

Lyndon B Johnson Portrait Of A President

Nancy Gibbs, Michael Duffy

Lyndon B Johnson Portrait Of A President:

Lyndon B. Johnson Robert Dallek, 2005 This superb one volume biography of Lyndon Baines Johnson is by the bestselling author of *An Unfinished Life* John F Kennedy 1917 1963 *Lyndon B. Johnson: Portrait of a President* Robert Dallek, 2004-01-08 Robert Dallek's brilliant two volume biography of Lyndon Johnson has received an avalanche of praise Michael Beschloss in *The Los Angeles Times* said that it succeeds brilliantly *The New York Times* called it rock solid and *The Washington Post* hailed it as invaluable And Sidney Blumenthal in *The Boston Globe* wrote that it was dense with astonishing incidents Now Dallek has condensed his two volume masterpiece into what is surely the finest one volume biography of Johnson available Based on years of research in over 450 manuscript collections and oral histories as well as numerous personal interviews this biography follows Johnson the human dynamo from the Texas hill country to the White House We see LBJ in the House and the Senate whirl his way through sixteen and eighteen hour days talking urging demanding reaching for influence and power in an uncommonly successful congressional career Then in the White House we see Johnson as the visionary leader who worked his will on Congress like no president before or since enacting a range of crucial legislation from Medicare and environmental protection to the most significant advances in civil rights for black Americans ever achieved And we see the depth of Johnson's private anguish as he became increasingly ensnared in Vietnam In these pages Johnson emerges as a man of towering intensity and anguished insecurity of grandiose ambition and grave self doubt a man who was brilliant crude intimidating compassionate overbearing driven A tornado in pants Gracefully written and delicately balanced this singular biography reveals both the greatness and the tangled complexities of one of the most extravagant characters ever to step onto the presidential stage *Lyndon B. Johnson: Portrait of a President* Robert Dallek, 2004-01-08 Robert Dallek's brilliant two volume biography of Lyndon Johnson has received an avalanche of praise Michael Beschloss in *The Los Angeles Times* said that it succeeds brilliantly *The New York Times* called it rock solid and *The Washington Post* hailed it as invaluable And Sidney Blumenthal in *The Boston Globe* wrote that it was dense with astonishing incidents Now Dallek has condensed his two volume masterpiece into what is surely the finest one volume biography of Johnson available Based on years of research in over 450 manuscript collections and oral histories as well as numerous personal interviews this biography follows Johnson the human dynamo from the Texas hill country to the White House We see LBJ in the House and the Senate whirl his way through sixteen and eighteen hour days talking urging demanding reaching for influence and power in an uncommonly successful congressional career Then in the White House we see Johnson as the visionary leader who worked his will on Congress like no president before or since enacting a range of crucial legislation from Medicare and environmental protection to the most significant advances in civil rights for black Americans ever achieved And we see the depth of Johnson's private anguish as he became increasingly ensnared in Vietnam In these pages Johnson emerges as a man of towering intensity and anguished insecurity of grandiose ambition and grave self doubt a man who was brilliant crude

intimidating compassionate overbearing driven A tornado in pants Gracefully written and delicately balanced this singular biography reveals both the greatness and the tangled complexities of one of the most extravagant characters ever to step onto the presidential stage The Black Presidential Nightmare Christopher Brian Booker,2017-03-31 The Black Presidential Nightmare is the only book that discusses the major events and social and political forces impacting each American president from the perspective of African American interests Biographies of all the American presidents are presented within the context of the history that shaped their actions The Black Presidential Nightmare answers many long standing questions of black history including the following What president has done the most to advance the rights and interest of black people Which presidents had the most liberal racial attitudes toward African Americans When and under what circumstances did blacks switch allegiance from the Republican Party of Lincoln to the Democratic Party Which antebellum presidents were slave owners and how did they square that with their other views on human rights and justice Long standing controversies among historians such as Abraham Lincoln's views on slavery race and civil rights and Theodore Roosevelt's role in the Brownsville Affair are illuminated **The Presidents Club** Nancy Gibbs,Michael Duffy,2013-02-12 Over the years that followed and to this day the presidents relied on misunderstood sabotaged and formed alliances with one another that changed history The world's most exclusive fraternity is a complicated place its members are bound forever because they sat in the Oval Office and know its secrets yet they are immortal rivals for history's favour Some presidents needed their predecessors to keep their secrets others needed them to disappear Truman enlisted Hoover to help him save Europe Kennedy turned to Ike on Cuba Nixon sought Johnson's advice on getting re-elected but then tried to blackmail him Ford and Carter couldn't stand each other until they saw what they had in common Reagan and Clinton relied on Nixon as an emissary to Russia Bush put Clinton and his father to work and they became like father and son and Obama and Clinton became quiet rivals for the same crown The Presidents Club will change the way we think about the presidency for the club itself is an instrument of presidential power Constructing Presidential Legacy Cullinane Michael Patrick Cullinane,2018-11-14 What do we remember about US Presidents and how do we come to commemorate their legacies Few personalities loom larger than the President of the United States Their accomplishments and failures are forensically documented and their personal lives are under constant scrutiny from the media But how does a president's legacy emerge and how do we come to commemorate it In Constructing Presidential Legacy world leading experts take a multi disciplinary approach to explore how presidents are remembered They look at multiple presidents including Washington Jefferson Lincoln the Roosevelts Kennedy Lyndon Johnson Eisenhower Reagan Obama and Trump Discover how presidential legacies are constructed during and after a President's time in the Whitehouse and how they are portrayed in media such as film museums public art political invocations pop culture literature and evolving technological advancements **The New Encyclopedia of Southern Culture** Charles Reagan Wilson,2014-02-01 Providing a chronological and interpretive spine to

