Medieval Interludes

David N Klausner

Medieval Interludes:

English Dramatic Interludes, 1300-1580 Darryll Grantley, 2004-04-05 Darryll Grantley has created a comprehensive guide to the interlude the extant non cycle drama in English from the late fourteenth century up to the period in which the London commercial theatre began As precursors of seventeenth century drama not only do these interludes shed important light on the technical and literary development of Shakespearean theatre but many are also works of considerable theatrical or cultural interest in themselves This accessible reference guide provides an entry for each of the extant interludes and fragments c 100 typically containing an account of early editions or manuscripts authorship and sources modern editions plot summary and dramatis personae list of social issues present in the plays verbal and dramaturgical features songs and music allusions and place names stage directions and comments on staging and modern productions among other valuable and informative details There are full bibliographies indexes of characters and songs and appendices

Medieval Interludes Neville Denny, 1972

Interludes and Early Modern Society Peter Happé, Wim N. M. Hüsken, 2007 The essays in this collection contributed by an internationally distinguished group of scholars bring up to date many aspects of the criticism of the English Interludes The development of these plays was a significant part of the history of the growth of English drama in the sixteenth century to the extent that they may be regarded as its main stream Arising by means of a felicitous combination of the development of printing and the growth of a professional theatre plays of this type quickly became a forum for the presentation and exploration of many contemporary themes They became a useful means of disseminating a wide variety of opinions and public concerns as well as exhibiting at times the intellectual brilliance of the Renaissance The essays here are concentrated upon power particularly in its religious and political aspects gender and theatricality The political and religious upheavals of the Reformation under the Tudor monarchy form a background as well as a focus at times In particular the position of women in sixteenth century society is examined in essays on several plays There is also discussion of the development of theatrical techniques as playwrights worked closely with small acting companies to reach a wide audience ranging from the royal court to the common streets This was achieved as a number of essays make clear through a variety of entertaining theatrical devices

Cambridge in 1545 Roberta MULLINI *Impatient Poverty The Intertextual Game of Satire* Peter THOMSON *Sound City Jests and Country Pretty Jests* Jack Juggler and Gammer Gurton's *Needle* Alice HUNT *Legitimacy Ceremony and Drama Mary Tudor's Coronation and Respublica* David BEVINGTON *Staging the Reformation Power and Theatricality in the Plays of William Wager* Two Tudor Interludes Ian Lancashire, 1980 **Two Moral Interludes** David N Klausner, 2010-02-01 With the METS editions of *Everyman* 2008 *Mankind* 2010 and *The Castle of Perseverance* 2010 this volume completes the presentation of the five surviving Middle English morality plays In addition to the texts of *The Pride of Life* the earliest of the surviving morality plays and *Wisdom* which is unusual for the size of its cast and the fact that it survives in multiple copies Klausner's edition includes two appendices which provide the texts of primary sources for the two plays as well as appropriate music liturgical music song and dances which may have accompanied performances especially *Wisdom* The Late Medieval Interlude Fiona S. Dunlop, 2007 Sensitive study of the 15-16 century interlude focussing on one of its major concerns the depiction of male aristocracy and the development to maturity The commercial theatre of the late sixteenth century is often credited with introducing its audiences to new modes of thought about the self society and the nation making them conscious that the self is performed as an actor performs a role Yet the earlier interlude drama originally performed in households and other institutions of the late fifteenth and sixteenth centuries indicates that the late medieval period was fully aware of the theatricality of identity This book argues that ideas of performance inform the concepts of aristocratic masculinity developed in the plays *Nature Fulgens* and *Lucretia* *The Worlde and the Chylde* *The Interlude of Youth* and *Calisto and Melebea* It examines how the depiction of young male aristocrats in these texts is shaped by ideas of male youth constituted in the middle ages and shows them as failing or succeeding to perform an adult noble masculinity in the aristocratic body and in aristocratic household The book also suggests ways in which the plays offer discreet praise and censure of the manner in which their noble patrons performed as aristocrats Throughout it brings out the subtle qualities of the interludes which the author shows have been unjustly neglected Dr FIONA S DUNLOP is Research Associate of the Centre for Medieval Studies University of York The Drama, 1920 **Essays on Shakespeare and Elizabethan Drama** Richard Hosley, 2017-03-27 The twenty-eight essays of this collection first published in 1962 are the work of distinguished British Canadian and American scholars The essays range widely over the field of Elizabethan drama concentrating attention on Shakespeare and Marlowe but not neglecting earlier dramatists such as Kyd and Greene or later ones such as Heywood and Massinger Among the general topics treated are the staging of the interludes intrigue in Elizabethan tragedy and Jacobean stage pastoralism This title will be of interest to students of English literature **The Making of Theatre History** Paul Kuritz, 1988 A Short History of the Drama Martha Idell Fletcher Bellinger, 1927 **The Children's Troupes and the Transformation of English Theater 1509-1608** Jeanne McCarthy, 2016-11-25 The Children's Troupes and the Transformation of English Theater 1509-1608 uncovers the role of the children's companies in transforming

