Medieval Welsh Literature To C 14:

Medieval Welsh Literature and Its European Contexts Victoria Flood, 2024 Situates Celtic languages and literatures in relation to European movements in the tradition of Helen Fulton's groundbreaking research Professor Helen Fulton's influential scholarship has pioneered our understanding of the links between Welsh and European medieval literature The essays collected here pay tribute to and reflect that scholarship by positioning Celtic languages and literatures in relation to broader European movements and conventions They include studies of texts from medieval Wales Ireland and the Welsh March alongside discussions of continental multicultural literary engagements understood as a closely related and analogous field of enquiry Contributors present new investigations of Welsh poetry from the pre Conquest poetry of the princes to late medieval and early Tudor urban subject matters Welsh Arthuriana and Irish epic the literature of the Welsh March including the writings of the Gawain poet and the multilingual contexts of medieval and post medieval Europe from the Dutch speakers of polyglot medieval Calais to the Romantic poet Shelley's probable ownership of a Welsh Bible

Irish Influence on Medieval Welsh Literature Patrick Sims-Williams, 2011 Patrick Sims Williams provides an approach to some of the issues surrounding Irish literary influence on Wales situating them in the context of the rest of medieval literature and international folklore

Literary Culture in the Medieval Welsh Marches Matthew Siôn Lampitt, 2025-05-19 The Welsh Marches a name which today refers to the borderland regions between England and Wales are often coupled with images of idealized rusticity of blue remembered hills Yet in the Middle Ages the Marches stretched from the borders into much of modern day Mid and South Wales and were important spaces of conflict colonization and contact of complex shifting strategic politics and identities and crucially of vibrant literary activity An exploration of the Marches multilingual literary cultures this book is structured around three geotemporal case studies Hereford c 1170 c 1210 Ludlow c 1310 c 1350 Ynysforan c 1380 c 1410 Analysing texts and manuscripts composed copied compiled translated or otherwise circulated in these locales this study crosses linguistic and disciplinary boundaries to formulate readings of works in French Welsh English and Latin These readings are developed through an extended engagement with the philosophy of Bruno Latour particularly his work on Actor Network Theory and modes of existence From these perspectives this book not only situates the March within wider literary networks but also reads its texts as networking narratives that deconstruct binaries of centre and periphery of local and global of human and nonhuman and even of reality and fiction themselves

Medieval Welsh Medical Texts Diana Luft, 2020-06-01 Introduction giving full explanation of the nature of the corpus and the historical context This will allow readers to understand the nature of the texts and to make inferences about how the medical texts which follow might have been used Notes giving sources and analogues for the recipes in other contemporary European languages Latin Middle English Anglo Norman These will allow readers to understand the common theories underlying the recipes and to make judgements about the place of this material within the larger European medical tradition of the time Comprehensive

glossaries These will allow readers to find any recipe based on the ingredients used in it or the condition treated allowing them to compare with recipes in other sources themselves from other time periods or investigate the corpus of the way different ingredients were used Comprehensive plant name glossary giving evidence for the interpretation of the plant names in the corpus from a series of previously unstudied pre modern plant name glossaries This will allow readers to evaluate the evidence for the interpretation of the plant names and hopefully spur on further research on this neglected topic **The Welsh and the Medieval World** Patricia Skinner,2018-02-07 Entry point into Welsh migration by experts many of the contributors have longer studies that students can then read Multi disciplinary shows how historical and literary sources can be read together includes new archaeological data Showcases new work by a new generation of Welsh historians *War and Society in Medieval Wales 633-1283* Sean Davies,2014-11-15 The story of Wales from the end of the Roman period to the conquest by Edward I in 1283 is unknown to most but recent historiography has opened up the source material and allowed for a modern critical reappraisal The development of the country is traced within the context of the rest of post Roman western Europe in a study that is a valuable resource for anyone with an interest in military history and the history of Wales in relation to its neighbours in Britain and on the continent **The Horse in Premodern European Culture** Anastasija Ropa,Timothy Dawson,2020-01-20 This volume provides a unique introduction to the most topical issues advances and challenges in medieval horse history Medievalists who have a long standing interest in horse history as well as those seeking to widen their understanding of horses in medieval society will find here informed and comprehensive treatment of chapters from disciplines as diverse as archaeology legal economic and military history urban and rural history art and literature The themes range from case studies of saddles and bridles to hippiatric treatises to the medieval origins of dressage literary studies It shows the ubiquitous and often ambiguous role of the horse in medieval culture where it was simultaneously a treasured animal and a means of transport a military machine and a loyal companion The contributors many of whom have practical knowledge of horses are drawn from established and budding scholars working in their areas of expertise **Law and the Imagination in Medieval Wales** Robin Chapman Stacey,2018-09-06 In Law and the Imagination in Medieval Wales Robin Chapman Stacey explores the idea of law as a form of political fiction a body of literature that blurs the lines generally drawn between the legal and literary genres She argues that for jurists of thirteenth century Wales legal writing was an intensely imaginative genre one acutely responsive to nationalist concerns and capable of reproducing them in sophisticated symbolic form She identifies narrative devices and tropes running throughout successive revisions of legal texts that frame the body as an analogy for unity and for the court that equate maleness with authority and just rule and femaleness with its opposite and that employ descriptions of internal and external landscapes as metaphors for safety and peril respectively Historians disagree about the context in which the lawbooks of medieval Wales should be read and interpreted Some accept the claim that they originated in a council called by the tenth century king Hywel Dda while others