the twenty four volumes of The New Encyclopedia of Southern Culture this volume broadly surveys history in the American South from the Paleoindian period approximately 8000 B C E to the present In 118 essays contributors cover the turbulent past of the region that has witnessed frequent racial conflict a bloody Civil War fought and lost on its soil massive in and out migration major economic transformations and a civil rights movement that brought fundamental change to the social order Charles Reagan Wilson s overview essay examines the evolution of southern history and the way our understanding of southern culture has unfolded over time and in response to a variety of events and social forces not just as the opposite of the North but also in the larger context of the Atlantic World Longer thematic essays cover major eras and events such as early settlement slave culture Reconstruction the New Deal and the rise of the New South Brief topical entries cover individuals including figures from the Civil War the civil rights movement and twentieth century politics and organizations such as the Southern Christian Leadership Conference Daughters of the Confederacy and Citizens Councils among others Together these essays offer a sweeping reference to the rich history of the region

[The Prague Spring and the Warsaw Pact Invasion of Czechoslovakia in 1968](#) Günter Bischof, Stefan Karner, Peter Ruggenthaler, 2010-01-01 On August 20 1968 tens of thousands of Soviet and East European ground and air forces moved into Czechoslovakia and occupied the country in an attempt to end the Prague Spring reforms and restore an orthodox Communist regime The leader of the Soviet Communist Party Leonid Brezhnev was initially reluctant to use military force and tried to pressure his counterpart in Czechoslovakia Alexander Dubcek to crack down But during the summer of 1968 after several months of careful deliberations the Soviet Politburo finally decide that military force was the only option left A large invading force of Soviet Polish Hungarian and Bulgarian troops received final orders to move into Czechoslovakia within 24 hours they had established complete military control of Czechoslovakia bringing an end to hopes for socialism with a human face Dubcek and most of the other Czechoslovak reformers were temporarily restored to power but their role from late August 1968 through April 1969 was to reverse many of the reforms that had been adopted In April 1969 Dubcek was forced to step down for good bringing a final end to the Prague Spring Soviet leaders justified the invasion of Czechoslovakia by claiming that the fate of any socialist country is the common affair of all socialist countries and that the Soviet Union had both a right and a sacred duty to defend socialism in Czechoslovakia The invasion caused some divisions within the Communist world but overall the use of large scale force proved remarkably successful in achieving Soviet goals The United States and its NATO allies protested but refrained from direct military action and covert operations to counter the Soviet led incursion into Czechoslovakia The essays of a dozen leading European and American Cold War historians analyze this turning point in the Cold War in light of new documentary evidence from the archives of two dozen countries and explain what happened behind the scenes They also reassess the weak response of the United S

Family Values Isabel Heinemann, 2023-10-04 Clashes over the American family and its values have always implicitly or explicitly addressed issues of gender and highlighted the significance of present and future families

to American society This is the insight underpinning Isabel Heinemann s groundbreaking study which traces over the course of the twentieth century debates on the family and its role the relationship between the individual and society and individual decision making rights as well as their denial or curtailment Unpacking these issues in a vivid and innovative analysis the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship between social change normative shifts and the counter movements spawned in response to them *The Political Blame Game in American Democracy* Mark Hickson III, Larry Powell, 2017-10-06 The Political Blame Game in American Democracy looks at the forces that have developed over the past fifty plus years and created a dysfunctional political system in the United States It argues that the current level of partisan polarization is actually the culmination of a number of forces at work during the past few decades These include a perception by each party that the other is using unfair political tactics the subsequent creation of a culture of blame with each party blaming the other for the dysfunction a decline in political norms leading to childlike behavior by politicians and political candidates and a culture of payback in which the opposition argues that their opponents are responsible for the decline These four factors culminated in the 2016 presidential campaign where they were exemplified by Donald Trump and have continued to have a significant ongoing impact on the political landscape of the United States

Embracing the Track of Expression: An Emotional Symphony within **Lyndon B Johnson Portrait Of A President**

In a world used by screens and the ceaseless chatter of immediate connection, the melodic splendor and mental symphony created by the published term usually diminish into the background, eclipsed by the constant sound and disruptions that permeate our lives. Nevertheless, located within the pages of **Lyndon B Johnson Portrait Of A President** a stunning literary prize brimming with natural emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, this charming masterpiece conducts visitors on a psychological trip, well unraveling the hidden melodies and profound influence resonating within each cautiously crafted phrase. Within the depths of the touching analysis, we shall discover the book is central harmonies, analyze their enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
