffe defeated the Allies *Luftwaffe Victorious* Mike Spick, 2005 At the outbreak of World War II the Luftwaffe was considered by many to be the world's most powerful air force However during the summer of 1940 they suffered a dramatic defeat during the Battle of Britain and by May 1945 the Germans had surrendered to the Allies and the Third Reich collapsed What went wrong How could things have been different In this most engagingly written and thought provoking addition to the fascinating Greenhill alternate history series aviation historian Mike Spick asks these very questions envisaging a dramatic alternate reality in which the Luftwaffe succeeded in defeating Allied forces **Simulating War** Philip Sabin, 2012-01-26 Parameters, 2005 *The Abyss* Niall Ferguson, 2012-10-23 Excerpted from Niall Ferguson's sprawling bestseller *The War of the World* *The Abyss* now stands on its own as one of the most thrilling short histories of World War I ever written This is not a conventional military history about battles and generals Rather *The Abyss* examines how World War I saw the birth of total war fought between societies as much as armies and must therefore be understood in terms of the financial crises it unleashed the multinational empires it destroyed and the hateful ideas it propagated The most remarkable thing about the war Ferguson shows us is how shockingly unexpected it was At a time when economic integration and technology seemed to be rendering war between great powers impossible World War I was the moment when that process went into reverse and the lethal forces of ethnic disintegration took over Now on the cusp of the 100th anniversary of its outbreak we can see World War I as much more than just four years of industrialized slaughter Weaving together the economics of empire and the ideology of race and featuring an original preface by the author as well a teaser from his new paperback *Civilization* *The Abyss* is world history at its finest **Rising Sun Victorious** Peter G. Tsouras, 2015-09-01 In war victory can be held hostage to seemingly insignificant incidents chance events opportunities seized or cast aside that can derail the most brilliant military strategies and change the course of history What if the Japanese had conquered India and driven out the British What if the strategic link between the United States and Australia had been severed What if Vice Admiral Nagumo had launched a third attack on Pearl Harbor What if the U S Navy's gamble at Midway had backfired Ten leading military historians ask these and other questions in this fascinating book The war with Japan was rife with difficult choices and battles that could have gone either way These fact based alternate scenarios offer intriguing insights into what might have happened in the Pacific during World War II and what the consequences would have been for America Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are

sometimes overlooked and to authors whose work might not otherwise find a home **The War of the World** Niall Ferguson,2012-11-06 From the bestselling author of *The Ascent of Money* and *The Square and the Tower* Even those who have read widely in 20th century history will find fresh surprising details *The Boston Globe* A fascinating read thanks to Ferguson s gifts as a writer of clear energetic narrative history *The Washington Post* Astonishing in its scope and erudition this is the magnum opus that Niall Ferguson s numerous acclaimed works have been leading up to In it he grapples with perhaps the most challenging questions of modern history Why was the twentieth century history s bloodiest by far Why did unprecedented material progress go hand in hand with total war and genocide His quest for new answers takes him from the walls of Nanjing to the bloody beaches of Normandy from the economics of ethnic cleansing to the politics of imperial decline and fall The result as brilliantly written as it is vital is a great historian s masterwork *The Journal of Military History*,2006 **The British National Bibliography** Arthur James Wells,2006 *Third Reich Victorious* Peter G. Tsouras,2020-01-31 This book is a stimulating and entirely plausible insight into how Hitler and his generals might have defeated the Allies and a convincing sideways look at the Third Reich s bid at world domination in World War II What would have happened if for example the Germans captured the whole of the BEF at Dunkirk Or if the RAF had been defeated in the Battle of Britain What if the U Boats had strangled Britain with an impregnable blockade if Rommel had been triumphant in North Africa or the Germans had beaten the Red Army at Kursk The authors writing as if these and other world changing events had really happened project realistic scenarios based on the true capabilities and circumstances of the opposing forces *Third Reich Victorious* is a spirited and terrifying alternate history and a telling insight into the dramatic possibilities of World War II
