Machine Politics: Chicago Model Harold Foote Gosnell, 1968 **Machine Politics** Harold F. Gosnell, 1971 Machine Politics Harold Foote Gosnell, 1939 **Machine Politics in Transition** Thomas M. Guterbock, 1980-03-01 Since 1932 elections and decision making in Chicago have been dominated by the Regular Democratic Organization of Cook County led for a quarter of a century by the late Mayor Richard J Daley The extraordinary longevity of this Democratic machine provides the basis for this penetrating investigation into the nature of machine politics and grassroots party organization For three years Thomas M Guterbock participated in the daily activities of the Regular Democratic Organization in one North Side Chicago ward in order to discover how political machines win the support of the urban electorate Guterbock s participant observation data supplemented by a sample survey of ward residents attitudes toward and contacts with the machine provide convincing evidence that the most widely accepted notions of how political machines work are no longer correct Contrary to conventional wisdom about the machine Guterbock finds that the party does not secure votes by doing favors for people nor do services rendered determine actual voting behavior Instead party loyalty is governed by such factors as social status educational achievement and bureaucratic competence Guterbock finds that Democratic loyalists are drawn disproportionately from the ward s lowest strata Ironically the characteristics of these loyal Democrats contrast sharply with the characteristics of those most likely to use party services What keeps the machine going then To answer this question Guterbock takes us behind the scenes for a unique look inside the ward club He shows how members develop loyalty and motivation beyond concern for their own pocketbooks And he analyzes the public involvement of machine politicians in neighborhood affairs describing the skillful sometimes devious ways in which they appeal to their constituents sense of community By focusing on the interplay of party loyalty and community attachments Guterbock is able to explain the continued hegemony of Chicago s political machine and its enduring image of legitimacy **Machine politics** Harold F. Gosnell, 1968 **Machine Politics** Harold Foote Gosnell, 1968 Machine Politics : Chicago Model. Foreword by W. F. Ogburn Harold F.. Gosnell, 1939 **Contemporary Mexico** James W. Wilkie, Michael C. Karthick Ramakrishnan, Irene

Bloemraad, 2008-07-10 For many Americans participation in community organizations lays the groundwork for future political engagement But how does this traditional model of civic life relate to the experiences of today s immigrants Do community organizations help immigrants gain political influence in their neighborhoods and cities In Civic Hopes and Political Realities experts from a wide range of disciplines explore the way civic groups across the country and around the world are shaping immigrants quest for political effectiveness Civic Hopes and Political Realities shows that while immigrant organizations play an important role in the lives of members their impact is often compromised by political marginalization and a severe lack of resources S Karthick Ramakrishnan and Irene Bloemraad examine community organizations in six cities in California and find that even in areas with high rates of immigrant organizing policymakers remain unaware of local ethnic organizations Looking at new immigrant destinations Kristi Andersen finds that community organizations often serve as the primary vehicle for political incorporation a role once played by the major political parties Floris Vermeulen and Maria Berger show how policies in two European cities lead to very different outcomes for ethnic organizations Amsterdam s more welcoming multicultural policies help immigrant community groups attain a level of political clout that similar organizations in Berlin lack Janelle Wong Kathy Rim and Haven Perez report on a study of Latino and Asian American evangelical churches While the church shapes members political views on issues such as abortion and same sex marriage church members may also question the evangelical movement s position on such issues as civil rights and immigration Els de Graauw finds that many non profit organizations without explicitly political agendas nonetheless play a crucial role in advancing the political interests of their immigrant members Recent cuts in funding for such organizations she argues block not only the provision of key social services but also an important avenue for political voice Looking at community organizing in a suburban community Sofya Aptekar finds that even when immigrant organizations have considerable resources and highly educated members they tend to be excluded from town politics Some observers worry that America s increasing diversity is detrimental to civic life and political engagement Civic Hopes and Political Realities boldly advances an alternative understanding of the ways in which immigrants are enriching America s civic and political realms even in the face of often challenging circumstances

The Price of a Vote in the Middle East Daniel Corstange, 2016-09-01 Clientelism and ethnic favoritism appear to go hand in hand in many diverse societies in the developing world. However, while some ethnic communities receive generous material rewards for their political support, others receive very modest payoffs. *The Price of a Vote in the Middle East* examines this key and often overlooked component of clientelism. The author draws on elite interviews and original survey data collected during his years of field research in Lebanon and Yemen, two Arab countries in which political constituencies follow sectarian, regional, and tribal divisions. He demonstrates that voters in internally competitive communal groups receive more and better payoffs for their political support than voters trapped in uncompetitive groups dominated by a single hegemonic leader. Ultimately, politicians provide services when compelled by competitive pressures to do so, whereas leaders sheltered from competition can and do take their supporters for granted.
