[An O.S.S. Secret Agent Behind Enemy Lines](#) Brook G Bangsbøll,2025-03-31 The remarkable life of Leif Bangsbøll a Danish sailor aviator Green Beret and O S S secret agent during WWII More than a Viking call to arms An O S S Secret Agent Behind Enemy Lines chronicles the incredible life of Leif Bangsbøll up to and including the Second World War Compiled by Bangsbøll s son this book explores the life of variously a Danish sailor

Norwegian aviator American airborne serviceman Green Beret soldier and secret agent with the Office of Strategic Services Brook G Bangsboll heard his father's stories told and retold around the dinner table as far back as he could remember. He recalled his father talking of his christening at five weeks old aboard His Danish Majesty's Ship Grøn sund in the middle of the North Sea during the First World War about his attendance as a young man at German Chancellor Adolf Hitler's 50th birthday celebration in Berlin and about his unplanned role in a rescue mission off the embattled shores of Dunkirk. Invigorated by the heroic efforts of the Allies at Dunkirk, Leif then joined the Norwegian Air Force and was trained as a pilot in Canada as part of the British Commonwealth Air Training Plan. Prior to being assigned to an operational squadron, Flight Sergeant Bangsboll was recruited into the United States Army by Colonel William Wild Bill Donovan to become a field agent for the Office of Strategic Services or O S S. After completing his O S S training at the top secret facility known as Camp X located on the shores of Lake Ontario, Second Lieutenant Bangsboll was sent to the United Kingdom to work with the O S S counterparts at Special Operations Executive. In October 1944, Lieutenant Bangsboll was parachuted into the dark skies over occupied Denmark to lead the Danish Resistance forces in the central region of Jutland, operating out of the city of Aarhus. Operating under the field name of Mr Jorgen Bech, ostensibly a Danish Maritime Engineer and businessman, Bangsboll trained Danish resistance fighters, planned and led sabotage missions against the German occupation forces, and hunted down and eliminated known collaborators. For ten months, he played a dangerous and daring game of cat and mouse with the Gestapo. In the spring of 1945, Lieutenant Bangsboll was reassigned by the O S S to Copenhagen, where during the final days of the war, he led an assault to capture the fortified German garrison at Ryvangen. His efforts in this assault would earn him the United States Distinguished Service Cross as well as the Danish Royal Knights Order of King Christian X, sighted for courage and selfless bravery in the face of the enemy.

*City Behind a Fence: Oak Ridge, Tennessee, 1942-1946*, 1986

During World War II, the United States government, working through the Army Corps of Engineers, undertook an unprecedented experiment: the development of the world's first nuclear weapon. Although the fiery conclusion of the Manhattan Project is well known, the prelude to the story, the saga of the people sequestered in the project's three crucial support communities, has remained obscure. Built from the ground up, these secret cities are phenomena of special import for American social history. In *City Behind a Fence*, Charles W. Johnson and Charles O. Jackson chronicle the nature of daily life in Oak Ridge, a facility built in the remote back country of East Tennessee to aid in the construction of the first atomic bomb. Surrounded by a fence, patrolled by armed guards, the inhabitants of Oak Ridge, most of whom were unaware of the nature of the activity at the facility, spent much of the war period physically cut off from the outside world. The authors analyze the people who lived and worked in this unique setting. They use previously classified material and extensive oral interviews to portray the stresses and patterns of life in the city, focusing on problems of housing, racial segregation, education, recreation, interaction with surrounding communities, the extreme security measures, and the eventual normalization of the community.