see them less as a repository of ancient custom than as the Welsh response to the general resurgence in law taking place in western Europe Stacey builds on the latter approach to argue that whatever their origins the lawbooks functioned in the thirteenth century as a critical venue for political commentary and debate on a wide range of subjects including the threat posed to native independence and identity by the encroaching English concerns about violence and disunity among the native Welsh abusive behavior on the part of native officials unwelcome changes in native practice concerning marriage divorce and inheritance and fears about the increasing political and economic role of women *The Cambridge History of Welsh Literature* Geraint Evans, Helen Fulton, 2019-04-18 This book is a comprehensive single volume history of literature in the two major languages of Wales from post Roman to post devolution Britain **Prodesse et delectare** Norbert Kössinger, Claudia Wittig, 2019-12-02 The Horatian formula *prodesse et delectare* was extremely influential in the production of texts across various languages and genres While indeed didactic elements can be attested to in almost any medieval text and while medieval literature displays a range of possibilities to teach and instruct the scope of the present volume is more closely focused on explicitly didactic literature This volume combines contributions that analyse didactic literature in high medieval Europe from different vantage points They open new perspectives on education as a working principle or legitimizing strategy in the heterogeneous forms of writing intended to convey knowledge This broad thematic linguistic and geographical scope enables us to view didactic literature as the universal phenomenon it was and prompts us to understand its influence on many aspects of society in high medieval Europe and beyond While the contributions explore case studies predominantly from this period of transition and the expansion of the categories of knowledge they also trace some of these developments into the later Middle Ages to spotlight the lasting influence of high medieval teaching and learning in literature The way medieval writers combine the pleasant with the useful is this book's main question *Arthur in the Celtic Languages* Ceridwen Lloyd-Morgan, Erich Poppe, 2019-01-15 *Arthur in the Celtic Languages* is a reliable up to date introduction to the field It is the only book covering Arthurian literature and traditions in the Celtic languages Welsh Cornish Breton Irish Scottish Gaelic This book covers medieval and modern literatures It also discusses folklore ballads and other popular traditions as well as place names **The Arthur of the Welsh**, 2020-10-15 Little if anything is known historically of Arthur yet for centuries the romances of Arthur and his court dominated the imaginative literature of Europe in many languages The roots of this vast flowering of the Arthurian legend are to be found in early Welsh tradition and this volume gives an account of the Arthurian literature produced in Wales in both Welsh and Latin during the Middle Ages The distinguished contributors offer a comprehensive view of recent scholarship relating to Arthurian literature in early Welsh and other Brythonic sources The volume includes chapters on the historical Arthur Arthur in early Welsh verse the legend of Merlin the tales of Culhwch ac Olwen Geraint Owain Peredur The Dream of Rhonabwy and Trystan ac Esyllt Other chapters investigate the evidence for the growth of the Arthurian theme in the Triads and in the *Historia Regum Britanniae* of Geoffrey

of Monmouth and discuss the Breton connection and the gradual transmission of the legend to the non Celtic world The volume which is unique in offering a comprehensive discussion of the subject will appeal widely to medievalists to Welsh and Celtic scholars and to those non specialists who have felt the fascination of the figure of Arthur and wish to know more

