Pensar Este Tiempo:

Pensar este tiempo Leonor Arfuch, 2005 Pensar este tiempo , 2016 Cvltvra , 1922 El menú cívico Germán Brusco, 2024-08-26 La educación moral del ciudadano fue uno de los principales objetivos político pedagógicos de la escuela argentina La educación para la vida en el Estado nació supuso la inculcación de un conjunto de disposiciones normas valores lealtades saberes y sentimientos que la escuela se encargó de desarrollar como parte de la conformación de la ciudadanía Para lograr ese objetivo la escuela se valió de materias como historia geografía o formación cívica además de los rituales escolares de celebración de la argentinidad La Ley Federal de Educación propuso una profunda reforma curricular que alcanzó también los contenidos para formar al ciudadano Precisamente este libro propone un estudio de las continuidades y rupturas que el sistema educativo produjo sobre los discursos y las prácticas escolares destinadas a conformar la conciencia moral del ciudadano Estas transformaciones se analizan a contraluz de los procesos sociales y políticos de las últimas décadas del siglo XX cuando la arremetida del neoliberalismo y la globalización modificaron las formas de hablar de la ciudadanía y los modos de ubicarse en la sociedad

Mexico and the Post-2015 Development Agenda Rebecka Villanueva Ulfsgard, 2017-03-03 This book explores how and why Mexico's approach to the 2030 Agenda for Sustainable Development and Sustainable Development Goals (SDG) implementation with the López Obrador administration is unsustainable and non transformative overshadowed by his vision of Mexico's Fourth Transformation Approached as a super mantra revolving around Republican Austerity and First the poor it provides original analysis of structural and conjunctural challenges facing Mexico as regards People Planet and Peace centered development The book reveals the promise First the poor is inconsistent with data on Mexico's poverty reduction (SDG1) Despite record high spending on social programs and unmatched coverage the recent tendency of improvement in tackling poverty is rather ambiguous from the perspective of multidimensional poverty The book covers access to clean energy (SDG7) resilient infrastructure and sustainable industrialization (SDG9) and safeguarding biodiversity (SDG15) by examining three megaproject case studies the oil refinery Dos Bocas the Interoceanic Corridor of the Isthmus of Tehuantepec and the Maya Train generating concern with the economic environmental and social dimensions of sustainable development The prospects for an enabling environment for SDG implementation are hampered by persistently high levels of homicides and impunity (SDG16) Turning Mexico's Armed Forces into first development partner of choice is problematized as regards their reach in infrastructure megaprojects and social welfare programs in the overall context of the de-risking state favoring private capital The result as determined by Villanueva Ulfsgard has led Mexico further astray from sustainable and transformative development

Memory and Autobiography Leonor Arfuch, 2020-08-06 This book by one of Latin America's leading cultural theorists examines the place of the subject and the role of biographical and autobiographical genres in contemporary culture Arfuch argues that the ongoing proliferation of private and intimate stories what she calls the biographical space can be seen as symptomatic of the impersonalizing dynamics of contemporary times Autobiographical genres however harbour an intersubjective dimension The I who speaks wants to be heard by another and the other who listens discovers in autobiography possible points of identification Autobiographical genres including those that border on fiction therefore become spaces in which the singularity of experience opens onto the collective and its historicity in ways that allow us to reflect on the ethical political and aesthetic dimensions not only of self representation but also of life itself Opening up debate through juxtaposition and dialogue Arfuch's own poetic writing moves freely from the Holocaust to Argentina's last dictatorship and its traumatic memories and then to the troubled borderlands between Mexico and the United States to show how artists rescue shards of memory that would otherwise be relegated to the dustbin of history In so doing she makes us see not only how challenging it is to represent past traumas and violence but also how vitally necessary it is to do so as a political strategy for combating the tides of forgetting and for finding ways of being in common **Histories of Perplexity**

A. Ricardo López-Pedreros, Lina Britto, 2024-03-19 By combining chronological coverage analytical breadth and interdisciplinary approaches these two volumes *Histories of Solitude* and *Histories of Perplexity* study the histories of Colombia over the past two centuries as illustrations of the histories of democracy across the Americas The volumes bring together over 40 scholars based in Colombia the United States England and Canada working in various disciplines to discuss how a country that has been consistently presented as a rarity in Latin America provides critical examples to re-examine

major historical problems republicanism and liberalism export economies and agrarian modernization populism and cultural politics of state formation revolutionary and counterinsurgent Cold War violence neoliberal reforms and urban development popular mobilization and counterhegemonic public spheres political ecologies and environmental struggles and labors of memory and the challenge of reconciliation Contributors are sensitive to questions of subjectivity and discourse observant of ethnographic details and micro politics and attuned to macro perspectives such as transnational and global histories These volumes offer fresh perspectives on Colombia and will be of great value to those interested in Latin American and Caribbean history

The Routledge Handbook of Violence in Latin American Literature Pablo Baisotti, 2022-02-28 This Handbook brings together essays from an impressive group of well established and emerging scholars from all around the world to show the many different types of violence that have plagued Latin America since the pre Colombian era and how each has been seen and characterized in literature and other cultural mediums ever since This ambitious collection analyzes texts from some of the region s most tumultuous time periods beginning with early violence that was predominately tribal and ideological in nature to colonial and decolonial violence between colonizers and the native population through to the political violence we have seen in the postmodern period marked by dictatorship guerrilla warfare neoliberalism as well as representations of violence caused by drug trafficking and migration The volume provides readers with literary examples from across the centuries showing not only how widespread the violence has been but crucially how it has shaped the region and evolved over time

Breaking the Boundaries of the Colombian Socio-Racial Order Mara Viveros-Vigoya, 2023-12-19 In *Breaking the Boundaries of the Colombian Socio Racial Order Black Middle Classes through an Intersectional Lens* anthropologist and intersectional feminist Mara Viveros Vigoya examines what it means to be Black and middle class in Colombia and how that meaning has been configured over almost a century of the country's history By applying an intersectional perspective this book introduces two important theoretical shifts First it challenges the perception of Afrodescendant communities as uniformly impoverished and second it emphasizes the interconnectedness of class with geographical and historical contexts and with axes of social inequality such as gender race and age Viveros Vigoya argues that since the inauguration of neoliberal multiculturalism in the 1990s while Blackness and upward social mobility have become more compatible it remains to be seen whether we are advancing towards a global agenda of social justice or if we are simply opening some spaces for social and political mobility that serve largely to reproduce the status quo in the name of racial equality

Annual Review of Criminal Procedure, 1912 *Memoria y autobiografía* Leonor Arfuch, 2022-05-30 La creciente inmersión en la propia subjetividad es un signo de la poca Sin embargo cuando esa expresión subjetiva se articula de modo elptico o declarado al horizonte problemático de lo colectivo adquiere connotaciones diferentes y despierta ecos que vale la pena interrogar Memoria y autobiografía se propone justamente esa tarea tratar de responder en la doble acepción de respuesta y responsabilidad a preguntas que surgen en torno de distintas narrativas del pasado reciente Narrativas que en la diversidad de sus registros escrituras filmes debates obras de arte visuales muestran con una insistencia sintomática la huella perentoria de un pasado abierto como una herida Como se enlazan en ellas lo biográfico y lo memorial Qué formas adopta allí lo autobiográfico De qué manera el relato configura la experienciaCuál es el límite entre testimonio y ficción Estos interrogantes guían una exploración donde dialogan formas no convencionales del testimonio la autobiografía y los relatos de vida con autoficciones literarias y ciertas prácticas de las artes visuales
