Not Long For This World:

Not Long for This World Gar Anthony Haywood, 2012-04-17 DIVA lawyer hires Gunner to help her prove that her gangland client is not a killer divDIV divDIV Darrel Lovejoy doesn't owe South Central anything. By all accounts he is lucky to escape this desperate corner of Los Angeles to go to college and graduate into a well-paid advertising job. But something compels him to return. He dives into social work attempting to mediate between the gangs which have brought hell to the streets he grew up on and he makes slow but steady progress up until the day a shotgun blast cuts him down divDIV divDIV After an unusually forthcoming witness swears she saw a car of Imperial Blues kill Lovejoy the police arrest Blue soldier Toby Mills. Suspecting a frame-up Toby's lawyer hires private detective Aaron Gunner to vet the woman's story. To find out why South Central's favorite son had to die Gunner will turn gangland upside down div **Long for This World** Sonya Chung, 2010-03-02 Pushcart Prize nominee Sonya Chung has displayed her stunning talent in her award-winning short fiction and essays. Now she renders the compelling story of a troubled family straddling cultures fleeing and searching in her piercing and profoundly humane first novel. In 1953 on a small island in Korea a young boy stows away on the ferry that is carrying his older brother and his wife to the mainland. Fifty-two years later Han Hyun-kyu is on a plane flying back to Korea leaving behind his own wife in America. It is his daughter Jane a war photographer recently injured in a bombing in Baghdad and forced to return to New York who journeys to find him in the small town in South Korea where his brothers have settled. Here father and daughter take refuge from their demons flirt with passion and in the wake of tragedy discover something deeper and more enduring than they could have imagined. Just as Monica Ali's *Brick Lane* introduced readers to a world that is both exotic and immediate *Long for This World* illuminates the complexities and the richness of family bonds and establishes Chung as an exciting new voice in fiction **Long for This World** Michael Byers, 2004-05-21 This wise and richly symphonic first novel by the award-winning author of *The Coast of Good Intentions* is a thoroughly contemporary family drama that hinges on a riveting medical dilemma **The Impossible Possibility** Caitlin Smith Gilson, 2024-11-14 This work is a meditation on the integral mystery of forgiveness as both impossible to achieve and yet necessary for salvation. We must forgive yet we cannot. Through themes of loss sin love and virtue in literature art poetry and theology Caitlin Smith Gilson shows us how the need for forgiveness is a universal longing that directs us to the very hope for eternal life. At the core of forgiveness resides the heart of Christ who alone can complete what is lacking in us yet so desired. In Christ forgiveness becomes the impossible possibility *Checkout 19* Claire-Louise Bennett, 2023-02-28 A NEW YORK TIMES 10 BEST BOOKS OF THE YEAR AND A NEW YORKER ESSENTIAL READ NAMED A BEST BOOK OF THE YEAR BY THE NEW YORKER AND VOGUE Bennett writes like no one else. She is a rare talent and *Checkout 19* is a masterful novel. Karl Ove Knausgaard. From the author of the dazzling and daring *Pond O* magazine the adventures of a young woman discovering her own genius through the people she meets and dreams up along the way. In a working class town in a county west of London a

schoolgirl scribbles stories in the back pages of her exercise book intoxicated by the first sparks of her imagination As she grows everything and everyone she encounters become fuel for a burning talent The large Russian man in the ancient maroon car who careens around the grocery store where she works as a checkout clerk and slips her a copy of Beyond Good and Evil The growing heaps of other books in which she loses and finds herself Even the derailing of a friendship in a devastating violation The thrill of learning to conjure characters and scenarios in her head is matched by the exhilaration of forging her own way in the world the two kinds of ingenuity kindling to a brilliant conflagration Exceeding the extraordinary promise of Bennett s mold shattering debut Checkout 19 is a radical affirmation of the power of the imagination and the magic escape those who master it open to us all

A World at Sea Lauren Benton, Nathan Perl-Rosenthal, 2020-10-09 The past twenty five years have brought a dramatic expansion of scholarship in maritime history including new research on piracy long distance trade and seafaring cultures Yet maritime history still inhabits an isolated corner of world history according to editors Lauren Benton and Nathan Perl Rosenthal Benton and Perl Rosenthal urge historians to place the relationship between maritime and terrestrial processes at the center of the field and to analyze the links between global maritime practices and major transformations in world history *A World at Sea* consists of nine original essays that sharpen and expand our understanding of practices and processes across the land sea divide and the way they influenced global change The first section highlights the regulatory order of the seas as shaped by strategies of land based politics and their agents and by conflicts at sea The second section studies documentary practices that aggregated and conveyed information about sea voyages and encounters and it traces the wide ranging impact of the explosion of new information about the maritime world Probing the political symbolism of the land sea divide as a threshold of power the last section features essays that examine the relationship between littoral geographies and sociolegal practices spanning land and sea Maritime history the contributors show matters because the oceans were key sites of experimentation innovation and disruption that reflected and sparked wide ranging global change Contributors Lauren Benton Adam Clulow Xing Hang David Igler Jeppe Mulich Lisa Norling Nathan Perl Rosenthal Carla Rahn Phillips Catherine Phipps Matthew Raffety Margaret Schotte

The Family in the Western World from the Black Death to the Industrial Age Beatrice Gottlieb, 1994-06-02 Although the history of the family was long ignored by serious scholars research has flourished in recent decades and this new field of study has told us much more than we knew even thirty years ago In the process many myths about what life was like two or three centuries ago have been debunked For example contrary to popular belief we now know that most women in the preindustrial West did not marry before they were twenty five Most households consisted of no more than four or five people usually including unrelated young people working as servants And perhaps most surprising of all multi generational households were not very common This timely synthesis of a vast and complex literature makes accessible to general readers the story of the family in the preindustrial Western world Pulling together much fascinating information Beatrice Gottlieb presents every aspect of a rich subject with clarity and fairness Her generously illustrated book deals with the households of the wealthy and the poor courtship and marriage the care and training of children and the bonds and strains of kinship The matter of inheritance receives special attention as it played a substantial role in a world permeated by rank and status and its importance gave the family a peculiar social and economic significance The book also deals with ideas about the family and the values it embodied As Gottlieb says What you and I usually mean when we say family is something that comes to us from the nineteenth century not from time immemorial She makes the point that the so called traditional world before the Industrial Revolution was

awash in traditions that collided with each other Marriage for example appeared to many as natural and inevitable to others as burdensome and repellant And while both medical and religious authorities always strongly advised mothers to nurse their children upper class women almost never did instead using lower class wet nurses The famous people and events of history make brief walk on appearances in this book Henry VIII s divorce Louis XIV s mistresses Benjamin Franklin s apprenticeship to his brother Mary Wollstonecraft s death in childbirth But the author s emphasis is on the more ordinary people whose everyday lives strike a responsive chord in all of us This remarkable eminently readable work brings to vivid life the wives and husbands servants and masters children and parents of a not too distant past **The Bertrams** Anthony Trollope, 1880