perceptions of authorship and publishing performance playing spaces patronage actor training and gender politics in the sixteenth century Jeanne McCarthy challenges entrenched narratives about popular playing in an era of revolutionary changes revealing the importance of the children's company tradition's connection with many early plays as well as to the spread of literacy classicism and literate ideals of drama plot textual fidelity characterization and acting in a still largely oral popular culture By addressing developments from the hyper literate school tradition and integrating discussion of the children's troupes into the critical conversation around popular playing practices McCarthy offers a nuanced account of the play centered literary performance tradition that came to define professional theater in this period Highlighting the significant role of the children's company tradition in sixteenth century performance culture this volume offers a bold new narrative of the emergence of the London theater

Staging Scripture, 2016-04-18 Against a background which included revolutionary changes in religious belief extensive enlargement of dramatic styles and the technological innovation of printing this collection of essays about biblical drama offers innovative approaches to text and performance while reviewing some well established critical issues The Bible in the fifteenth and sixteenth centuries appears in a complex of roles in relation to the drama as an authority and centre of belief a place of controversy an emotional experience and at times a weapon This collection brings into focus the new biblical learning including the re editing of biblical texts as well as classical influences and it gives a unique view of the relationship between the Bible and the drama at a critical time for both Contributors are Stephanie Allen David Bevington Philip Butterworth Sarah Carpenter Philip Crispin Clifford Davidson Elisabeth Dutton Garrett P J Epp Bob Godfrey Peter Happ James McBain Roberta Mullini Katie Normington Margaret Rogerson Charlotte Steenbrugge Greg Walker and Diana Wyatt

The Oxford Handbook of Tudor Literature Mike Pincombe, Cathy Shrank, 2009-09-10 This is the first major collection of essays to look at the literature of the entire Tudor period from the reign of Henry VII to death of Elizabeth I It pays particularly attention to the years before 1580 Those decades saw amongst other things the establishment of print culture and growth of a reading public the various phases of the English Reformation and process of political centralization that enabled and accompanied them the increasing emulation of Continental and classical literatures under the influence of humanism the self conscious emergence of English as a literary language and determined creation of a native literary canon the beginnings of English empire and the consolidation of a sense of nationhood However study of Tudor literature prior to 1580 is not only of worth as a context or foundation for an Elizabethan golden age As this much needed volume will show it is also of artistic intellectual and cultural merit in its own right Written by experts from Europe North America and the United Kingdom the forty five chapters in *The Oxford Handbook to Tudor Literature* recover some of the distinctive voices of sixteenth century writing its energy variety and inventiveness As well as essays on well known writers such as Philip Sidney or Thomas Wyatt the volume contains the first extensive treatment in print of some of the Tudor era's most original voices

Performing Arguments Maura

Giles-Watson,2024-03-04 *Performing Arguments* Debate in Early English Poetry and Drama proposes a fresh performance centered view of rhetoric by recovering tracing and analyzing the trope and tradition of aestheticized argumentation as a mode of performance across several early ludic genres Middle English debate poetry the fifteenth century disguising play the Tudor Humanist debate interlude and four Shakespearean works in which the dynamics of debate invite the plays reconsideration under the new rubric of rhetorical problem plays *Performing Arguments* further establishes a distinction between instrumental argumentation through which an arguer seeks to persuade an opponent or audience and performative argumentation through which the arguer provides an aesthetic display of verbal or intellectual skill with persuasion being of secondary concern or of no concern at all This study also examines rhetorical and performance theories and practices contemporary with the early texts and genres explored and is further influenced by more recent critical perspectives on resonance and reception and theories of audience response and reconstruction *Time Inventions* Kaia

