

The book cover features a background image of three white silhouettes of figures standing in shallow water, possibly a beach at sunset. The figure on the left holds a long, thin object, likely a surfboard. The central figure holds a circular inset image aloft with their right hand; this inset shows a bright, fiery explosion or a volcanic eruption against a dark, smoky sky. The figure on the right stands with one hand on their hip. The water reflects the figures and the sky. The title and subtitle are printed in black text over the central part of the image.

managers and decision makers and NGOs *Memories of Empire and Entry into International Society* Filip Ejdus, 2017-06-14

What is the role of memories for the expansion of international society? By drawing on the English School approach to International Relations, this edited volume argues that the memories of empire and suzerainty are key to understanding sociological aspects of the expansion of anarchical society. The expert contributors adopt a socio-historic conceptualization of entry into international society, aiming to move beyond the legalist analysis and also explore the impact of identity constructions and collective memories on the expansion of international society. Empirically, the volume investigates the entry into international society of Belarus, Bulgaria, Greece, Poland, Serbia, Slovakia, and Romania, and studies memories that they activated along the way. While these memories of bygone polities were used by state builders to make sense of international society and legitimise claims of the new entrants, they inadvertently also generated tensions and anxieties which in many ways persist until this day. Both the theoretical angle and the empirical material presented in this volume are novel additions to the growing body of knowledge in historical International Relations. Exploring how memories and experiences of the past still complicate the entrants' positions in international society and to what degree ensuing tensions remain today, this volume will be of interest to students and scholars of European International Relations, particularly those with a focus on Eastern Europe.
