Bryan,Wolfgang Mieder,2005 A Dictionary of Anglo American Proverbs Proverbial Phrases Found in Literary

Sources of the Nineteenth and Twentieth Centuries is a unique collection of proverbial language found in literary contexts. It includes proverbial materials from a multitude of plays, autobiographies of well-known actors like Britain's Laurence Olivier, songs by William S. Gilbert or Lorenz Hart, and American crime stories by Leslie Charteris. Other authors represented in the dictionary are Horatio Alger, Margery Allingham, Samuel Beckett, Lewis Carroll, Raymond Chandler, Benjamin Disraeli, Edward Eggleston, Hamlin Garland, Graham Greene, Thomas C. Haliburton, Bret Harte, Aldous Huxley, Sinclair Lewis, Jack London, George Orwell, Eden Phillpotts, John B. Priestley, Carl Sandburg, Harriet Beecher Stowe, Jesse Stuart, Oscar Wilde, and more. Many lesser-known dramatists, songwriters, and novelists are included as well, making the contextualized texts to a considerable degree representative of the proverbial language of the past two centuries. While the collection contains a proverbial treasure trove for paremiographers and paremiologists alike, it also presents general readers interested in folkloric, linguistic, cultural, and historical phenomena with an accessible and enjoyable selection of proverbs and proverbial phrases.

Children's Magazine Guide, 1990 **The Publishers' Trade List Annual**, 1994 **Lilibet** Carolly

Erickson, 2007-04-01 In *Lilibet*, master biographer Carolly Erickson turns her skill at writing an unput-downable narrative to telling the remarkable story of Elizabeth II, Queen of England. With her customary psychological insight, historian Erickson traces the queen's gilded but often thorny path from her overprotected girlhood to her ascension to the throne at twenty-five to her personal and national difficulties as queen. *Lilibet* shows us an Elizabeth we thought we knew but shows her in a different light as a small, shy woman with a sly and at times raucous sense of humor, a woman who appears stiff in public but in private enjoys watching wrestling on TV. A woman most at home among her horses and dogs. And a woman long annealed to heartbreak and sorrow who has presided over the decline of Great Britain and the decline in prestige of her own Windsor dynasty. Far from being a light, gossipy treatment of a celebrity, *Lilibet* tells the queen's story from her point of view, letting the reader relive Elizabeth's long and eventful life with all its splendid ceremonies, momentous responsibilities, and family clashes. Through it all, we glimpse as never before the strong and appealing sovereign who has ruled over her people for half a century and more, a ruler of immense wealth, international esteem, and high character whose daily life is grounded in the bedrock of common sense.

Metropolitan Natures Stephane Castonguay, Michele Dagenais, 2011-07-30 One of the oldest metropolitan areas in North America, Montreal has evolved from a remote fur trading post in New France into an international center for services and technology. A city and an island located at the confluence of the Ottawa and St. Lawrence Rivers, it is uniquely situated to serve as an international port while also providing rail access to the Canadian interior. The historic capital of the Province of Canada, once Canada's foremost metropolis, Montreal has a multifaceted cultural heritage drawn from European and North American influences. Thanks to its rich past, the city offers an ideal setting for the study of an evolving urban environment. *Metropolitan Natures* presents original histories of the diverse environments that constitute Montreal and its region. It explores the agricultural and industrial transformation of the metropolitan area, the interaction of

city and hinterland and the interplay of humans and nature The fourteen chapters cover a wide range of issues from landscape representations during the colonial era to urban encroachments on the Kahnawake Mohawk reservation on the south shore of the island from the 1918 1920 Spanish flu epidemic and its ensuing human environmental modifications to the urban sprawl characteristic of North America during the postwar period Situations that politicize the environment are discussed as well including the economic and class dynamics of flood relief highways built to facilitate recreational access for the middle class power generating facilities that invade pristine rural areas and the elitist environmental hegemony of fox hunting Additional chapters examine human attempts to control the urban environment through street planning waterway construction water supply and sewerage