Stonebrook,Al,2025-03-04 *Time Inventions* explores the fascinating history of how humans have measured and perceived time from ancient calendars to modern atomic clocks Discover how innovations in timekeeping devices have not only revolutionized our ability to measure time but have also profoundly shaped societal structures and global interactions For instance did you know that the development of precise clocks was crucial for navigation during the Age of Exploration enabling sailors to determine longitude accurately The book traces the evolution of time measurement across four sections beginning with early methods like sundials and lunar calendars It then progresses through the development of mechanical clocks quartz clocks and finally atomic clocks illustrating how each advancement has impacted society The book emphasizes the interplay between these inventions and cultural economic and scientific contexts offering readers a unique perspective on how the relentless pursuit of temporal accuracy has driven human ingenuity and technological breakthroughs Textual Practice

Alan Sinfield,Lindsay Smith,1998-04-09 The split between national and popular interests is examined through an analysis of Branagh s multicultural *Much Ado a Shakespeare* film for the world and analysis of other popular works including Cocteau Woolf and Neil Jordan s The Silent Heavens Osbert Burdett,1914 *Farce* Jessica Milner Davis,2017-07-05

Farce has always been relegated to the lowest rung of the ladder of dramatic genres Distinctions between farce and more literary comic forms remain clouded even in the light of contemporary efforts to rehabilitate this type of comedy Is farce really nothing more than slapstick the putting out of candles kicking down of tables falling over joynt stools as Thomas Shadwell characterized it in the seventeenth century Or was his contemporary Nahum Tate correct when he declared triumphantly that there are no rules to be prescribed for that sort of wit no patterns to copy and tis altogether the creature of imagination Davis shows farce to be an essential component in both the comedic and tragic traditions Farce sets out to explore the territory of what makes farce distinct as a comic genre Its lowly origins date back to the classic Graeco Roman theatre but when formal drama was reborn by the process of elaboration of ritual within the mediaeval Church the French

term farce became synonymous with a recognizable style of comic performance Taking a wide range of farces from the briefest and most basic of fair ground mountebank performances to fully fledged five act structures from the late nineteenth century the book reveals the patterns of comic plot and counter plot that are common to all The result is a novel classification of farce plots which serves to clarify the differences between farce and more literary comic forms and to show how quickly farce can shade into other styles of humor The key is a careful balance between a revolt against order and propriety and a kind of Realpolitik which ultimately restores the social conventions under attack A complex array of devices in such things as framing plot characterization timing and acting style maintain the delicate balance Contemporary examples from the London stage bring the discussion u

The Colonial Public and the Parsi Stage Rashna Darius Nicholson, 2021-02-27 The Colonial Public and the Parsi Stage is the first comprehensive study of the Parsi theatre colonial South and Southeast Asia's most influential cultural phenomenon and the precursor of the Indian cinema industry By providing extensive unpublished information on its first actors audiences production methods and plays this book traces how the theatre which was one of the first in the Indian subcontinent to adopt European stagecraft transformed into a pan Asian entertainment industry in the second half of the nineteenth century Nicholson sheds light on the motivations that led to the development of the popular commercial theatre movement in Asia through three areas of investigation the vernacular public sphere the emergence of competing visions of nationhood and the narratological function that women served within a continually shifting socio political order The book will be of interest to scholars across several disciplines including cultural history gender studies Victorian studies the sociology of religion colonialism and theatre Winner of the Theatre Library Association George Freedley Memorial Award Special Jury Prize Shortlisted for the TaPRA David Bradby book prize Finalist for the American Society for Theatre Research Barnard Hewitt Award

The Bottom Translation Jan Kott, 1987 The Bottom Translation represents the first critical attempt at applying the ideas and methods of the great Russian critic Mikhail Bakhtin to the works of Shakespeare and other Elizabethans Professor Kott uncovers the cultural and mythopoetic traditions underlying A Midsummer Night's Dream The Tempest Dr Faustus and other plays His method draws him to interpret these works in the light of the carnival and popular tradition as it was set forth by Bakhtin The Bottom Translation breaks new ground in critical thinking and theatrical vision and is an invaluable source of new ideas and perspectives Included in this volume is also an extraordinary essay on Kurosawa's Ran in which the Japanese filmmaker recreates King Lear
