Patriarchy's Remains Erin K. Hogan, 2024-04-23 Something is rotten in the state of Spain The uninterred corpse of a patriarchal figure populates the visual landscapes of Iberian cinemas He is chilled drugged perfumed ventilated presumed dead speared in the

cranium and worse Analyzing a series of Iberian cinematic dark comedies from the 1950s to the present day Patriarchy's Remains argues that the cinematic trope of the patriarchal death symbolizes the lingering remains of the Francisco Franco dictatorship in Spain 1939-75 These films created as satirical responses to persisting economic social and political issues demonstrate that Spain's transition to democracy following the Francoist period is an incomplete and ongoing process Within the theme of patriarchal decay the significance of the figure differs across cinematic representations from his indispensability to his obstructionism and exploitation Erin Hogan traces the prevalence of patriarchal death by analyzing its relationship with the surrounding characters who must depend on the deceased Hogan demonstrates how the patriarch's persistence in film both reveals and challenges an array of discriminations and inequalities in the cinematic grotesque tradition in Iberian cinemas more broadly and in Iberian society as a whole Despite Spain's ongoing transition towards democratic pluralism Patriarchy's Remains serves as a reminder that the remnants of an entrenched although not interred patriarchal culture continue to haunt Iberian society

Rite, Flesh, and Stone Antonio Córdoba, Daniel García-Donoso, 2021-10-15 Forensic science provides information and data behind the circumstances of a particular death but it is culture that provides death with meaning With this in mind Rite Flesh and Stone proposes cultural matters of death as its structuring principle operating as frames of the expression of mortality within a distinct set of coordinates The chapters offer original approaches to how human remains are handled in the embodied rituals and social performances of contemporary funeral rites of all kinds furthermore they explore how dying flesh and corpses are processed by means of biopolitical technologies and the ethics of self-care and how the vibrant and breathing materiality of the living is transformed into stone and analogous kinds of tangible empirical presence that engender new cartographies of memory Each coming from a specific disciplinary perspective authors in this volume problematize conventional ideas about the place of death in contemporary Western societies and cultures using Spain as a

case study Materials analyzed here ranging from cinematic and literary fictions to historical archives and anthropological and ethnographic sources make explicit a dynamic scenario where actors embody a variety of positions toward death and dying the political production of mortality and the commemoration of the dead Ultimately the goal of this volume is to chart the complex network in which the disenchantment of death and its reenchantment coexist and biopolitical control over secularized bodies overlaps with new avatars of the religious and non theistic desires for memorialization and transcendence

Spanish Film Under Franco Virginia Higginbotham, 2014-01-27 How does a totalitarian government influence the arts and how do the arts respond Spanish Film Under Franco raises these important questions giving English speakers a starting point in their study of Spanish cinema After a brief overview of Spanish film before Franco the author proceeds to a discussion of censorship as practiced by the Franco regime The response of directors to censorship the franquista aesthetic or aesthetic of repression with its highly metaphorical oblique style is explored in the works of Luis Buñuel Carlos Saura Juan Antonio Bardem Luis García Berlanga and other important directors Virginia Higginbotham combines historical perspective with detailed critical analysis and interpretation of many famous Franco era films She shows how directors managed to evade the censors and raise public awareness of issues relating to the Spanish Civil War and the repressions of the Franco regime Film has always performed an educational function in Spain reaching masses of poor and uneducated citizens And sometimes as this study also reveals Spanish film has been ignored when the questions it raised became too painful or demanding The author concludes with a look at post Franco cinema and the directions it has taken For anyone interested in modern Spanish film this book will be essential reading