The Medieval Welsh Englynion Y Beddau Patrick Sims-Williams, 2023 Edition and translation of this important genre of Old Welsh poetry The Stanzas of the Graves or Graves of the Warriors of the Island of Britain attributed to the legendary poet Taliesin describe ancient heroes burial places Like the Triads of the Island of Britain they are an indispensable key to the narrative literature of medieval Wales The heroes come from the whole of Britain including Mercia and present day Scotland as well as many from Wales and a few from Ireland Many characters known from the Mabinogion appear often with additional information as do some from romance and early Welsh saga such as Arthur Bedwyr Gawain Owain son of Urien Merlin and Vortigern The seventh century grave of Penda of Mercia beneath the river Winw d in Yorkshire is the latest grave to be included The poems testify to the interest aroused by megaliths tumuli and other apparently man made monuments some of which can be identified with known prehistoric remains This volume offers a full edition and translation of the poems mapped with reference to all the manuscripts starting with the Black Book of Carmarthen the oldest extant book of Welsh poetry There is also a detailed commentary on their linguistic literary historical and archaeological aspects *The Encyclopedia of Medieval Literature in Britain, 4 Volume Set* Sian Echard, Robert Rouse, 2017-08-07 The Encyclopedia of Medieval Literature in Britain vereint erstmals wissenschaftliche Erkenntnisse zu Multilingualit t und Interkulturalit t im mittelalterlichen Britannien und bietet mehr als 600 fundierte Eintr ge zu Schl sselpersonen Zusammenh ngen und Einfl ssen in der Literatur vom f nften bis sechzehnten Jahrhundert Einzigartiger multilingualer interkultureller Ansatz und die neuesten wissenschaftlichen Erkenntnisse Das gesamte Mittelalter und die Bandbreite literarischer Sprachen werden abgedeckt ber 600 fundierte verst ndliche Eintr ge zu Schl sselpersonen Texten kritischen Debatten Methoden kulturellen Zusammenh ngen sowie verwandte Terminologie Repr sentiert die gesamte Literatur der Britischen Inseln einschlie lich Alt und Mittelenglisch das fr he Schottland die Anglonormannen Nordisch Latein und Franz sisch in Britannien die keltische Literatur in Wales Irland Schottland und Cornwall Beeindruckende chronologische Darstellung von der Invasion der Sachsen bis zum 5 Jahrhundert und weiter bis zum bergang zur fr hen Moderne im 16 Jahrhundert Beleuchtet die berbleibsel mittelalterlicher britischer Literatur darunter auch Manuskripte und fr he Drucke literarische St tten und Zusammenh nge in puncto Herstellung Leistung und Rezeption sowie erz hlerische Transformation und intertextuelle Verbindungen in dieser Zeit *Dissonant Neighbours* David Callander, 2019-04-01 Recent books which cover similar areas to this include Elizabeth Tyler ed Conceptualizing Multilingualism in England c 800 c 1250 Brepols 2011 and Lindy Brady Writing the Welsh Borderlands in Anglo Saxon England Manchester University Press 2017 These titles attest to the intense interest in cross linguistic comparison among contemporary scholars and students of medieval literature **This is Not a Grail Romance**

Natalia Petrovskaja, 2023-07-15 *This is Not a Grail Romance* provides answers to some of the most important questions surrounding the medieval Welsh Arthurian tale *Historia Peredur vab Efreu* one of the few surviving medieval Welsh narrative compositions and an important member of the Grail family of medieval European narratives The study demonstrates that *Historia Peredur* is an original Welsh composition rather than as previous theories have suggested being an adaptation of the twelfth century French grail romance The new analysis of the structure of *Historia Peredur* presented here shows it to be as complex as it has always been thought but also more formal and the result of intentional and intricate design The seeming inconsistencies or oddities in *Historia Peredur* can be understood by reading it in its medieval Welsh cultural context allowing the modern reader a greater appreciation of both the narrative and the culture that produced it

Prophecy and Public Affairs in Later Medieval England Lesley Ann Coote, 2000 The nature of political prophecy in the middle ages analysed confirming its importance in the discussion of public affairs In this first general survey of political prophecy in medieval England for almost a hundred years Lesley Coote examines the nature of political prophecy its audience and its reception She compares the discourse of prophecy with other related discourses and demonstrates how it functioned as a political language A study of extant manuscripts produces an account of the importance of political prophecy in later medieval England from its emergence in the twelfth century to the end of the middle ages What emerges from this study is a political language which was neither peripheral to English political consciousness nor merely a game for intellectuals but a major language for the discussion of public affairs In this language were presented ideas of Englishness and the aspirations of a national community which included the imminent revelation of a great crusading hero ruler a second Arthur who would lead his people into the Last Days The book is completed with a handlist of manuscripts containing political prophecies Dr LESLEY A COOTE is a Research Fellow in the Department of English at the University of Hull Valuable research tool Handlist of manuscripts containing political prophecies [Prophecy, Politics and Place in Medieval England](#) Victoria Flood, 2016 A study of the prophetic tradition in medieval England brings out its influence on contemporary politics and the contemporary elite [Transforming Europe in the Images of the World, 1110-1500](#) Natalia

Petrovskaja, 2025-10-01 This is the first book to examine the wide and important geographical tradition that arose from the description of the world in the *Imago mundi* a medieval encyclopedic bestseller almost unrivalled in popularity from its composition in the 1110s well into the age of print The *Imago mundi* was translated into most European vernaculars and extracts from it were adapted into vernacular works ranging from encyclopedias to literary fiction verse and prose This is the first study to examine this tradition as a unified whole It focuses in particular on the permutations undergone by the depiction of the region designated as Europe in the original text and its later adaptations The book demonstrates the incredible flexibility of the original text and how this enabled the transformation of this spatial description to suit the linguistic political and cultural needs of vernacular adaptations **A Dictionary of British and Irish History** Robert
