Antiracist Research on K-12 Education and Teacher Preparation Molly Zhou, Terrell Brown, James Thompson, 2024-02-28 Antiracist Research on K 12 Education and Teacher Preparation Policy Making Pedagogy Curriculum and Practices provides current research on anti racist education in teacher education and K 12 education This book intends to engage teachers and educators in general to discuss diversity topics such as racism and how to react in the larger picture of teaching in K 12 and in higher education with a focus on teacher preparation

The Anti-Racism Linguist Patricia Friedrich, 2023-02-20 This book explores language at the intersection of race and ethnicity and the institutional practices that still make for uneven access to education resources and a sense of belonging It takes a clear anti racist stance in the way it examines issues of language and power linguistic prejudice attitudes toward language and linguistic varieties The chapters cover the experiences of the authors in their personal and professional lives combining traditional academic texts with highly identity driven genres that include autoethnography and the reflective essay in addition to providing narrated resources for teachers The result is a dynamic innovative volume that dialogues openly with one of the most serious and pertinent debates of our time how to instigate institutional change that moves us away from racist practices The book is a reflection on how teachers and scholars can incorporate anti racism pedagogy and thought into their practice

Situational Context of Education Maria Estela Brisk, Angela Burgos, Sara Ruth Hamerla, 2004-05-20 This book gives educators important answers to the urgent question of how teachers and schools can facilitate language minority and immigrant students progress in school It offers an innovative and powerful method teachers and students can use to study the situational context of education providing both the theoretical background and the practical tools to implement this approach The situational context of education includes linguistic economic social cultural and political factors as well as conditions such as students personal characteristics family support and quality of instruction All of these factors influence the lives of students and their academic

performance and contribute in many ways some subtle and indirect to making the educational experience more or less difficult for different students The premise of the book is that objective study of the situational context of education by both students and teachers is beneficial because it leads to a more realistic view of how to facilitate students progress in school Designed as a text for graduate courses for preservice and in service teachers working with students in bilingual ESL mainstream and special education classrooms the goal is to engage readers in learning not only from the literature but also from studying the situational contexts of their own students The focus here is on the factors that affect language minority and immigrant students in the United States but the framework is equally powerful for work with student populations in other social contexts The Introduction includes an overview of the theory behind the study of the situational context of education and the implementation of this approach describes the context of the pilot lessons included in the book and explains how to use the lessons detailed in later chapters Chapters 2-6 focus on different factors in the situational context of education linguistic economic social cultural and political A three part structure is used Classroom Implementation a rich description of one lesson in a real classroom Context Variables a theoretical explanation of the specific factor the chapter addresses providing the research basis for the sample lesson objectives Doing Analysis of the Context several sample lessons for implementation The lessons are addressed to the teacher with detailed ideas on how to carry out the lesson and evaluate the students understanding of the situational context Five Appendices provide helpful resources for the implementation of the lessons an Annotated bibliography of relevant K-12 children's literature Instructional Approaches Scoring Rubrics for Content Objectives Guidelines for a Contrastive Study of Situational Context and Lesson Template The lessons have been thoroughly field tested with students and teachers Because these lessons work on multiple levels Situational Context of Education A Window Into the World of Bilingual Learners benefits students from first grade through preservice and in service teachers in university courses Teachers get to know their students and their predicaments within the social context of the United States and at the same time the lesson activities have a great impact on the students in their classes All are helped to achieve academically while gaining awareness of situational factors affecting their lives
