

An aerial photograph of a coastal town in the 19th century. The town is built on a hillside overlooking the ocean. The architecture is characterized by white buildings with dark roofs. The streets are narrow and winding. The ocean is visible in the background, with a few ships anchored in the harbor. The overall scene is a historical representation of a coastal settlement.

The Lyceum and Public Culture in the Nineteenth-Century United States

ANGELA G. RAY

Lyceum And Public Culture In The Nineteenth Century United States

William M. Keith

Lyceum And Public Culture In The Nineteenth Century United States:

The Lyceum and Public Culture in the Nineteenth-century United States Angela G. Ray, 2005 Angela Ray provides a refreshing new look at the lyceum lecture system as it developed in the United States from the 1820s to the 1880s She argues that the lyceum contributed to the creation of an American public at a time when the country experienced a rapid change in land area increasing immigration and a revolution in transportation communication technology and social roles The history of the lyceum in the nineteenth century illustrates a process of expansion diffusion and eventual commercialization In the late 1820s a politically and economically dominant culture the white Protestant northeastern middle class institutionalized the practice of public debating and public lecturing for education and moral uplift In the 1820s and 1830s the lyceum was characterized by organized groups in cities and towns particularly in the Northeast and the Old Northwest now the Midwest These groups were established to promote debate to create a setting for study and to provide a forum for members lecturing By the 1840s and 1850s however most lyceums concentrated on the sponsorship of public lectures presented for institutional profit as well as public instruction and entertainment Eventually lyceum lectures became a commercial enterprise and desirable platform for celebrities who wished to expand their incomes from lecturing

Literary Celebrity and Public Life in the Nineteenth-Century United States Bonnie Carr O'Neill, 2017-10-15 Through extended readings of the works of P T Barnum Walt Whitman Ralph Waldo Emerson Frederick Douglass and Fanny Fern Bonnie Carr O'Neill shows how celebrity culture authorizes audiences to evaluate public figures on personal terms and in so doing reallocates moral intellectual and affective authority and widens the public sphere O'Neill examines how celebrity culture creates a context in which citizens regard one another as public figures while elevating individual public figures to an unprecedented personal fame Although this new publicity fosters nationalism it also imbues public life with personal feeling and transforms the public sphere into a site of divisive emotionally intense debate Further O'Neill analyzes how celebrity culture's scrutiny of the lives and personalities of public figures collapses distinctions between the public and private spheres and as a consequence challenges assumptions about the self and personhood Celebrity culture intensifies the complex emotions and debates surrounding already fraught questions of national belonging and democratic participation even as for some it provides a means of redefining personhood and cultural identity O'Neill offers a new critical approach within the growing scholarship on celebrity studies by exploring the relationship between the emergence of celebrity culture and civic discourse Her careful readings unravel the complexities of a form of publicity that fosters both mass consumption and cultural criticism

Democracy as Discussion William M. Keith, 2007-01-01 Using primary sources from archives around the country Democracy as Discussion traces the early history of the Speech field the development of discussion as an alternative to debate and the Deweyan Progressive philosophy of discussion that swept the United States in the early twentieth century

William James and the Art of Popular Statement Paul Stob, 2013-03-01 At the turn of the twentieth

century no other public intellectual was as celebrated in America as the influential philosopher and psychologist William James. Sought after around the country, James developed his ideas in lecture halls and via essays and books intended for general audiences. Reaching out to and connecting with these audiences was crucial to James so crucial that in 1903 he identified popular statement or speaking and writing in a way that animated the thought of popular audiences as the highest form of art. Paul Stob's thought provoking history traces James's art of popular statement through pivotal lectures, essays, and books including his 1878 lectures in Baltimore and Boston, *Talks to Teachers on Psychology*, *The Varieties of Religious Experience*, and *Pragmatism*. The book explores James's unique approach to public address which involved crafting lectures in science, religion, and philosophy around ordinary people and their experiences. With democratic bravado, James confronted those who had accumulated power through various systems of academic and professional authority and argued that intellectual power should be returned to the people. Stob argues that James gave those he addressed a central role in the pursuit of knowledge and fostered in them a new intellectual curiosity unlike few scholars before or since. *The Cambridge Companion to Nineteenth-Century American Literature and Politics* John D. Kerker, 2025-03-13 This volume addresses the political contexts in which nineteenth century American literature was conceived, consumed, and criticized. It shows how a variety of literary genres and forms such as poetry, drama, fiction, oratory, and nonfiction engaged with political questions and participated in political debate.

On Essays Thomas Karshan, Kathryn Murphy, 2020 Sets out in a new and authoritative way the history of the essay, explains how the essay has come to mean what it does, surveys the widely various incarnations of the form, offers new accounts of major essayists in English, and traces a wide range of significant themes. [The Handbook of Rhetoric and Public Address](#) Shawn J. Parry-Giles, J. Michael Hogan, 2010-03-25 The Handbook of Rhetoric and Public Address is a state of the art companion to the field that showcases both the historical traditions and the future possibilities for public address scholarship in the twenty first century. Focuses on public address as both a subject matter and a critical perspective. Mindful of the connections between the study of public address and the history of ideas. Provides an historical overview of public address research and pedagogy as well as a reassessment of contemporary public address scholarship by those most engaged in its practice. Includes in depth discussions of basic issues and controversies in public address scholarship. Explores the relationship between the study of public address and contemporary issues of civic engagement and democratic citizenship. Reflects the diversity of views among public address scholars advancing on going discussions and debates over the goals and character of rhetorical scholarship. *Advanced Public Speaking* Michael J. Hostetler, Mary L. Kahl, 2024-03-29 Now in its third edition, this comprehensive textbook is designed to serve as a speech making reference for advanced students of public speaking. The book presumes that readers have prior experience with basic public speaking skills and seeks to enhance those abilities with references to classical concepts, the inclusion of sample speeches, and questions for speech criticism. This new edition includes a greater diversity of speeches and new material on populist rhetoric and civility.

to outline the importance of civic discourse in an age of polarization It also includes suggestions for speaking to remote audiences Providing users with the opportunity to increase their speaking abilities across a wide variety of complex and specific contexts this student engagement focused and flexible text serves as a core textbook for upper level undergraduate public speaking courses Online resources for instructors include an instructor s manual and test bank offering guidance on syllabus construction lecture content and classroom activities They are available at www.routledge.com/9781032531861

The Politics and Art of John L. Stoddard Michaelene Cox, 2015-01-16 This book is a historical and critical assessment of contributions by American writer and lecturer John Lawson Stoddard 1850-1931 It is the first scholarly effort to provide visual and literary analyses of his illustrated travel works and political writings It claims that Stoddard was a principle engine behind movements toward transforming tourism into a growing consumer culture democratizing liberal arts education and fueling anti WWI campaigns By the late 1870s John Lawson Stoddard had played a major role in transforming the aristocratic Grand Tour into a mass cultural phenomenon His photographs and accompanying public lectures on distant places and peoples caught the attention of decision makers in the U S government but perhaps more importantly his images and text were imprinted in the minds of millions of audience members This book suggests how critical approaches borrowed from the interdisciplinary literature of visual culture are helpful in assessing the imagery and identity of a nineteenth century American travel lecturer and author It uncovers buried aspects of the personal and public life of Stoddard and reveals his significant contributions to American political and social history *The Oxford Encyclopedia of American Cultural and Intellectual History*, 2013 Over 600 A-Z articles on a wide range of topics in American cultural and intellectual history Explores American cultural and intellectual history from the colonial period to the present day Annotated bibliographies to highlight the major works in the field Expands and updates *The Oxford Companion to United States History*
