

*He
Has
Risen!*

Our Father,
Who art in heaven,
hallowed be Thy Name.
Thy kingdom come,
Thy will be done
on earth as it is in
heaven.
Give us this day
our daily bread,
and
forgive us our trespasses
as we forgive those
who trespass against us.
And lead us not into
temptation,
but deliver us from evil.
Amen

The Theology of Renewal for His Church Douglas G. Bushman, 2024-01-26 Almost sixty years after Vatican II the question of its interpretation is as lively as ever While numerous theologies of renewal are advanced conspicuously absent is any serious erudition of the text taken by Paul VI John Paul II and Benedict XVI as the hermeneutical key to understanding the Council's goal and method namely Paul VI's encyclical *Ecclesiam Suam* This study corrects this inattention and proposes that Pope Paul's logic of renewal is so profoundly a dimension of divine revelation and of the Church's life that it is not just one theology of renewal among many but the theology of renewal It is thus the key to understanding the Council's authentic pastoral character The logic of renewal sets personal spiritual metanoia as the center path of renewal preceded by the path of doctrinal penetration which assures that renewal is faithful to God and complemented by the path of reinvigorated mission which is the fruit of conversion As the first post Christendom ecumenical council Vatican II addressed the question What does it mean to be the Church of Christ at this point in history Its answer Become what you are Convert into a more perfect realization of your own mystery vocation and mission

Hoffman, 2000-02-15 Passover and Easter constitute for Jews and Christians respectively the most important festivals of the year Although sharing a common root the feasts have developed in quite distinct ways in the two traditions in part independently of one another and in part in reaction against the other Following the pattern set in earlier volumes in this series these two volumes bring together a group of distinguished Jewish and Christian scholars to explore the history of the two celebrations paying particular attention to similarities and connections between them as well as to differences and contrasts They not only present a convenient summary of current historical thought but also open up new perspectives on the evolution of these annual observances Volume 5 in the series focuses especially on the origins and early development of the feasts and on the way that established practices have changed in recent years Volume 6 also in the series focuses on the contexts in which they occur the periods of preparation for the feasts in the respective calendars and their connection to Shavuot Pentecost as well as to their traditional expression in art and music At the same time the essays raise some fundamental questions about the future Have modern human beings so lost the sense of sacred time in their lives for instance that these great feasts can never again be what they once were for former generations of believers And what about recent attempts by some Christians to enter into their heritage by celebrating a Jewish Seder as part of their annual Holy Week and Easter services Specialists and general readers alike will find much to interest and challenge them within these two additions to what has become a highly regarded series in the world of liturgical scholarship
