American Universities and Colleges, 2014-10-08 No detailed description available for American Universities and Colleges *Cosmologies of Suffering* Agita Lūse, 2009-01-14 The edited volume elaborates on a range of themes that emerged during a workshop of the 8th biennial of the European Association of Social Anthropologists in Vienna in 2004 Among these themes are the paradoxical permanence of transition in post communist countries the accompanying persistence of social suffering and the structural conditions that give rise to it A final theme focuses on the resources that people mobilize to cope with suffering and trauma Ways of coping manifest a stance towards agency shared by sufferers from diverse post communist regions such as ethnically divided Croatia politically and economically unstable Zimbabwe relatively more peaceful countries such as Hungary Poland and Slovenia and finally two religiously unique areas in Siberia Russia Ethnographic accounts from these diverse settings testify that agency has often involved relinquishing reliance on one's self and turning towards a power higher than the self whether this is conceptualized through the lens of transcendence religion or cosmology **Social Justice and Parent Partnerships in Multicultural Education Contexts** Norris, Katherine E.L., Collier, Shartriya, 2018-02-09 This title is an IGI Global Core Reference for 2019 as it provides essential research on cooperation between parents and school personnel Containing scholarly work from researchers across the U S this publication has been recognized by Scopus for its comprehensive coverage on cultural responsive practices socioeconomic barriers to student success and more Social Justice and Parent Partnerships in Multicultural Education Contexts is a critical scholarly resource that explores the importance of cooperation between parents teachers and administrators to create valuable support systems that will promote student success through strategies using social justice Featuring coverage on a wide range of topics such as parent collaboration bilingualism and community based partnerships this book is geared toward academicians researchers and teachers seeking current research on the importance of cooperation between parents and education professionals in encouraging positive student outcomes in multicultural learning environments Lifelong Learning Policies for Young Adults in Europe Marcelo Parreira do Amaral, Siyka Kovacheva, Xavier Rambla, 2019-12-18 Available Open Access under CC BY NC licence This comprehensive collection discusses topical issues essential to both scholarship and policy making in the realm of lifelong learning LLL policies and how far they succeed in supporting young

people across their life courses rather than one sidedly fostering human capital for the economy Examining specific yet diverse regional and local contexts across Europe this book uses original research to evaluate differences in scope approach orientation and objectives It examines the embedding of LLL policies into the regional economy the labour market education and training systems and the individual life projects of young people with a focus on those in situations of near social exclusion

Inside Organizations David Gellner, Eric Hirsch, 2020-05-26 Most of us work in or for one but there are surprisingly few sustained analyses of the problems and peculiarities of organizations Anthropologists are increasingly turning their attention to the study of western organizations and this timely collection addresses the pleasures and pitfalls of ethnographic research undertaken across a range of organizational contexts From museums to laboratories health clinics and multinational businesses leading anthropologists discuss their fieldwork experiences the problems they encountered and the solutions they came up with This book highlights the practical political and ethical dimensions of research in organizations Among issues vividly described are the relations between gender and politics in organizational hierarchies How are sexual politics played out and experienced in health clinics How does a business manager's personal biography affect the relationships within the organization as a whole How are language and metaphor used to refigure the way people think about and act in organizations Institutions often have well defined procedures for bringing in visitors and guests When is the anthropologist an insider to the organization and when an outsider What ethical issues arise when researchers are caught between observing organizations and participating in their work In answering these and other questions the authors consider both the current status and future prospects for organizational ethnography Comprehensive and varied the book represents an invaluable aid to anyone interested in the politics and complexities of working life

Dental Anthropology Kurt W. Alt, Friedrich W. Rösing, Maria Teschler-Nicola, 2012-12-06 Shelley Saunders This book offers a welcome diversity of topics covering the broader subjects of teeth and the study of teeth by anthropologists There is an impressive array of coverage here including the history of anthropological study of the teeth morphology and structure pathology and epidemiology the relationship between nutrition human behavior and the dentition age and sex estimation from teeth and geographic and genetic variation Most chapter authors have provided thorough reviews of their subjects along with examples of recent analytical work and recommendations for future research North American researchers should particularly appreciate the access to an extensive European literature cited in the individual chapter bibliographies Physical anthropologists with even a passing interest in dental research should greet the publication of this book with pleasure since it adds to a growing list of books on how the study of teeth can tell us so much about past human populations In addition to the archaeological applications there is the forensic objective of dental anthropology which the editors refer to in their introduction which is dealt with in this volume The chapters dealing with methods of sex determination age estimation of juveniles and age estimation of adults using the teeth are exhaustive and exacting and of critical importance to both osteoarchaeologists and

forensic anthropologists Authors Liversidge Herdeg and Rosing provide very clear guidelines for the use of dental formation standards in juvenile age estimation recommendations that are so obviously necessary at this time **Understanding Wellbeing** Anneyce Knight, Allan McNaught, 2011-10-15 Understanding Wellbeing is an accessible introduction to the concept of wellbeing and its relevance to areas of health and social policy Understanding Wellbeing provides students professionals and practitioners of health and social care with the essential resources for understanding and promoting wellbeing The book includes case studies activities and reflection points to engage the reader with both the theory and its practical application The book provides an overview of the concept of wellbeing and its relationship with and role in health including Psychological aspects of wellbeing mind body influences psychology spirituality Physical aspects of wellbeing food exercise genetics health promotion Social approaches to wellbeing social policy culture environment housing education information The Editors Anneyce Knight is Senior Lecturer at Bournemouth University The late Allan McNaught was Principal Lecturer at the University of Greenwich The authors are a multi professional group of health academics with considerable national and international experience across the statutory and non statutory sectors
